Evolv Technology Utilized at World Premiere of 1883 at Wynn Las Vegas

Guests of *Yellowstone* Prequel Series Enjoyed Evolv Express' seamless and frictionless entry screening experience

WALTHAM, Mass.--(BUSINESS WIRE)-- Evolv Technology (NASDAQ: EVLV), the leader in weapons detection security screening, today announced that its award-winning Evolv Express® systems were used to enhance safety at the world premiere of the highly anticipated prequel to *Yellowstone* – *1883*. Evolv's system allowed cast and guests to seamlessly enter the venue without stopping or emptying their pockets (unless directed by security staff).

Evolv is transforming the physical security industry with Evolv Express, by providing the world's first AI-enabled weapons detection screening system. Built on its [Evolv Cortex AI™ software platform](#), Evolv continually improves its customers' security posture through machine learning and on-demand analytical insights in a way that legacy metal detectors and other analog screening systems have not provided.

We believe the entertainment industry often sets the stage for the future, and the screening of '1883' is a great example," said Peter George, CEO of Evolv Technology. "As a security industry, we can enable safe and seamless experiences; we don't have to sacrifice one for the other. By using innovative technology like AI, we can change the way we safely gather for events, just as we have done for the Tennessee Titans, the Atlanta Falcons, the U.S. Open, and many more."

Evolv Express provides advanced, sensor-based AI-driven technology for weapons detection screening at unprecedented volume and speed. Additionally, Evolv's data and analytics provide security staff with powerful insights, which are used to help predict and better manage the pace of crowds through the screening process, as venues strive to deliver zero-wait time for guests. The world's most iconic venues and companies place their trust in Evolv to protect their employees and visitors, including Nissan Stadium, Mercedes-Benz Stadium, Lincoln Center, The Boch Theatre, Six Flags, and hundreds of others.

Evolv's systems have been used to screen more than 150 million people, second only to the Department of Homeland Security's Transportation Security Administration in screening people in the U.S.

About Evolv Technology

Evolv Technology (NASDAQ: EVLV) is the leader in weapons detection for security screening, securing the world's most iconic venues and companies. Its mission is enabling a better experience and better security for venues, creating a safer world to work, learn, and play by transforming physical security to make everywhere safer. It gives sports fans, theme park visitors, concertgoers, shoppers, employees, students, and others peace of mind so that they can gather without fear of violence. Its security screening has scanned more than 150 million people, second only to the Department of Homeland Security's Transportation

Security Administration (TSA) in the United States, and its technology combines powerful, advanced sensors with proven artificial intelligence (AI), security ecosystem integrations, and comprehensive venue analytics to reliably detect threats 10 times faster than traditional metal detectors.

Evolv Technology, Evolv Express®, Evolv Insights™, and Evolv Cortex AI™ are registered trademarks or trademarks of Evolv Technologies, Inc. in the United States and other jurisdictions.

Forward-looking Statements

Certain statements in this press release may constitute “forward-looking” statements and information, within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995 that relate to our current expectations and views of future events. In some cases, these forward-looking statements can be identified by words or phrases such as “may,” “will,” “expect,” “anticipate,” “aim,” “estimate,” “intend,” “plan,” “believe,” “potential,” “continue,” “is/are likely to” or other similar expressions. These forward-looking statements are subject to risks, uncertainties and assumptions, some of which are beyond our control. In addition, these forward-looking statements reflect our current views with respect to future events or our Company’s performance and are not a guarantee of future performance. Actual outcomes may differ materially from the information contained in the forward-looking statements as a result of a number of factors, including, without limitation, the risk factors set forth in our prospectus, filed with the Securities and Exchange Commission on September 3, 2021, and other documents filed with or furnished to the SEC. These statements reflect management’s current expectations regarding future events and operating performance and speak only as of the date of this press release. You should not put undue reliance on any forward-looking statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that future results, levels of activity, performance and events and circumstances reflected in the forward-looking statements will be achieved or will occur. Except as required by law, we undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, after the date on which the statements are made or to reflect the occurrence of unanticipated events.
