Enovation Controls has been recognized by Great Place To Work® as one of the 2026 UK's Best Workplaces for Women™ for the fifth consecutive year

Enovation Controls fosters an environment where women can thrive through professional development opportunities, internal career advancement, mentorship, and an inclusive culture that encourages every employee to contribute, grow, and lead.

The 2026 UK's Best Workplaces for Women list is made up of employers whose people have told Great Place To Work® UK they work for a place that is inclusive and equitable for all. The 350 companies on the list are committed to ensuring a reasonable balance of women and men across the organization; removing barriers to women's career advancement; and creating workplaces where all employees, regardless of gender, can flourish. These initiatives are supported by a workplace culture where employee feedback helps shape organizational improvements.

"This year's UK's Best Workplaces for Women list celebrates businesses making a genuine difference day to day, not just in what they say, but in how people experience work. What matters most is that this recognition comes directly from women working in these organizations, who tell us they feel supported, valued, and able to grow," said Benedict Gautrey, Managing Director of Great Place To Work UK. "Our research demonstrates that these organizations creating high-trust environments deliver stronger results, whether in financial outcomes, impact, or service delivery, alongside greater agility and resilience in the face of change. Congratulations to Enovation Controls for creating an environment where inclusion is clearly felt in practice."

"Being recognized among the UK's Best Workplaces for Women is an honor because it reflects the experiences of our employees," said Billy Aldridge, President, Electronics for

Helios. "Across Helios, we are committed to creating a culture where everyone has the opportunity to grow, contribute, and build meaningful careers. This recognition reinforces our belief that diverse perspectives and an inclusive workplace drive stronger innovation, deeper collaboration, and long-term value creation."
