Forward-Looking Statements

Airgain cautions you that statements in this press release that are not a description of historical facts are forward-looking statements. These statements are based on the company's current beliefs and expectations. These forward-looking statements include statements regarding our expected growth and profitability, third quarter 2025 financial outlook, and expectations regarding the potential of our platforms and timing and potential impact of platform ramps. The inclusion of forward-looking statements should not be regarded as a representation by Airgain that any of our plans will be achieved. Actual results

may differ from those set forth in this press release due to the risks and uncertainties inherent in our business, including, without limitation: the market for our products is developing and may not develop as we expect; our operating results may fluctuate significantly, including based on seasonal factors, which makes future operating results difficult to predict and could cause our operating results to fall below expectations or guidance; supply constraints on our and our customers' ability to obtain necessary components in our respective supply chains may negatively affect our sales and operating results; risks associated with the performance of our products, including bundled solutions with third-party products; our products are subject to intense competition, and competitive pressures from existing and new companies may harm our business, sales, growth rates, and market share; the potential for the strategic partnership with Omantel to not meet expectations; risks associated with quality and timing in manufacturing our products and our reliance on third-party manufacturers; we may not be able to maintain strategic collaborations under which our bundled solutions are offered; overall global supply shortages and logistics delays within the supply chain that our products are used in, and uncertainty regarding tariffs and trade policies and their potential impacts, as well as in each case, their adverse effect on general U.S. and global economic conditions and financial markets, and, ultimately, our sales and operating results; any rise in interest rates and inflation may adversely impact our margins, the supply chain and our customers' sales, which may negatively affect our sales and operating results; our future success depends on our ability to develop and successfully introduce new and enhanced products for the wireless market that meet the needs of our customers, including our ability to transition to provide a more diverse solutions capability; we sell to customers who are price conscious, and a few customers represent a significant portion of our sales, and if we lose any of these customers, our sales could decrease significantly; we rely on a limited number of contract manufacturers to produce and ship all of our products, and our contract manufacturers rely on a single or limited number of suppliers for some components of our products and channel partners to sell and support our products, and the failure to manage our relationships with these parties successfully or a failure of these parties to perform could adversely affect our ability to market and sell our products; if we cannot protect our intellectual property rights, our competitive position could be harmed or we could incur significant expenses to enforce our rights; and other risks described in our prior press releases and in our filings with the Securities and Exchange Commission (SEC), including under the heading "Risk Factors" in our Annual Report on Form 10-K and any subsequent filings with the SEC. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof, and we undertake no obligation to revise or update this press release to reflect events or circumstances after the date hereof. All forward-looking statements are qualified in their entirety by this cautionary statement, which is made under the safe harbor provisions of the Private Securities Litigation Reform Act of 1995.
