Duos Technologies Partners With Atlantix Global

Additional Revenue Growth Opportunity for Equipment Re-Sale Referrals

JACKSONVILLE, FL -- (Marketwired) -- 05/10/16 --

Duos Technologies Group, Inc. (OTCQB: DUOT), a provider of intelligent security analytical technology solutions announced, today that its IT Services division entered into a strategic alliance with Atlantix Global Systems, one of the largest resellers of enterprise-class equipment in the world. The agreement provides for the two companies to refer business opportunities to one another with the intention to develop additional revenue opportunities in the respective markets where each company specializes.

"We have successfully completed IT data center asset audits for many Fortune 100 companies in hundreds of data centers with accuracy levels exceeding 99%," said Joe Coschera, Duos Technologies Group's Senior VP of IT Services. "Our agreement with Atlantix allows us to deliver additional value to our clients by providing a way to re-deploy assets that are identified as being redundant, thereby generating cash and reducing operating expenses such as maintenance, licensing and depreciation associated with those obsolete assets."

Atlantix Global Systems markets new, used and refurbished IT hardware with a 1-year advanced replacement warranty and maintenance program. Atlantix also engages in Consignment/Asset Recovery, short term rentals and professional services through its Mindsafe Maintenance program. Their mission is to be the most extensive network and hardware provider by building relationships, impeccable service, and certifiable quality, specializing in midrange IT hardware from major manufacturers.

"Maintaining and refurbishing the data center has become an essential area of need for our global customers," said Jason Jellie, EVP of Atlantix Global Systems wholesale division. "Our partnership with Duos Technologies Group is a great opportunity to share expertise and strengthen our available product inventory."

The Duos IT infrastructure services division focuses on bringing products and services to support large-scale data centers with their DCIM implementations. The division has delivered data collection and audit services via its partners for most of the major telecom operators on an international scale. "Our plan is to continue to add significant value to our audit services through arrangements with partners such as Atlantix Global," stated Adrian Goldfarb, CFO of Duos Technologies Group, who has corporate responsibility for the IT infrastructure services division.
