Spark Networks(R) Reports First Quarter 2007 Financial Results

BEVERLY HILLS, Calif., May 3 /PRNewswire-FirstCall/ -- Spark Networks plc (Amex: LOV), a leading provider of online personals services, today reported first quarter 2007 financial results.

Highlights

- * First Quarter Revenue of \$16.8 Million
- * Other Businesses Revenue Up 54%
- * Cash and Marketable Securities of \$19.7 Million
- * HurryDate(R) Acquisition Extends Offline Events Offerings

"The significant traction we are experiencing among our newer businesses continues to reinforce our strategy of focusing on targeted offerings for vertical markets," said Spark Networks' Chief Executive Officer, Adam Berger.

"Offline events and ad sales show potential to become contributors to our long-term growth. In addition to expanding JDate(R)'s existing events offerings, our acquisition of HurryDate, in February, enabled us to begin offering speed dating and other offline events to members across our network of communities."

Berger continued, "We maintain a leadership position in several key markets, and with a solid financial foundation in place, we believe we are well positioned to capture the significant growth opportunities we see ahead."

Financial Results

Reported revenue for the first quarter of 2007 was \$16.8 million, which was flat compared to the same period in 2006.

The Company reported a net loss of \$(2.0) million, or \$(0.06) per share, for the first quarter of 2007, compared to net income of \$710,000, or \$0.02 per share, for the same period in 2006. Contributing to the loss in the first quarter were an impairment expense of approximately \$1.9 million, related to the impairment of the book carrying value of goodwill under FAS 142 related to AmericanSingles(R) and \$1.1 million in share-based compensation expense related to the acceleration of vesting and extension of the exercise period of options for our former CEO and current Chairman of the Board, in connection with his resignation as CEO of the Company.

Adjusted EBITDA(1) for the first quarter of 2007 was \$2.6 million, a decrease of 19% compared to adjusted EBITDA of \$3.2 million during the same period in 2006. Contributing to the decline in net income and adjusted EBITDA were costs of approximately \$500,000 related to the Company's Scheme of Arrangement, which, pending shareholder approval, is

intended to establish the Company as a Delaware corporation, as well as expenses related to compliance under the Sarbanes-Oxley Act. See the attached Consolidated Statement of Operations for a reconciliation of EBITDA and adjusted EBITDA to net income.

Average paying subscribers⁽²⁾ for the Company, as a whole, in the first quarter of 2007 were approximately 231,313, compared to 230,641 from the same period in 2006.

- (1) "Adjusted EBITDA" is defined as earnings before interest, taxes, depreciation, amortization, share-based compensation and long-lived impairment of assets. Adjusted EBITDA should not be construed as a substitute for net income (loss) or net cash provided by (used in) operating activities (all as determined in accordance with GAAP) for the purpose of analyzing our operating performance, financial position and cash flows, as adjusted EBITDA is not defined by GAAP.

However, the Company regards adjusted EBITDA as a complement to net income and other GAAP financial performance measures, including an indirect measure of operating cash flow.
