Spark Networks(R) Reports First Quarter 2010 Financial Results

BEVERLY HILLS, CA -- (MARKET WIRE) -- 05/13/10 -- Spark Networks, Inc. (NYSE Amex: LOV), a leading provider of online personals services, today reported financial results for the first quarter ended March 31, 2010.

	Q1 2010	Q1 2009
Revenue	\$ 10.5 Million	\$ 12.0 Million
Contribution Margin	77%	76%
Net Income	\$ 0.9 Million	\$ 0.3 Million
Net Income Per Share	\$ 0.05	\$ 0.02

"Although we are pleased to have increased average paying subscribers(1) for the third consecutive quarter overall, and specifically in our Jewish and Other Affinity Networks segments, it has been at the expense of ARPU(2) such that subscription revenue has not increased," said Adam Berger, Spark's Chairman and Chief Executive Officer. "Our key Jewish Networks business returned to subscriber levels we last saw in the fourth quarter of 2007 which despite the lower ARPU marks a healthier network and reverses the nearly six quarter slide we saw from the end of 2007 until the third quarter of 2009."

Berger continued, "The increased subscriber levels in our Other Affinity and Jewish Networks are attributable to a combination of historical first quarter seasonality, improved product, and better value pricing."

Financial Results

Revenue for the first quarter of 2010 was \$10.5 million, a decrease of 12% compared to \$12.0 million for the first quarter 2009, and a decrease of 5% compared to the prior quarter.

Contribution(3) for the first quarter of 2010 was \$8.1 million, a decrease of 11% compared to \$9.2 million for the first quarter of 2009, and a 3% increase compared to \$7.9 million in the prior quarter.

Operating expenses for the first quarter of 2010 were \$9.0 million compared to \$10.8 million for the first quarter of 2009 and \$20.2 million in the prior quarter. The sequential decrease in operating expenses can be primarily attributed to the \$11.1 million asset impairment charge, reflecting a reduction in the book carrying value of assets under the Other Affinity Networks segment and the final HurryDate earn-out payment in the prior quarter.

Net income for the first quarter of 2010 was \$929,000, or \$0.05 per share, compared to

\$311,000, or \$0.02 per share, for the first quarter of 2009 and a net loss of \$9.6 million, or \$0.46 per share, for the prior quarter.

Adjusted EBITDA(4) for the first quarter of 2010 was \$2.7 million, a decrease of 4% compared to \$2.8 million for the first quarter of 2009, and an increase of 7% compared to \$2.5 million in the prior quarter.

Average paying subscribers for the Company, as a whole, in the first quarter of 2010 were 169,833, an increase of 1% compared to 168,004 for the first quarter of 2009 and a 1% increase compared to 168,646 for the prior quarter.

Segment Reporting(5)

First quarter 2010 revenue for Jewish Networks was \$7.1 million, a decrease of 7% compared to \$7.6 million for the first quarter of 2009, and flat with the prior quarter.

First quarter 2010 revenue for General Market Networks was \$370,000, a decrease of 61% compared to \$940,000 for the first quarter of 2009, and a 22% decrease compared to \$477,000 in the prior quarter. The year-over-year decrease in revenue for General Market Networks is largely attributable to a 49% decrease in the marketing spend for the first quarter of 2010 compared to the first quarter of 2009.

First quarter 2010 revenue for Other Affinity Networks was \$3.0 million, a decrease of 10% compared to \$3.3 million for the first quarter of 2009, and flat with the prior quarter.

First quarter 2010 revenue for Offline & Other Businesses was \$113,000, a decrease of 47% compared to \$212,000 for the first quarter of 2009, and a 77% decrease compared to \$485,000 in the prior quarter. The lower revenue reflects fewer hosted events in the first quarter of 2010 when compared to the same period in the prior year and the absence of a large travel offering when compared to the prior quarter.

Average paying subscribers for Jewish Networks were 93,235 during the first quarter of 2010, an increase of 10% compared to 84,644 for the first quarter of 2009, and a 3% increase compared to 90,657 for the prior quarter.

Average paying subscribers for Other Affinity Networks were 68,124 during the first quarter of 2010, an increase of 6% compared to 64,393 for the first quarter of 2009 and a 1% increase compared to 67,725 for the prior quarter.

(1) "Average paying subscribers" are defined as individuals who have paid a monthly fee for

access to communication and Web site features beyond those provided to our members. Average paying subscribers for each month are calculated as the sum of the paying subscribers at the beginning and end of the month, divided by two. Average paying subscribers for periods longer than one month are calculated as the sum of the average paying subscribers for each month, divided by the number of months in such period.

(2) "ARPU" is defined as average revenue per user.

(3) "Contribution" is defined as revenue, net of credits and credit card chargebacks, less direct marketing and "Contribution Margin" is defined as Contribution divided by revenue, net of credits and credit card chargebacks.

(4) The Company reports Adjusted EBITDA as a supplemental measure to generally accepted accounting principles ("GAAP"). This measure is one of the primary metrics by which we evaluate the performance of our businesses, budget, forecast and compensate management. We believe this measure provides management and investors with a consistent view, period to period, of the core earnings generated from on-going operations and excludes the impact of: (i) non-cash items such as stock-based compensation, asset impairments, non-cash currency translation adjustments related to an inter-company loan and (ii) one-time items that have not occurred in the past two years and are not expected to recur in the next two years, such as the Scheme of Arrangement. Adjusted EBITDA should not be construed as a substitute for net income (loss) (as determined in accordance with GAAP) for the purpose of analyzing our operating performance or financial position, as Adjusted EBITDA is not defined by GAAP.

"Adjusted EBITDA" is defined as earnings before interest, taxes, depreciation, amortization, stock-based compensation, impairment of long-lived assets, non-cash currency translation adjustments for inter-company loans and the income recognized from assets received in connection with a legal judgment.
