

# Wrap Technologies Reports First Quarter 2022 Results

TEMPE, Ariz., May 03, 2022 (GLOBE NEWSWIRE) -- Wrap Technologies, Inc. (Nasdaq: WRAP) ("Wrap" or the "Company"), a global leader in innovative public safety technologies and services, today announced results for the first guarter ended March 31, 2022.

# First Quarter Summary

- Appointed TJ Kennedy as Chief Executive Officer and Kevin Mullins as President
- Net Revenues of \$1.6 million, compared with \$1.5 million for prior year Q1
- Gross Margin of 42% compared with 39% for prior year Q1
- Trained agencies increased to 1,040, growth of 68% from March 31, 2021
- Certified officer instructors remain over 3,200, up 63% from March 31, 2021

# Commentary

TJ Kennedy, Chief Executive Officer of Wrap, commented:

"Wrap is building momentum at the start of 2022, with our revenues continuing to grow despite significant supply chain headwinds. We leveraged almost \$0.4 million in incentives during Q1 to encourage upgrades to the new BolaWrap 150, and brand awareness is continuing to grow across domestic and international markets. We now have over 750 agencies with BolaWrap devices and have delivered product to 53 countries. The appointments of myself as Chief Executive Officer and Kevin Mullins as President last month represent a critical milestone for Wrap as we move into the next phase of the Company's life cycle and growth. The two of us have a shared passion for public safety and technology that saves lives and are focused on accelerating sales of the BolaWrap 150 in the near-term and diversifying Wrap's suite of solutions and services for global law enforcement over the long-term."

"Over the next 90 days, we will be building a strategic roadmap for Wrap and are assessing all facets of the business to determine what is working well and where we can improve. We will be looking closely at our go-to market strategy for the BolaWrap 150 and Wrap Reality, in addition to potential synergistic technologies and channel partnerships. Our plan is to develop and release a strategic roadmap that will support enhanced sales, increased innovation and diversification, and long-term value creation."

### FIRST QUARTER 2022 FINANCIAL AND OPERATIONS HIGHLIGHTS

### Net Sales

- Generated net revenues of \$1.6 million for 1Q22, 4% growth compared to 1Q21.
- Incurred discounts of approximately \$0.4 million during 1Q22 as a result of promotional programs intended to encourage customers to upgrade to the BolaWrap 150. Gross revenues prior to promotion discounts and incentives were \$1.99 million.
- International sales were 26% of total sales for 1Q22. This compares to 61% for 1Q21.
- Backlog at the end of the 1Q22 was \$0.5 million.
- We expect the pandemic to continue to impact sales efforts on a diminishing basis both in the U.S. and internationally.

#### **Gross Profit**

- Generated approximately \$0.7 million of gross profit in 1Q22, 10% growth compared to 1Q21.
- We anticipate our gross margin to fluctuate as we ramp our revenue base and transition to the higher margin BolaWrap 150.
- We expect our recently released upgraded model of our flagship product will contribute to gross margin expansion over time.

# Selling, General and Administrative (SG&A) Expense

- SG&A expense decreased approximately \$0.4 million in 1Q22 compared to 1Q21.
- Share-based compensation increased \$0.3 million as a result of termination and severance accelerations in 1Q22.
- We expect expenditures for SG&A expenses for the balance of 2022 to remain below the prior year due to active cost containment efforts.

# Research and Development (R&D) Expense

- R&D expense increased approximately \$0.4 million in 1Q22 to \$1.5 million, as compared to 1Q21, due primarily to the development of the new BolaWrap 150, development of Wrap Reality, and other R&D initiatives.
- We continue to invest in R&D as we expand important research initiatives in response to identified market opportunities, including further development of Wrap Reality.

# Capital Structure and Liquidity

- As of March 31, 2022, we had cash, cash equivalents and short-term investments of \$30 million compared to \$35 million at year-end 2021.
- Working capital at the end of 1Q22 was \$34 million.
- We expect our primary source of future liquidity will be from the sale of products, exercise of stock options and warrants and if required from future equity or debt financings.

#### Outlook

We expect our ability to make product demonstrations and conduct training, especially in international markets, to ramp up throughout 2022 as pandemic-related restrictions continue to ease. We expect to see increased sales momentum throughout 2022 as we raise awareness of all of the BolaWrap 150 enhancements. We expect discount and promotional costs to decline after Q2 as we phase out promotional upgrade offers and increase brand awareness. Near-term growth is difficult to project; however, we continue to anticipate that our growth will continue this year.
