Westwood Group Selects NetSol Technologies' LeasePak-SaaS to Streamline Back Office Leasing Processes for Its Motorcycle and Power Sports Division

CALABASAS, Calif., July 10, 2013 (GLOBE NEWSWIRE) --[NetSol Technologies, Inc.](#) (Nasdaq:NTWK), a worldwide provider of global IT and enterprise application solutions, today announced that California-based [Westwood Group LLC](#) selected NetSol Technologies' [LeasePak-SaaS](#) to automate the consumer leasing programs offered through the company's MotoLease® subsidiary.

"LeasePak-SaaS's flexible and highly customizable design will enable us to effectively manage our rapidly growing lease portfolio as we continue to expand our dealer network and financial product offerings," said Emre Ucer, managing partner of Westwood Group. "After careful review, we choose NetSol not only because of its flexible and scalable solution, but also because of its reputation as an industry leader, with an unmatched global knowledge base, customer references and support team."

LeasePak-SaaS is a subscription-based lease and loan accounting and portfolio management system designed to streamline asset-based finance operations from contract origination through end-of-term. MotoLease will be using the LeasePak-SaaS platform to manage its back-end contract management processes.

"By understanding the unique challenges of our valued customers, we have built the industry's most robust and flexible leasing solution," said Najeeb Ghauri, CEO of NetSol. "Through our SaaS deployment option customers such as MotoLease can scale their systems as they grow, and enable originators, accounting staff, and managers to use any devices, anywhere, at any time to securely access their information and track asset finance performance."
