Silvercrest's total AUM increased by \$2.0 billion, or 6.9%, to \$31.0 billion at June 30, 2021 from \$29.0 billion at March 31, 2021. The increase was attributable to client inflows of \$1.4 billion and market appreciation of \$2.2 billion, partially offset by client outflow of \$1.6 billion.

Assets under management as of June 30, 2020 were impacted by the effects of COVID-19 on financial markets during the quarter ended March 31, 2020.

Second Quarter 2021 vs. Second Quarter 2020

Revenue increased by \$9.1 million, or 37.8%, to \$33.1 million for the three months ended June 30, 2021, from \$24.0 million for the three months ended June 30, 2020. This increase was driven by market appreciation in discretionary assets under management, partially offset by net client outflows. Revenue for the quarter ended June 30, 2020 was primarily based on market values as of March 31, 2020, and as such was affected by declines in the financial markets caused by COVID-19 during the quarter ended March 31, 2020.

Total expenses increased by \$3.1 million, or 13.7%, to \$25.8 million for the three months ended June 30, 2021 from \$22.7 million for the three months ended June 30, 2020. Compensation and benefits expense increased by \$5.1 million, or 38.2%, to \$18.5 million for the three months ended June 30, 2021 from \$13.4 million for the three months ended June 30, 2020. The increase was primarily attributable to an increase in the accrual for bonuses of \$4.6 million, an increase in salaries and benefits of \$0.4 million primarily as a result of merit-based increases and newly hired staff and an increase in equity-based compensation expense of \$0.1 million due to an increase in the number of vested and unvested restricted stock units and unvested non-qualified stock options outstanding.

General and administrative expenses decreased by \$2.0 million, or 21.7%, to \$7.3 million for the three months ended June 30, 2021 from \$9.3 million for the three months ended June 30, 2020. This was primarily attributable to a decrease in the adjustment to the fair value of contingent consideration related to the Cortina Acquisition of \$2.2 million, a decrease in portfolio and systems expense of \$0.1 million, partially offset by an increase in sub-advisory and referral fees of \$0.1 million, an increase in occupancy and related costs of \$0.1 primarily due to the increased cost of cleaning related to the coronavirus pandemic and an increase in travel and entertainment expenses of \$0.1 million.

Consolidated net income was \$5.7 million or 17.1% of revenue for the three months ended June 30, 2021 as compared to consolidated net income of \$0.8 million or 3.3% of revenue for the same period in the prior year. Net income attributable to Silvercrest was \$3.3 million, or \$0.35 per basic and diluted share for the three months ended June 30, 2021. Revenue increased by \$12.0 million, or 22.8%, to \$64.3 million for the six months ended June 30, 2021, from \$52.4 million for the six months ended June 30, 2020. This increase was driven by market appreciation in assets under management, partially offset by net client outflows. Revenue for the first two quarters of 2020 was primarily based on market values as of the end of the respective prior quarter, and as such was partially affected by declines in the financial markets caused by the coronavirus (COVID-19) pandemic during the quarter ended March 31, 2020.

Total expenses increased by \$12.9 million, or 33.6%, to \$51.3 million for the six months

ended June 30, 2021 from \$38.4 million for the six months ended June 30, 2020. Compensation and benefits expense increased by \$7.1 million, or 24.2%, to \$36.1 million for the six months ended June 30, 2021 from \$29.1 million for the six months ended June 30, 2020. The increase was primarily attributable to an increase in the accrual for bonuses of \$5.9 million, an increase in salaries and benefits of \$0.7 million primarily as a result of merit-based increases and newly hired staff and an increase in equity-based compensation expense of \$0.5 million due to an increase in the number of vested and unvested restricted stock units and unvested non-qualified stock options outstanding.

General and administrative expenses increased by \$5.8 million, or 62.6%, to \$15.2 million for the six months ended June 30, 2021 from \$9.3 million for the six months ended June 30, 2020. This was primarily attributable to an increase in the adjustment to the fair value of contingent consideration related to the Cortina Acquisition of \$6.1 million, an increase in occupancy and related costs of \$0.2 million due to increased cleaning costs relate to the coronavirus pandemic, an increase in professional fees of \$0.1 million and an increase in insurance expense of \$0.1 million partially offset by a decrease in travel and entertainment expenses of \$0.2 million as a result of the coronavirus pandemic, a decrease in portfolio and systems expense of \$0.3 million, a decrease in depreciation and amortization of \$0.1 million and a decrease in office expense of \$0.1 million.

Consolidated net income was \$10.0 million or 15.5% of revenue for the six months ended June 30, 2021 as compared to \$10.5 million or 20.0% of revenue for the same period in the prior year. Net income attributable to Silvercrest was \$5.9 million, or \$0.61 per basic and diluted share for the six months ended June 30, 2021. Our Adjusted Net Income¹ was \$12.9 million, or \$0.89 per adjusted basic share and \$0.87 per adjusted diluted share² for the six months ended June 30, 2021.

Non-GAAP Financial Measures

To provide investors with additional insight, promote transparency and allow for a more comprehensive understanding of the information used by management in its financial and operational decision-making, we supplement our consolidated financial statements presented on a basis consistent with GAAP with Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted Net Income, and Adjusted Earnings Per Share which are non-GAAP financial measures of earnings. These adjustments, and the non-GAAP financial measures

that are derived from them, provide supplemental information to analyze our operations between periods and over time. Investors should consider our non-GAAP financial measures in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP.

- EBITDA represents net income before provision for income taxes, interest income, interest expense, depreciation and amortization.
- We define Adjusted EBITDA as EBITDA without giving effect to the Delaware franchise tax, professional fees associated with acquisitions or financing transactions, gains on extinguishment of debt or other obligations related to acquisitions, impairment charges and losses on disposals or abandonment of assets and leaseholds, client reimbursements and fund redemption costs, severance and other similar expenses, but including partner incentive allocations, prior to our initial public offering, as an expense. We feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted EBITDA, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring earnings of the Company, taking into account earnings attributable to both Class A and Class B shareholders.
- Adjusted EBITDA Margin is calculated by dividing Adjusted EBITDA by total revenue. We feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted EBITDA Margin, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring profitability of the Company, taking into account profitability attributable to both Class A and Class B shareholders.
- Adjusted Net Income represents recurring net income without giving effect to professional fees associated with acquisitions or financing transactions, losses on forgiveness of notes receivable from our principals, gains on extinguishment of debt or other obligations related to acquisitions, impairment charges and losses on disposals or abandonment of assets and leaseholds, client reimbursements and fund redemption costs, severance and other similar expenses, but including partner incentive allocations, prior to our initial public offering, as an expense. Furthermore, Adjusted Net Income includes income tax expense assuming a blended corporate rate of 26%. We feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted Net Income, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring income of the Company, taking into account income attributable to both Class A and Class B shareholders.
- Adjusted Earnings Per Share represents Adjusted Net Income divided by the actual Class A and Class B shares outstanding as of the end of the reporting period for basic Adjusted Earnings Per Share, and to the extent dilutive, we add unvested restricted stock units and non-qualified stock options to the total shares outstanding to compute diluted Adjusted Earnings Per Share. As a result of our structure, which includes a non-controlling interest, we feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted Earnings Per Share, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring earnings per share of the Company as a whole as opposed to being limited to our Class A common stock.
