Janus International Group Successfully Completes Term Loan Repricing

TEMPLE, Ga.--(BUSINESS WIRE)-- Janus International Group, Inc. (NYSE: JBI) ("Janus" or the "Company"), a leading provider of cutting-edge access control technologies and building product solutions for the self-storage and other commercial and industrial sectors, today announced a repricing of its first lien term loan.

The repricing, which was privately placed with institutional lenders in the syndicated loan market, reduces the applicable interest rate on the \$600 million first lien term loan by 50 bps from SOFR + 300 bps + CSA to SOFR + 250 bps. There are no changes to the maturity of the first lien term loan following this repricing and all other terms are substantially unchanged. Additionally, the Company announced that during the second quarter it elected to prepay \$21.9 million of its First Lien Term Loan due 2030.

"We are pleased with the strong market demand and lender support for our first lien term loan repricing," said Anselm Wong, Executive Vice President and Chief Financial Officer. "This strategic repricing, which will lower our annual interest expense, is another proactive step to ensure we are well positioned to have the financial flexibility to continue to execute on our long-term outlook and drive total shareholder return."
