On SiriusXM channels with the MySXM feature, listeners can easily adjust each channel's unique controls for a more custom fit listening experience, including the ability to hear thousands of songs performed exclusively for SiriusXM. Channel-specific sliders allow users to create over 100 variations of each of more than 50 SiriusXM channels by adjusting characteristics like library depth, familiarity, music style, tempo, region, and multiple other channel-specific attributes. SiriusXM will add more channels to its MySXM channel line-up over time.

"MySXM is a personalization feature built to enhance our already well-loved curated commercial-free music and comedy channels and make an already amazing listening experience even more personal," said Scott Greenstein, President and Chief Content Officer, SiriusXM. "Our experts set the stage giving you the tools to make the channel your own. You decide how involved you want to get and where you want to take your channel."

With MySXM, SiriusXM listeners can personalize their experience to hear more of the music and comedy they love and less of what they don't, whether it's more grunge rock on [Lithium](#), less euro on [1st Wave](#), more established comedians on [Raw Dog Comedy](#), or less teen pop on [SiriusXM Hits 1](#).

MySXM combines SiriusXM's programming and curation expertise with powerful algorithms to create a personalized listening experience for SiriusXM Internet Radio listeners. SiriusXM will employ continuous innovation and improvement, offering new features and capabilities to

listeners with even more options to enjoy its expertly curated content.

MySXM is available at no extra charge to SiriusXM Internet Radio subscribers for unlimited hours of listening on the SiriusXM Internet Radio App for iPhone, iPod touch, and Android-powered smartphones and other connected devices and at siriusxm.com.

MySXM joins a lineup of SiriusXM Internet Radio features that also includes [SiriusXM On Demand](#), giving subscribers the ability to choose episodes from a catalog of more than 300 shows and over 3,000 hours of content to listen whenever they want. Subscribers listening via the [Apple iPad](#), [iPhone](#), [iPod touch](#), or [Android](#) smartphones and other connected devices can also store select On Demand content for a period of time on their devices for offline listening.

Additional [SiriusXM Internet Radio](#) features include Start Now giving listeners the ability to go back up to 5 hours to listen to previously broadcast SiriusXM content on their own schedules. Listeners can also use the Tune Start™ feature to automatically start the currently playing song from the beginning so they hear the whole song when tuning to any music channel. In addition, listeners can also pause live SiriusXM programming and pick up where they left off, replay a song or segment, or skip forward to hear what's playing next.

Listeners can register for a [7-day trial](#) to listen to SiriusXM Internet Radio. For more information on SiriusXM Internet Radio, please visit www.siriusxm.com/internetradio.
