Amtech Systems to Present at Stifel 2015 Technology, Internet & Media Conference

TEMPE, Ariz., Feb. 2, 2015 /PRNewswire/ -- Amtech Systems, Inc. (NASDAQ: ASYS), a global supplier of production and automation systems and related supplies for the manufacture of solar cells, semiconductors, and sapphire and silicon wafers, today announced that its Executive Vice President & CFO, Bradley Anderson will present at the Stifel 2015 Technology, Internet & Media Conference in San Francisco on Tuesday, February 10, 2015 at the Westin St. Francis.

Mr. Bradley Anderson will be available for one-on-one meetings. Interested investors should contact your Stifel Nicolaus sales representative to secure a meeting time.

About Amtech Systems, Inc.

Amtech Systems, Inc. manufactures capital equipment, including silicon wafer handling automation, thermal processing and ion implant equipment and related consumables used in fabricating solar cells, LED and semiconductor devices. Semiconductors, or semiconductor chips, are fabricated on silicon wafer substrates, sliced from ingots, and are part of the circuitry, or electronic components, of many products including solar cells, computers, telecommunications devices, automotive products, consumer goods, and industrial automation and control systems. The Company's wafer handling, thermal processing and consumable products currently address the diffusion, oxidation, and deposition steps used in the fabrication of solar cells, LEDs, semiconductors, MEMS and the polishing of newly sliced silicon wafers.
