Charlaine Harris on how the Sookie Stackhouse series began: "I was left looking at turning fifty trying to decide what to do. It came to me that it would be fun to write a book about Louisiana, about a very down home young woman who was dating a vampire and everything kind of built from that kernel."

Charlaine Harris on writing about vampires: "There are all different kinds of ways to interpret the vampire rules. I've tried to bring something different to the genre."

Charlaine Harris on working with *True Blood* creator Alan Ball: "I knew that he

got me. Not everyone gets the mixture of humor and horror and blood and death...with a wink, and I knew Alan did."
