ExxonMobil to Reward Speedpass™ Customers With Additional Savings per Gallon

15 Cents per Gallon Rebate Available for 60 Days After Customers Register Online

- Savings available to millions of existing and new *Speedpass* customers
- Free promotion for those who register by May 31, 2012 at Speedpass.com/save
- Key tag device offers an easy and secure way to save on gas

FAIRFAX, Va.--(BUSINESS WIRE)-- *Speedpass* customer appreciation days are back! To express appreciation to customers, ExxonMobil is repeating a favorite promotion of 15 cents per gallon rebate of gas purchased with a registered *Speedpass* account.

Beginning today, customers may register their *Speedpass* accounts at Speedpass.com/save to earn discounts for a 60-day period when they use their *Speedpass* devices on fuel purchases at participating Exxon and Mobil stations. Customers will receive their savings, on up to 100 gallons of gas, in the form of rebates on the credit or check card accounts linked to their *Speedpass* devices.

Customers must register their *Speedpass* accounts online by May 31, 2012 in order to take advantage of the savings. Customers who do not have a *Speedpass* are invited to enroll and register online at speedpass.com. Registration and enrollment are free.

"We want to show our customers that we appreciate their loyalty so we're rewarding them with an easy way to save on gas," said Chris Mahoney, U.S. branded wholesale manager, ExxonMobil Fuels Marketing Company. "With *Speedpass*, saving has never been so easy and it's faster than cash or a credit card, a convenience for our busy customers."

Speedpass is a "contactless" system of payment. Each *Speedpass* key tag has a built-in chip and radio frequency antenna that allows it to communicate with *Speedpass* readers at gasoline pumps, convenience store terminals, and car wash kiosks at Exxon and Mobil stations. A quick wave of a *Speedpass* key tag in front of the reader initiates the automatic transmission of a unique identification and security code to the *Speedpass* payment system. Payment is then instantly processed using the linked credit or debit card. Card information, preferences, and personal details are not stored in *Speedpass* devices, so information is protected from unauthorized use.

For more information about the offer, visit Speedpass.com/save.

About ExxonMobil

ExxonMobil, the largest publicly traded international oil and gas company, uses technology and innovation to help meet the world's growing energy needs. ExxonMobil holds an industry-leading inventory of resources, is the largest refiner and marketer of petroleum products, and its chemical company is one of the largest in the world.
