About 22nd Century Group, Inc.

22nd Century Group, Inc. (NYSE American: XXII) is a leading, plant-based, life science company that develops and provides unique, commercial solutions to the life science, consumer products, and pharmaceutical markets. Using plant genetic engineering and modern plant breeding techniques to create new, proprietary plants and intellectual property, 22nd Century seeks to enhance and broaden the consumer experience by providing natural, plant-derived ingredients to product formulators and manufacturers. In the tobacco plant, 22nd Century is able to modulate the levels of nicotine that naturally occur in the plant. With this technology, 22nd Century is poised to disrupt the global tobacco market with its proprietary reduced nicotine content tobacco cigarettes containing 95% less nicotine than conventional tobacco and cigarettes. 22nd Century is applying its plant genetics expertise to the hemp/cannabis plant as well to develop new and proprietary varieties of hemp/cannabis with unique cannabinoid and terpene profiles and desirable agronomic traits. 22nd Century also owns or controls the rights to commercialize over 200 issued and pending patents related to the tobacco and hemp/cannabis plants.
