

Company Overview

Wayside Technology Group is an IT channel company providing both distribution and cloud technology solutions through its Climb and TechXtend operating segments. Climb is a specialty technology distributor focused on emerging data center and cloud-based products, delivering software and hardware to corporate resellers, value added resellers (VARs), consultants and systems integrators globally. TechXtend is a value-added reseller of software, hardware and services for U.S. and Canadian corporations, government organizations and academic institutions. Collectively, Wayside's extensive offerings include products from leading publishers of software and sophisticated tools for managing virtualization and cloud computing, security, connectivity, storage and infrastructure, among other applications.
