Titan Pharmaceuticals To Present At Cantor Fitzgerald Global Healthcare Conference

SOUTH SAN FRANCISCO, Calif., Sept. 20, 2017 /PRNewswire/ -- [Titan Pharmaceuticals, Inc.](#) (NASDAQ:TTNP), a company developing proprietary therapeutics for the treatment of select chronic diseases utilizing its ProNeura™ long-term, continuous drug delivery technology, announced today that Titan President and CEO Sunil Bhonsle will present at the Cantor Fitzgerald Global Healthcare Conference on Wednesday, Sept. 27 at 9:45 a.m. EDT at the Intercontinental New York Barclay Hotel.

Mr. Bhonsle will review the company's ProNeura-based pipeline of clinical and early-stage product candidates, as well as provide a market update on Probuphine for the maintenance treatment of opioid dependence. The presentation will be available as a live and archived webcast on the [Events page](#) on Titan's website.

About Titan Pharmaceuticals

Titan Pharmaceuticals Inc. (NASDAQ:TTNP), based in South San Francisco, CA, is developing proprietary therapeutics primarily for the treatment of serious medical disorders. The company's lead product is Probuphine®, a novel and long-acting formulation of buprenorphine and the first and only commercialized treatment of opioid dependence approved by the U.S. Food and Drug Administration to provide continuous, around-the-clock blood levels of buprenorphine for six months following a single procedure. Probuphine employs Titan's proprietary drug delivery system ProNeura™, which is capable of delivering sustained, consistent levels of medication for three months or longer. Titan has granted commercial rights in the U.S. and Canada for Probuphine to Braeburn Pharmaceuticals. The ProNeura technology has the potential to be used in developing products for treating other chronic conditions such as Parkinson's disease and hypothyroidism, where maintaining consistent, around-the-clock blood levels of medication may benefit the patient and improve medical outcomes.
