Based on information currently available to its management, Aptose expects its total cash and cash equivalents and investments as of March 31, 2017 to be at approximately CA\$12.0 million (or \$9.0 million US dollars) compared to \$10.7 million (or \$7.9 million US Dollars) as of December 31, 2016. The expected increase in total cash and cash equivalents and investments is mostly due to the use of the at-the-market equity facility with Cowen and Company, LLC as well as cost reduction measures implemented during the quarter.

Figures reported above with respect to the first quarter of 2017 are preliminary, based on management's estimates, and have not yet been approved by Aptose's Audit Committee or Board of Directors, or reviewed by Aptose's auditor. Accordingly, while Aptose does not expect significant adjustments to total cash and cash equivalents and investments, investors are cautioned that final results may differ from these preliminary results and not to place undue reliance on the foregoing guidance.
