To Offset Rising Operating Costs, Forward Air Announces General Rate Increase on All Shipments

GREENEVILLE, Tenn.--(BUSINESS WIRE)-- Forward Air Corporation (NASDAQ: FWRD) (the "Company or "Forward") is executing a growth strategy that involves organic infrastructure investments such as its ongoing less-than-truckload (LTL) network expansion, as well as inorganic investments, including acquisitions of complementary businesses. Today, Forward announces a six percent general rate increase on any shipments tendered on or after Feb. 1, 2021. Additional changes to the Company's accessorial and surcharge schedule will also take effect on Feb. 1, 2021.

The rate changes enable Forward to continue investing in service enhancement as operating costs continue to rise in the freight transportation industry. As an expedited carrier, Forward operates on-demand without the long lead times that traditional carriers require.

Forward remains committed to providing best-in-class, premium expedited service to its customers.
