

Quantum Reports Second Quarter Fiscal 2022 Results

Revenue Increases 5% Sequentially to \$93.2 Million

Guides For 12% Sequential Growth in Third Fiscal Quarter

SAN JOSE, Calif., Nov. 3, 2021 /PRNewswire/ -- Quantum Corporation (NASDAQ: QMCO) announced today financial results for its fiscal second quarter ended September 30, 2021.

Second Quarter Fiscal 2022 Financial Summary and Recent Highlights

- Revenue grew 9% year-over-year to \$93.2 million, exceeding the high-end of the guidance range
- GAAP net loss was \$9.3 million, or (\$0.16) per share; adjusted non-GAAP net income was \$0.1 million, or \$0.00 per diluted share
- Ended the quarter with \$50.0 million in backlog, compared to \$30.0 million in the prior quarter
- Software and recurring licensing customers grew 30% sequentially, while bookings were up greater than 70%
- Adjusted EBITDA was \$5.3 million, exceeding the high-end of the guidance range
- Acquired EnCloudEn, a hyperconverged software startup, expanding presence in video surveillance and driving shift towards recurring software revenue model

Jamie Lerner, Chairman and CEO, Quantum commented, "Our second quarter results exceeded the high-end of our guidance range across all key metrics, supported by strong customer demand while increasing backlog to over \$50 million. Orders from our hyperscale customers grew sequentially for the third consecutive quarter, and while not all orders will ship in the subsequent quarter, visibility into revenue contribution from this growing base has

improved dramatically relative to a year ago. The ongoing industry supply constraints improved during the quarter, but still restricted our ability to meet all end customer demand. We anticipate supply chain constraints will see further improvement in our third fiscal quarter, which should allow the company to see a sequential reduction in current backlog levels.

"Also, during the quarter, software and recurring licensing revenue increased significantly, with our CatDV software delivering a second consecutive quarter of increased bookings, driven by strong adoption across sports, entertainment and enterprise markets. Our recurring software and services customer base continued to accelerate with bookings 2 times greater than customers in the quarter, demonstrating a growing backlog of higher margin recurring revenue. Additionally, the integration of Pivot3 has progressed well, and we have begun to cross-sell these video surveillance software solutions to our current customer base. Further, the recent launch of our ActiveScale Cold Storage, which combines tape architecture and storage-as-a -service software, offers hyperscale-level archive storage options for the enterprise and cloud providers, broadening the company's available market and cross-selling opportunities."

Mr. Lerner concluded by stating, "Our team's continued execution during these ongoing supply chain constraints has been exceptional. The underlying fundamentals of our business, as well as the overall demand environment, are the strongest they have been since I joined the company. We are building an organization that over the long-term can support significantly higher levels of revenue, while shifting to a higher mix of recurring revenue. We look forward to sharing more details about our transition to a recurring revenue model at our upcoming virtual Analyst Day on November 9th."

Second Quarter Fiscal 2022 vs. Prior Quarter

Revenue for the second quarter fiscal 2022 was \$93.2 million, representing an increase of 4.6% sequentially from \$89.1 million last quarter. Gross profit in the second quarter of fiscal 2022 was \$38.4 million, or 41% of revenue, compared to \$37.3 million, or 42% of revenue, in the prior quarter.

Total operating expenses in the second quarter of fiscal 2022 were \$39.3 million, or 42% of revenue, compared to \$37.3 million, or 42% of revenue, in the prior quarter. Selling, general and administrative expenses were \$26.9 million in the quarter, compared to \$25.8 million in the first fiscal quarter 2022. Research and development expenses were \$12.4 million in the second quarter of fiscal 2022, compared to \$11.3 million last quarter.

GAAP net loss in the second quarter of fiscal 2022 was \$9.3 million, or (\$0.16) per share, which included a debt extinguishment charge of \$15 million partially offset by a gain of \$10 million for the forgiveness on the PPP loan, compared to a net loss of \$4.2 million, or (\$0.07) per share, in the first fiscal quarter 2022. Excluding stock compensation, restructuring charges and other non-recurring costs, non-GAAP adjusted net income in the second fiscal quarter of 2022 was \$0.1 million, or \$0.00 per diluted share, compared to adjusted net income of \$0.1 million, or \$0.00 per diluted share, last quarter.

Adjusted EBITDA in the Second quarter of fiscal 2022 was \$5.3 million, compared to \$5.4 million in the prior quarter.

For a full reconciliation of GAAP to non-GAAP financial results and additional cautionary language about the use of non-GAAP financial measures, please see the financial reconciliation tables below.

Forward-Looking Information

The information provided in this press release may include forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 ("Exchange Act"). These forward-looking statements are largely based on our current expectations and projections about future events and financial trends affecting our business. Such forward-looking statements include, in particular, statements related to future projections of our financial results; that our newly introduced products will drive a growing contribution of recurring revenue and deliver higher margins, while also increasing the total addressable market of our solutions; our expectations to continue our operational execution and to gain incremental traction across our market verticals, including with our leading hyperscale and global web scale customers, statements about our backlog and the implication that this backlog will translate into future revenue; the trend in our underlying business remaining robust; continued progress in our business transformation; the anticipated impact and benefits of our acquisition of Pivot3's video surveillance portfolio and assets; the anticipated impact and benefits of the refinancing of our outstanding debt; and the Company's position for long-term sustainable growth and profitability.

These forward-looking statements may be identified by the use of terms and phrases such as "anticipates", "believes", "can", "could", "estimates", "expects", "forecasts", "intends", "may", "plans", "projects", "targets", "will", and similar expressions or variations of these terms and similar phrases. Additionally, statements concerning future matters and other statements regarding matters that are not historical are forward-looking statements. Investors are cautioned that these forward-looking statements relate to future events or our future performance and are subject to business, economic, and other risks and uncertainties, both known and unknown, that may cause actual results, levels of activity, performance or achievements to be materially different from those expressed or implied by any forward-looking statements.

These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected, including without limitation, the following: risks related to the need to address the many challenges facing our business; the potential impact of the COVID-19 pandemic on our business, including potential disruptions to our supply chain, employees, operations, sales and overall market conditions; the competitive pressures we face; risks associated with executing our strategy; the distribution of our products and the delivery of our services effectively; our ability to integrate the business, products, employees and other aspects of Pivot3's video surveillance business; the

development and transition of new products and services and the enhancement of existing products and services to meet customer needs and respond to emerging technological trends; estimates and assumptions related to the cost (including any possible disruption of our business) and the anticipated benefits of the transformation and restructuring plans; the outcome of any claims and disputes; and other risks that are described herein, including but not limited to the items discussed in "Risk Factors" in our filings with the Securities and Exchange Commission, including our Form 10-K filed with the Securities and Exchange Committee on May 26, 2021 and our Form 10-Q filed on November 3, 2021. We do not intend to update or alter our forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable law or regulation.

NON-U.S. GAAP FINANCIAL MEASURES

To provide investors with additional information regarding our financial results, we have presented Adjusted EBITDA and Adjusted Net Income (Loss), non-U.S. GAAP financial measures defined below.

Adjusted EBITDA is a non-U.S. GAAP financial measure defined by us as net loss before interest expense, net, provision for income taxes, depreciation and amortization expense, stock-based compensation expense, restructuring charges, and other non-recurring expenses.

Adjusted Net Income (Loss) is a non-U.S. GAAP financial measure defined by us as net loss

before restructuring charges, stock-based compensation expense, and other non-recurring (income) expenses. The Company calculates Adjusted Net Income (Loss) per Basic and Diluted share using the Company's above-referenced definition of Adjusted Net Income (Loss).

We have provided below a reconciliation of Adjusted EBITDA and Adjusted Net Income (Loss) to Net Income (Loss), the most directly comparable U.S. GAAP financial measure. We have presented Adjusted EBITDA because it is a key measure used by our management and the board of directors to understand and evaluate our core operating performance and trends, to prepare and approve our annual budget and to develop short and long-term operating plans. In particular, we believe that the exclusion of the amounts eliminated in calculating Adjusted EBITDA can provide a useful measure for period-to-period comparisons of our core business performance. We believe Adjusted Net Income (Loss) and Adjusted Net Income (Loss) per Basic and Diluted Share serve as appropriate measures to be used in evaluating the performance of our business and help our investors better compare our operating performance over multiple periods. Accordingly, we believe that Adjusted EBITDA and Adjusted Net Income (Loss) provide useful information to investors and others in understanding and evaluating our operating results in the same manner as our management and our board of directors.

Our use of Adjusted EBITDA and Adjusted Net Income (Loss) have limitations as analytical tools, and you should not consider them in isolation or as a substitute for analysis of our financial results as reported under U.S. GAAP. Some of these limitations are as follows:

- Although depreciation and amortization expense are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and Adjusted EBITDA does not reflect cash capital expenditure requirements for such replacements or for new capital expenditure requirements;
- Adjusted EBITDA does not reflect: (1) interest and tax payments that may represent a
 reduction in cash available to us; (2) capital expenditures, future requirements for
 capital expenditures or contractual commitments; (3) changes in, or cash requirements
 for, working capital needs; (4) the potentially dilutive impact of stock-based
 compensation expense; (5) potential future costs related to our long-term debt; (6)
 potential future restructuring expenses; (7) potential future costs related to business
 acquisitions; (8) gain (loss) on debt extinguishment, or (9) and acquisition-related
 amortization of intangibles assets from business combinations.
- Adjusted Net Income (Loss) does not reflect: (1) potential future restructuring activities;
 (2) the potentially dilutive impact of stock-based compensation expense; (3) potential future costs related to our long-term debt; (4) potential future costs related to business acquisitions; (5) gain (loss) on debt extinguishment, or (6) acquisition-related amortization of intangibles assets from business combinations.

Other companies, including companies in our industry, may calculate Adjusted EBITDA, Adjusted Net Income (Loss) or similarly titled measures differently, which reduces its usefulness as a comparative measure.

Because of these and other limitations, you should consider Adjusted EBITDA and Adjusted Net Income (Loss) along with other U.S. GAAP-based financial performance measures, including various cash flow metrics and our U.S. GAAP financial results.
