- Worldwide volume growth of 19.9 percent including U.S. volume growth of 21.8 percent compared to the prior year period.
- Second quarter EPS increased 71.4 percent to \$1.32 compared to the prior year period.
- Raises FY'10 EPS guidance to a range of \$4.30 to \$4.40 on higher volume and net sales growth.
- Repurchased 1.1 million shares during the quarter under the existing \$1 billion authorization
- Board of Directors authorizes increase in quarterly cash dividend from \$0.20 to \$0.25.

LOS ANGELES--(BUSINESS WIRE)-- Herbalife Ltd. (NYSE:HLF) today reported second quarter net sales increased 20.5 percent to \$688.8 million. The record revenue reflects volume point growth of 19.9 percent and an increase in Average Active Sales Leaders of 11.9 percent, both compared to the second quarter of 2009.

For the quarter ended June 30, 2010, the company reported net income of \$81.9 million, or \$1.32 per diluted share compared to \$48.3 million or \$0.77 per diluted share in the second quarter of 2009, primarily reflecting the contribution margin from higher volume combined with a lower effective tax rate, partially offset by the impact of foreign currency fluctuations.

For the quarter ended June 30, 2010, the company generated cash flow from operations of \$83.0 million, paid dividends of \$12.0 million, invested \$12.3 million in capital expenditures and repurchased \$51.2 million in common stock. The company's net debt balance at the end of the second quarter was \$73.1 million, reflecting an improvement of \$26.4 million from December 31, 2009.

"This quarter our distributors have truly outdone themselves and delivered the three highest months of volume in our 30-year history, which far exceeded even our most optimistic expectations," said Chairman and Chief Executive Officer Michael O. Johnson. "Not only was our growth broad-based, but some of the countries we have been operating in the longest like the United States, Mexico and Korea are each experiencing double-digit growth even though they have been open 30, 20 and 15 years respectively. These results demonstrate the opportunity in front of us as our distributors continue to build sustainable businesses with long-term customers."

During the second quarter the company hosted approximately 43,000 people at Extravanzas in Nanjing, China, Rio de Janeiro, Brazil and Singapore.
