About Rennova Health

Rennova Health (Nasdaq: RNVA) owns and operates five diagnostics laboratories across the United States that provide clinical testing services specializing in toxicology testing for pain management clinics, drug and alcohol rehabilitation facilities and neurotransmitter testing. It offers its customers a complete, turnkey software product including: a proprietary laboratory ordering and reporting application, an advanced laboratory information management system, electronic health records, and an industry-leading platform for interpreting and reporting complex test results to physicians. Rennova's software is differentiated from that of its competitors by the breadth of its services, each of which is branded separately and is made available to physician groups in whole or in part. The software permits efficient and easy ordering and reporting, electronic health records integration, medical billing services and compliance, and diagnostic interpretation.
