SG Blocks Reports First Quarter 2020 Financial Results

Management to Host Conference Call Today at 4:30 p.m. ET

BROOKLYN, N.Y.--(BUSINESS WIRE)-- SG Blocks, Inc. (Nasdaq: SGBX) ("SG Blocks" or the "Company"), a leading designer, innovator and fabricator of container-based structures, reported its financial results for the first quarter ended March 31, 2020.

Management Commentary

"During the first quarter we continued to build our pipeline of opportunities for the application of our container solutions and are moving forward aggressively to reach agreements with a number of new customers," commented Paul Galvin, CEO of SG Blocks. "Most recently, we announced the launch of a distributorship agreement with Osang Healthcare Co., Ltd. We are encouraged by the momentum we are building for accelerating growth in 2020."

Mr. Galvin concluded, "We are making great progress with an increasing number of prospects and expect production to accelerate and our business to really begin to scale as we move into the second half of the year. Active, ongoing discussions with customers in a number of different verticals, including healthcare, local government, education and financial services reinforce our optimism for our business to reach an inflection point in 2020."

On February 5, 2020, the Company effected a 1-for-20 reverse stock split of its common stock. All share and per share amounts set forth in the consolidated financial statements have been retroactively restated to reflect the split effected in February 2020 as if it had occurred as of the earliest period presented.

First Quarter 2020 Financial Highlights:

- Revenue of approximately \$199,000, as compared to approximately \$1.7 million in Q1 2019.
- Gross profit of approximately \$46,000, as compared to approximately \$544,000 in Q1 2019.
- Net loss of approximately \$747,000, or \$(0.64) per basic and diluted share, as compared to a net loss of approximately \$491,000, or \$(2.30) per basic and diluted share, in Q1 2019.
- Adjusted EBITDA loss of approximately \$527,000, as compared to a loss of approximately \$289,000 in Q1 2019. (See below for further discussion about the presentation of Adjusted EBITDA, a non-GAAP financial measurement).
- Subsequent to quarter end, completed a public offering in April of 2020 of 440,000 shares of common stock at an offering price of \$4.25 per common share for aggregate net proceeds of approximately \$1.5 million after deducting underwriting discounts and commissions and other expenses related to the offering.

- Subsequent to quarter end, completed a public offering in May of 2020 of 6,000,000 shares of common stock at an offering price of \$2.50 per common share for aggregate net proceeds of approximately \$13.475 million after deducting underwriting discounts and commissions and other expenses related to the offering.

First Quarter 2020 and Subsequent Operational Highlights:

- Construction backlog decreased to \$17.5 million as of March 31, 2020, as compared to \$17.6 million as of December 31, 2019. The decrease in backlog is primary attributed to work in progress or completed contracts during the first three months of 2020.
- 10 projects under contract, performed activity on 10 projects during Q1 2020.
- Signed distribution agreement with Osang Healthcare Co. Ltd providing for non-exclusive right to distribute in the United States for a one year period its GeneFinder™ COVID-19 Plus RealAmp Kit™, designed to detect SARS-CoV-2 (*Severe Acute Respiratory Syndrome-Coronavirus 2*), the virus that causes COVID-19, through a gene-based reverse transcription reaction and real-time polymerase chain reaction (PCR) testing process.
- Commenced construction on two mobile medical testing units for a point-of-care medical provider.
- Licensee commenced first “Office Box” container to Puerto Rico; subsequent to the end of quarter.
- Licensee commenced the “Ranchbox,” container-based residential project in May 2020; subsequent to the end of quarter.
- Other business projects in process:
 - Executed architecture and engineering (A&E) services contract for mixed use hospitality project in South Florida subsequent to the end of the quarter.
 - The parties are engaged in contract negotiations for the manufacturing phase of the hospitality project which is anticipated to commence in Q3 2020.
 - Continuation of the build and delivery of a Planet Smoothie, pre-engineered container-based structure to an overseas U.S. military base; which is anticipated to be finished in the second quarter of 2020.
 - Continuation of the architectural and engineering (A&E) design for a modular office extension for a union in California; which is anticipated to be finished at the end of the second quarter of 2020.

First Quarter 2020 Financial Results

Revenue was approximately \$199,000 compared to approximately \$1.7 million in Q1 2019. This decrease was mainly driven by a decline in all of the Company’s customer types and the shift to a royalty-based model for its residential business, for which royalty revenue is expected in the second-half of 2020.

The Company’s backlog no longer includes residential contracts that are captured under the license agreement. Construction backlog decreased to \$17.5 million as of March 31, 2020, as compared to \$17.6 million at December 31, 2019. The decrease in backlog is primarily attributable to work in progress or completed contracts during the first three months of 2020.

Gross profit was approximately \$46,000 as compared to approximately \$544,000 in Q1 2019.

Operating expenses decreased by approximately \$240,000 to approximately \$795,000 in Q1 2020 compared to approximately \$1.035 million in Q1 2019. The decrease was driven by a reduction in payroll and related expenses of approximately \$367,000, which was partially offset by an increase in legal fees of approximately \$138,000.

Net loss totaled approximately \$747,000, or \$(0.64) per basic and diluted share, compared to a net loss of approximately \$491,000, or \$(2.30) per basic and diluted share, in Q1 2019.

Adjusted EBITDA loss was approximately \$527,000 compared to an Adjusted EBITDA loss of approximately \$289,000 in Q1 2019. See below under the heading "Use of Non-GAAP Financial Information" for a discussion of Adjusted EBITDA and a reconciliation of such measure to the most comparable measure calculated under U.S. generally accepted accounting principles ("GAAP").

Balance Sheet

Cash and cash equivalents at March 31, 2020 totaled approximately \$399,000, as compared to approximately \$1.6 million at December 31, 2019.

Subsequent to quarter end, the Company completed a public offering in April of 2020 of 440,000 shares of common stock at an offering price of \$4.25 per common share for aggregate net proceeds of approximately \$1.5 million after deducting underwriting discounts and commissions and other expenses related to the offering. The Company completed another public offering in May of 2020 of 6,000,000 shares of common stock at an offering price of \$2.50 per common share for aggregate net proceeds of approximately \$13.475 million after deducting underwriting discounts and commissions and other expenses related to the offering.

Further details about the Company's results will be available in its Quarterly Report on Form 10-Q, accessible in the investor relations section of the Company's website at www.sgblocks.com and through the U.S. Securities and Exchange Commission's website.

Use of Non-GAAP Financial Information

In addition to its results under GAAP, the Company presents EBITDA and Adjusted EBITDA for historical periods. EBITDA and Adjusted EBITDA are non-GAAP financial measures and have been presented as supplemental measures of financial performance that are not required by, or presented in accordance with, GAAP. The Company calculates EBITDA as net income (loss) before interest expense, income tax benefit (expense), depreciation and amortization. It calculates Adjusted EBITDA as EBITDA before certain non-recurring adjustments such as stock-based compensation expense. EBITDA and Adjusted EBITDA are presented because they are important metrics used by management as one of the means by which it assesses the Company's financial performance. EBITDA and Adjusted EBITDA are also frequently used by analysts, investors and other interested parties to evaluate companies in the Company's industry. These measures, when used in conjunction with related GAAP financial measures, provide investors with an additional financial analytical framework that may be useful in assessing the Company and its results of operations.

EBITDA and Adjusted EBITDA have certain limitations. EBITDA and Adjusted EBITDA should not be considered as alternatives to net income (loss), or any other measures of financial performance derived in accordance with GAAP. These measures also should not be construed as an inference that the Company's future results will be unaffected by unusual or non-recurring items for which these non-GAAP measures make adjustments. Additionally, EBITDA and Adjusted EBITDA are not intended to be liquidity measures because of certain limitations, including, but not limited to:

- They do not reflect the Company's cash outlays for capital expenditures;
- They do not reflect changes in, or cash requirements for, working capital; and
- Although depreciation and amortization are non-cash charges, the assets are being depreciated and amortized and may have to be replaced in the future, and these non-GAAP measures do not reflect cash requirements for such replacements.

The non-GAAP information should be read in conjunction with the Company's consolidated financial statements and related notes.

The following is a reconciliation of EBITDA and Adjusted EBITDA to the nearest GAAP measure, net loss:

	For the three months ended March 31, 2020	For the three months ended March 31, 2019
