About Chromocell Therapeutics

Chromocell Therapeutics Corporation is a clinical-stage biotechnology company focused on developing and commercializing novel, non-opioid, non-addictive therapeutics to alleviate pain and other associated medical conditions. The Company's initial clinical focus is to selectively target the sodium ion-channel known as NaV1.7 for the treatment of various types of chronic neuropathic pain and acute and chronic eye pain. The Company's portfolio also includes pre-clinical work on other sodium channel receptor subtypes, and the Company intends to explore these and other compounds for the treatment of additional pain indications.
