The Overton Window is a ripped-from-the-headlines thriller that weaves together American history and frightening facts about our present condition. The title refers to a model of public policy conceived by the late Joseph Overton, who was president of a think tank. The "Overton Window" is a powerful technique that can shape our lives, our laws, and our future that works by manipulating public perception so that ideas previously thought of as radical begin to seem acceptable over time.

Glenn Beck is the author of five back-to-back #1 *New York Times* bestsellers, including *Arguing with Idiots*, *Common Sense*, and *The Christmas Sweater* and is one of a few authors in history to have #1 bestsellers in both fiction and non-fiction. Vince Flynn's latest book is

The Pursuit of Honor. Nelson DeMille's latest book is *The Lion*.
