SMTC Corporation to Report Third Quarter Results on November 11, 2019

TORONTO, Oct. 29, 2019 (GLOBE NEWSWIRE) -- SMTC Corporation (Nasdaq:[SMTX](#)), a global electronics manufacturing services provider and winner of Frost & Sullivan's 2019 Best Practices Award for Customer Value Leadership in the Electronics Manufacturing Services Industry, today announced that it will report its third quarter 2019 results on Monday, November 11, 2019 after the market close.

Following the issuance of the company's financial results press release, management will then host a teleconference call for investors, which is scheduled to commence at 5:00 p.m. Eastern Time on Monday, November 11, 2019. The call will be accessible at the Investor Relations section of SMTC's web site on the [Investor Relations Calendar](#) page at <https://www.smtc.com/investors/news-events/ir-calendar> or dialing 1-877-317-6789 (for U.S. participants) or 1-412-317-6789 (for participants outside of the U.S.). It is recommended that investors dial in ten minutes prior to the start of the call and request to join the SMTC Corporation's Third Quarter 2019 Results Conference Call.

The conference call will be available for rebroadcast from the Investor Relations section of SMTC's web site on the [Investor Relations Calendar page](#).

About SMTC

SMTC Corporation was founded in 1985. SMTC has more than 50 manufacturing and assembly lines in United States, China and Mexico which creates a powerful low-to-medium volume, high-mix, end-to-end global electronics manufacturing services (EMS) provider. With local support and expanded manufacturing capabilities globally, including fully integrated contract manufacturing services with a focus on global original equipment manufacturers and emerging technology companies, including those in the Defense and Aerospace, Industrial, Power and Clean Technology, Medical and Safety, Retail and Payment Systems, Semiconductors and Telecom, Networking and Communications; and Test and Measurement industries. As a mid-size provider of end-to-end EMS, SMTC provides printed circuit boards assemblies production, systems integration and comprehensive testing services, enclosure fabrication, as well as product design, sustaining engineering and supply chain management services. SMTC services extend over the entire electronic product life cycle from the development and introduction of new products through to the growth, maturity and end-of-life phases.
