## **Aqua Metals to Present at the 27th Annual ROTH Conference on March 10, 2015**

OAKLAND, CA -- (Marketwired) -- 03/03/15 -- Aqua Metals, Inc. ("Aqua Metals" or the "Company"), a developer of a patent-pending electrochemical refining process that has the potential to transform the \$24 billion global lead industry, has been invited to present at the 27<sup>th</sup> Annual ROTH Capital Partners Conference. The conference is being held on March 8-11, 2015 at The Ritz-Carlton, Laguna Niguel in Dana Point, California.

Dr. Stephen R Clarke, Chairman and CEO of Aqua Metals is scheduled to present on Tuesday, March 10, 2015 at 10:00 a.m. Pacific Daylight Time. The executive management team will also be holding one-on-one meetings throughout the day.

For more information about the conference or to schedule a one-on-one meeting with Aqua Metals management, please contact your ROTH representative at 1-800-678-9147 or via email at [conference@roth.com](mailto:conference@roth.com).

### ***About Aqua Metals, Inc.***

Aqua Metals, Inc. has developed AquaRefining™, a new approach to lead-acid battery recycling that is designed to be less expensive, more efficient and capable of producing a purer product than conventional smelting. AquaRefining also has the potential to eliminate virtually all of the toxic waste issues generated by smelting. Aqua Metals has engineering offices in Oakland, California and is in the process of establishing commercial lead production AquaRefining facilities.
