Aethlon Medical Announces \$3.3 Million Equity Investment

SAN DIEGO, Nov. 26, 2014 /PRNewswire/ -- Aethlon Medical, Inc. (OTCQB:AEMD), announced today that it has entered into a definitive agreement to raise approximately \$3.3 million at a price of \$0.30 per unit. The investment is being made by one institutional healthcare focused investor. Each unit consists of one common share and one and one-fifth of a common share purchase warrant. Each whole warrant entitles the holder to acquire one common share at a price of \$0.30 for a period of five years from closing.

Roth Capital Partners, served as sole placement agent. The offering is expected to close no later than Tuesday, December 2, 2014, subject to customary closing conditions. Aethlon Medical intends to use the proceeds to fund the clinical advancement of the Aethlon Hemopurifier®, debt reduction and general corporate purposes.

The securities offered in the private placement have not been registered under the Securities Act of 1933, as amended or applicable under state securities laws. Accordingly, the securities may not be offered or sold in the United States except pursuant to an effective registration statement or an applicable exemption from the registration requirements of the Securities Act and such applicable state securities laws. As part of the transaction, the Company has agreed to file a resale registration statement on Form S-3 with the Securities and Exchange Commission for the purpose of registering the resale of the shares of common stock and warrants issued in the private placement.

This notice is issued pursuant to Rule 135c under the Securities Act and does not constitute an offer to sell or the solicitation of an offer to buy the securities, nor shall there be any sale of the securities in any state in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of such state. Any offering of the

securities under the resale registration statement will only be by means of a prospectus.

About Aethlon Medical, Inc.

Aethlon Medical creates targeted therapeutic devices to address infectious disease, cancer and neurodegenerative disorders. The company's lead product is the Aethlon Hemopurifier®, a first-in-class device that selectively targets the rapid elimination of circulating viruses and tumor-secreted exosomes that promote cancer progression. Exosome Sciences, Inc. is a majority owned subsidiary that is advancing exosome-based products to diagnose and monitor cancer, infectious disease and neurological disorders.
