SMTC Corporation to Participate in the 22nd Annual Needham Growth Conference on Jan. 15

TORONTO, Jan. 06, 2020 (GLOBE NEWSWIRE) -- SMTC Corporation (Nasdaq:[SMTX](#)), a global electronics manufacturing services provider and winner of the Frost & Sullivan's 2019 Best Practices Award for Customer Value Leadership in the Electronics Manufacturing Services Industry, today announced that SMTC will participate in the 22nd Annual Needham Growth Conference on January 15, 2020 in New York City, being held at the Lotte New York Palace.

Ed Smith, President and Chief Executive Officer of SMTC, and Steve Waszak, the company's Chief Financial Officer, will be available to provide an update on SMTC and its current business opportunities, with a group presentation slated for Wednesday, January 15 at 8:40 a.m. Eastern Time, and in one-on-one meetings throughout the day. Anyone wishing to schedule a meeting is encouraged to contact their Needham sales representative or Peter Seltzberg, of Darrow Associates, at 516-419-9915 or pseltzberg@darrowir.com for more information.

Webcast information for the company's January 15 presentation at 8:40 a.m. Eastern Time is available on the IR Calendar page on SMTC Corporation's website at <https://ir.smtc.com/ir-calendar>.

About SMTC

SMTC Corporation was founded in 1985 and acquired MC Assembly Holdings, Inc. in November 2018. SMTC has more than 50 manufacturing and assembly lines in United States, China and Mexico which creates a powerful low-to-medium volume, high-mix, end-to-end global electronics manufacturing services (EMS) provider. With local support and expanded manufacturing capabilities globally, including fully integrated contract manufacturing services with a focus on global original equipment manufacturers and emerging technology companies, including those in the Defense and Aerospace, Industrial, Power and Clean Technology, Medical and Safety, Retail and Payment Systems, Semiconductors and Telecom, Networking and Communications; and Test and Measurement industries. As a mid-size provider of end-to-end EMS, SMTC provides printed circuit boards assemblies production, systems integration and comprehensive testing services, enclosure fabrication, as well as product design, sustaining engineering and supply chain management services. SMTC services extend over the entire electronic product life cycle from the development and introduction of new products through to the growth, maturity and end-of-life phases.
