

WHOLE EARTH BRANDS, INC.

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

As amended on November 1, 2022

I. STATEMENT OF POLICY

This Charter specifies the authority and scope of the responsibilities of the Audit Committee (the “**Committee**”) of the Board of Directors (the “**Board**”) of Whole Earth Brands, Inc. (the “**Company**”) and the manner in which those responsibilities shall be performed, including the Committee’s structure, processes and membership requirements. The primary purpose of the Committee is to oversee the accounting and financial reporting processes of the Company, the integrity of the financial reports and other financial information and the audits of the Company’s financial statements. The Committee shall also review the qualifications, independence and performance, and approve the terms of engagement, of the Company’s independent auditor. The Committee shall also prepare any reports required of the Committee under the rules of the Securities and Exchange Commission (the “**SEC**”). To the extent the Company implements an internal audit function, the Committee shall also oversee its functioning as part of its responsibilities pursuant to this Charter.

In fulfilling its purpose, the Committee is responsible for maintaining free and open communication between itself and the independent auditor, and management of the Company, and for determining that all parties are aware of their responsibilities.

The Committee’s principal responsibility is one of oversight. Management of the Company is responsible for (i) determining the Company’s financial statements are complete, accurate and in accordance with generally accepted accounting principles (“**GAAP**”) and other applicable reporting and disclosure standards, (ii) preparing the Company’s financial statements, and (iii) establishing satisfactory internal control over financial reporting. The Company’s independent auditor is responsible for auditing and reviewing those financial statements. Each member of the Committee is entitled to rely on the integrity of those persons within the Company and from the professionals and experts from whom the Committee receives information and, absent actual knowledge to the contrary, the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts.

II. ORGANIZATION AND MEMBERSHIP REQUIREMENTS

The Committee shall be comprised of three or more directors selected by the Board, each of whom shall be independent in accordance with the requirements of Rule 10A-3 of the Securities Exchange Act of 1934, as amended, and satisfy the independence and experience requirements of The Nasdaq Stock Market. In addition, the Committee shall not include any member who:

- has participated in the preparation of the financial statements of the Company or any of its current subsidiaries at any time during the past three years;

- accepts any consulting, advisory, or other compensatory fee, directly or indirectly, from the Company or any subsidiary of the Company, other than in his or her capacity as a member of the Committee, the Board, or any other committee of the Board; or
- is an affiliate of the Company or any subsidiary of the Company, as defined by the rules of the SEC, other than a director who meets the independence requirements of The Nasdaq Stock Market.

Each member of the Committee must be financially literate, as determined by the Board, and be able to read and understand fundamental financial statements, including a balance sheet, income statement and cash flow statement. In addition, at least one member shall have past employment experience in finance or accounting, professional certification in accounting, or other comparable experience or background resulting in the individual being financially sophisticated, which may include being or having been a chief executive, chief financial officer or other senior officer with financial oversight responsibilities. At least one member of the Committee must be an “audit committee financial expert” as defined in Item 407(d)(5)(ii) of Regulation S-K. A person who satisfies this definition of audit committee financial expert will also be presumed to have financial sophistication.

The members of the Committee shall be appointed by the Board on the recommendation of the Nominating and Corporate Governance Committee and shall serve until their successors are duly elected and qualified or until their earlier resignation, removal or death. Any member of the Committee may be removed or replaced by the Board on the recommendation of the Nominating and Corporate Governance Committee. Unless a Committee Chair is elected by the full Board, the members of the Committee may designate a Chair by majority vote of the full Committee. The Chair shall preside at all regular meetings of the Committee and set the agenda for each Committee meeting.

The Company shall provide appropriate funding, as determined by the Committee, to permit the Committee to perform its duties under this Charter, to compensate its advisors and to compensate any independent registered public accounting firm engaged for the purpose of rendering or issuing an audit report or related work or performing other audit, review or attest services for the Company. The Committee, at its discretion, has the authority to initiate investigations and hire legal, accounting or other outside advisors or experts to assist the Committee, as it deems necessary to fulfill its duties under this Charter. However, the Committee shall not be required to implement or act consistently with the advice or recommendations of outside advisors or experts, and the authority granted in this Charter shall not affect the ability or obligation of the Committee to exercise its own judgment in fulfillment of its duties under this Charter. The Committee shall set the compensation and retention terms and oversee the work of the outside advisors or experts. Any communications between the Committee and any outside legal counsel will be privileged communications. The Committee may also perform such other activities consistent with this Charter, the Company’s certificate of incorporation and bylaws, and governing law, as the Committee or the Board deems necessary or appropriate.

III. MEETINGS AND COMMITTEE ACTION

The Committee shall meet as often as it deems necessary or appropriate, but not less frequently than quarterly. The Committee shall meet with management, and the independent auditor in separate executive sessions as appropriate. The Committee shall meet with the independent auditor and management on a quarterly basis to review the Company's financial statements and financial reports. However, the Committee shall also meet regularly without such individuals present.

Formal action taken by the Committee shall be by the affirmative vote of at least a majority of the members present (in person or by telephone conference call or other similar telecommunications equipment) at a meeting at which a quorum is present. A quorum shall consist of at least a majority of the members of the Committee. The Committee may also take action by unanimous written consent without a meeting. The Committee may form and delegate authority to subcommittees, or to one or more members of the Committee, when appropriate; provided that decisions of such subcommittees to grant pre-approvals shall be presented to the full Committee at its next scheduled meeting. The Committee shall maintain written minutes of its meetings, which minutes will be filed with the minutes of the meetings of the Board, and shall report regularly to the Board regarding its discussions and actions and shall make recommendations to the Board as appropriate.

IV. AUTHORITY AND RESPONSIBILITIES

The Committee shall have the following authority and responsibilities, subject to such modification and additional authority as the Board may approve from time to time:

A. Oversight of the Company's Independent Auditor

1. Be solely responsible for the appointment, compensation, retention and termination of an independent registered public accounting firm to act as the Company's independent auditor for the purpose of preparing or issuing an audit report or related work. The Committee shall be directly involved in the oversight of such engagement (including resolution of disagreements between management and the independent auditor regarding financial reporting), and shall assure that the independent auditor reports directly to the Committee. If necessary, the Committee also has the power to select, retain, compensate, oversee and terminate, any other registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company.

2. At least annually, obtain and review a report by the independent auditor that describes (i) the independent auditor's internal quality control procedures, (ii) any material issues raised by the most recent internal quality control review, peer review or Public Company Accounting Oversight Board ("PCAOB") review or inspection of the firm or by any other inquiry or investigation by governmental or professional authorities in the past five years regarding one or more audits carried out by the firm and any steps taken to deal with any such issue, and (iii) any formal written statements received from the independent auditor consistent with applicable rules and regulations, including without limitation, descriptions of (x) all relationships between the independent auditor and the Company or any of its subsidiaries, (y) any disclosed relationships or

services that may impact the independent auditor's objectivity and independence and (z) whether any of the Company's senior finance personnel were recently employed by the independent auditor. Discuss with the independent auditor this report, and any disclosed relationships or services that may impact the objectivity and independence of the independent auditor.

3. Review and discuss with the independent auditor any other matters required to be discussed by generally accepted auditing standards and other applicable requirements of the PCAOB and the SEC.

4. At least annually, evaluate the qualifications, performance and independence of the independent auditor, including a review of whether the independent auditor's quality-control procedures are adequate and a review and evaluation of the lead partner of the independent auditor, taking into account the opinions of management, and report to the Board on its conclusions, together with any recommendations for additional action.

5. At least annually, consult with the independent auditor regarding the rotation of the lead audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit every five years, consider issues related to the timing of such rotation and the transition to new lead and reviewing partners, and consider whether regular rotation of the accounting firm serving as the Company's independent auditor is appropriate.

6. Approve in advance the engagement of the independent auditor for all audit services and permitted non-audit services, based on independence, qualifications and, if applicable, performance, and approve the fees and other terms of any such engagement; provided, however, that (i) the Committee may establish pre-approval policies and procedures for any engagement to render such services, provided that such policies and procedures (x) are detailed as to particular services, (y) do not involve delegation to management of the Committee's responsibilities hereunder, and (z) provide that, at its next scheduled meeting, the Committee is informed as to each such service for which the independent auditor is engaged pursuant to such policies and procedures, and (ii) the Committee may delegate to one or more members of the Committee the authority to grant pre-approvals for such services, provided that the decisions of such member(s) to grant any such pre-approval shall be presented to the Committee at its next scheduled meeting.

7. Meet with the independent auditor prior to the audit to discuss (1) the overall audit strategy, planning and staffing of the audit, (2) the auditor's responsibilities under generally accepted auditing standards and the responsibilities of management in the audit process, (3) the scope and timing of the annual audit, (4) any significant risks identified during the independent auditor's risk assessment procedures, and (5) when completed, the results, including significant findings, of the annual audit.

8. Approve as necessary the termination of the engagement of the independent auditor and select a replacement independent auditor.

9. Review and discuss with the independent auditor (1) any accounting adjustments that were noted or proposed by the independent auditor but that were "passed" (as immaterial or otherwise), (2) any "management" or "internal control" letter or schedule of unadjusted differences issued, or proposed to be issued, by the independent auditor to the

Company, (3) any other material written communication provided by the independent auditor to the Company's management, (4) any major issues regarding accounting principles and financial statement presentation, including any significant changes in the Company's selection or application of accounting principles, (5) analyses prepared by management setting forth significant financial reporting issues, and (6) the completeness and clarity of the disclosures in the financial statements.

10. Consider the judgment of both management and the independent auditor about the quality, not just the acceptability, of accounting principles.

11. Review with the independent auditor the critical accounting policies and practices used by the Company, all alternative treatments of financial information within GAAP that the independent auditor has discussed with management, the ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the independent auditor and other material written communications between the auditors and management.

B. Review of Financial Reporting Policies and Processes

To fulfill its responsibilities and duties, to the extent that it deems necessary or appropriate, and in addition to the items described above, the Committee shall:

1. Review and discuss with management and the independent auditor the Company's annual audited financial statements and any certification, report, opinion or review rendered by the independent auditor, and recommend to the Board whether the audited financial statements should be included in the Company's annual report on Form 10-K.

2. Review and discuss with management and the independent auditor the Company's quarterly financial statements.

3. Review and discuss with management and the independent auditor the Company's disclosure under "Management's Discussion and Analysis of Financial Condition and Results of Operations" appearing in the Company's periodic reports.

4. Review and discuss with management press releases regarding the Company's financial results, earnings guidance or any other information provided to securities analysts and rating agencies, including any "pro-forma," "non-GAAP" or adjusted financial information and the type of information to be disclosed and type of presentation to be made. Such discussions may be general, and each earnings release or each instance in which the Company provides earnings guidance need not be discussed in advance.

5. Review and discuss with management and the independent auditor any major issues regarding accounting principles and financial statement presentation, including any significant changes in the Company's selection or application of accounting principles; any significant financial reporting issues and judgments made in management's preparation of the financial statements and the view of each as to the appropriateness of such judgments including analysis of the effects of alternative GAAP methods on the Company's financial statements; and the effect of regulatory and accounting initiatives and off-balance sheet structures on the Company's financial statements.

6. Review and discuss with management its assessment of the effectiveness and adequacy of the Company's internal control structure and procedures for financial reporting ("**Internal Controls**"), review annually with the independent auditor the attestation to and report on the assessment made by management, and consider whether any changes to the Internal Controls are appropriate in light of management's assessment or the independent auditor's attestation and report.

7. Review and discuss with management its evaluation of the Company's procedures and controls designed to assure that information required to be disclosed in the Company's periodic reports is recorded, processed, summarized and reported in such reports within the time periods specified by the SEC for the filing of such reports ("**Disclosure Controls**"), and consider whether any changes are appropriate in light of management's evaluation of the effectiveness of such Disclosure Controls.

8. Review and discuss with management and the independent auditor any regulatory and accounting initiatives, as well as off-balance sheet transactions or structures, and their effect on the Company's financial results and operations, as well as the disclosure regarding such transactions and structures in the Company's public filings.

9. Review any special audit steps adopted in light of material control deficiencies.

10. If an internal audit function is implemented by the Company, the Committee shall review the appointment and replacement of the Company's internal audit function. Review and discuss with the internal auditors (i) the charter, purpose, authority and organizational reporting lines of the internal audit function and (ii) the annual audit plan and changes to the audit plan. Review reports to management and the Board prepared by the internal auditors. Consult with management and the internal auditor regarding the responsibilities, budget and staffing of the internal audit function and the planning and execution of internal audit activities.

C. Risk Management, Related Party Transactions, Legal Compliance and Ethics

To further fulfill its responsibilities and duties, and in addition to the items described above, the Committee shall:

1. Review with the chief executive officer and chief financial officer of the Company any report on significant deficiencies in the design or operation of the Internal Controls that could adversely affect the Company's ability to record, process, summarize or report financial data, any material weaknesses in the Internal Controls identified to the auditors, and any fraud, whether or not material, that involves management or other employees who have a significant role in the Internal Controls.

2. Review and approve any transactions between the Company and any related person (as defined in Item 404 of Regulation S-K) on an ongoing basis, in accordance with Company policies and procedures; keep the Company's independent auditor informed of the Committee's understanding of the Company's relationships and transactions with related persons that are significant to the Company and whether the Committee has concerns regarding relationships or transactions with related persons and, if so, the substance of those concerns; and

review and discuss with the Company's independent auditor the independent auditor's evaluation of the Company's identification of, accounting for, and disclosure of its relationships and transactions with related persons, including any significant matters arising from the audit regarding the Company's relationships and transactions with related persons.

3. Establish procedures for the receipt, investigation, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters. Adopt, as necessary, appropriate remedial measures or actions with respect to such complaints or concerns.

4. Review and investigate conduct alleged to be in violation of the Company's Global Code of Ethics, and adopt as necessary or appropriate, remedial, disciplinary, or other measures with respect to such conduct.

5. Establish hiring policies for employees or former employees of the Company's independent auditor.

6. Discuss with management and the independent auditor any correspondence with regulators or governmental agencies that raise material issues regarding the Company's financial statements or accounting policies; review the Company's compliance with applicable laws and regulations; and review and oversee the Company's policies, procedures and programs designed to promote and monitor legal and regulatory compliance.

7. Review with management the Company's policies and processes for tax planning and compliance.

8. Discuss guidelines and policies to govern the process by which risk assessment and management is undertaken and handled. Discuss with management the Company's major financial risk exposures and cybersecurity risks and the steps management has taken to monitor and control such exposures.

9. Prepare the Committee's report required by the rules of the SEC to be included in the Company's annual proxy statement.

V. PERIODIC REVIEW

The Committee shall periodically review and assess this Charter and the scope of responsibilities of the Committee. Any proposed changes to this Charter or the scope of the Committee's responsibilities, where indicated, shall be referred to the Board for appropriate action. The Committee shall conduct an annual evaluation of the performance of its duties under this Charter and present the results of the evaluation to the Board. The Committee shall conduct this evaluation in such manner as it deems appropriate.
