SiriusXM's Stitcher Signs Brittany Luse And Eric Eddings For The Relaunch Of Their Beloved Show For Colored Nerds

NEW YORK, Aug. 2, 2021 /PRNewswire/ -- **Stitcher**, the Triton-ranked #1 podcast company and SiriusXM (NASDAQ: SIRI) subsidiary, today announced the signing of **Eric Eddings** and **Brittany Luse** for the relaunch of their beloved Black culture show **For Colored Nerds**, which is expected to premiere later this year.

Stitcher will produce the series with Luse and Eddings; SXM Media will be the exclusive advertising and sales representative for the podcast.

Each week on *For Colored Nerds*, Luse and Eddings will use smart conversation, celebrity guests, and archival media to take a deep-dive into an aspect of Black culture that's ripe for dissection. The show could be contextualizing the journalistic legacy of Wendy Williams one week, and doing critical and sociological analysis of MTV's *The Challenge* with one of its cast members the next.

"*For Colored Nerds* started in my living room in 2014 with a Google Doc and a borrowed mic," said Eddings. "It was meant to help Brittany and I become closer friends and articulate our view of the culture and history we love. We couldn't have imagined that project would spawn *The Nod* and *The Nod with Brittany and Eric* on Quibi. As we make our return to podcasting, words can't express how happy I am that we are bringing back *For Colored Nerds* and that we get to make it on our terms with incredible support from Stitcher."

"I'm so thrilled to partner with Stitcher as Eric and I return to the project that first sparked our love of audio," said Luse. "Launching *For Colored Nerds* seven years ago quite literally changed our lives. Making the show deepened our friendship, but it also connected us to a beloved constellation of listeners around the world, as well as a podcasting community that

has given us so much over the years. I couldn't be more excited to come back to audio with the encouragement of our team at Stitcher, who respect our vision and independence so fiercely."

"Brittany and Eric are such a joy to listen to and to work with, and I could not be happier to be supporting them again," said **Peter Clowney, Vice President of Content at Stitcher**. "We're committed to making SiriusXM the best place in podcasting for creators, and deals like this are how we get there."

For Colored Nerds joins other iconic, acclaimed and original podcasts whose home is SiriusXM, Stitcher and Pandora, including such popular shows and series as *Office Ladies*, *Comedy Gold Minds with Kevin Hart*, *Conan O'Brien Needs a Friend*, *WTF with Marc Maron*, *LeVar Burton Reads* and podcasts from Marvel Entertainment, and prestigious documentary and narrative projects such as *Toxic: The Britney Spears Story*, *Heaven's Gate*, *Unfinished*, *The Dream*, *Sporkful* and *Hidden Brain*.

Stitcher has ranked #1 in Triton Digital's industry-tracking U.S. Network Report for May and June 2021. The report ranks the top podcast networks in the U.S., as measured by Podcast Metrics based on average weekly downloads and average weekly users.

For Colored Nerds will be available on Stitcher, SiriusXM's mobile app, Pandora, and all major podcast listening platforms.
