# Ethan Allen Reports Fiscal 2025 First Quarter Results; Maintained Strong Margins and Operating Cash Flow Amid Challenging Economic Environment

DANBURY, CT, Oct. 30, 2024 (GLOBE NEWSWIRE) -- Ethan Allen Interiors Inc. ("Ethan Allen" or the "Company") (NYSE: ETD), a leading interior design destination, today reported its results for the fiscal 2025 first quarter ended September 30, 2024.

Farooq Kathwari, Ethan Allen's Chairman, President and CEO commented, "We are pleased with our first quarter financial and operating results amid the challenging economic environment. We continue to strengthen various areas of our vertically integrated enterprise, including our talent, product offerings, marketing, retail network, manufacturing, logistics, technology and social responsibility."

"For the quarter ended September 30, 2024, we reported consolidated net sales of \$154.3 million, gross margin of 60.8%, operating income of \$17.6 million, operating margin of 11.4% and adjusted diluted EPS of \$0.58. We continued strong cash generation and ended the quarter with total cash and investments of \$186.4 million, up \$23.2 million from a year ago. During the first quarter of fiscal 2025, we paid \$20.2 million in cash dividends, which included \$10.2 million in special cash dividends. We are also pleased to announce that yesterday our Board approved a regular quarterly cash dividend of \$0.39 per share, payable on November 27, 2024."

Mr. Kathwari continued, "Strengthening our team and investing in technology is a game changer. These two important factors have helped us to operate more efficiently. As of September 30, 2024, our headcount was 8.5% lower than a year ago and has been reduced by 27.9% since September 30, 2019."

"As previously disclosed, one of our distribution centers located in Old Fort, North Carolina was impacted in September by significant flooding from Hurricane Helene. The disruption impacted shipments and we suffered a loss of \$0.3 million related to damaged inventory and remediation costs. Restoration efforts have helped our distribution center resume normal shipping and receiving capacity."

"We look forward to continued progress and remain cautiously optimistic," concluded Mr. Kathwari.

## **ABOUT NON-GAAP FINANCIAL MEASURES**

This release is intended to supplement, rather than to supersede, the Company's consolidated financial statements, which are prepared and presented in accordance with U.S. generally accepted accounting principles ("GAAP"). In this release the Company has included financial measures that are derived from the consolidated financial statements but are not presented in accordance with GAAP. The Company uses non-GAAP financial measures, including adjusted operating income and margin, adjusted net income and adjusted diluted EPS (collectively "non-GAAP financial measures"). The Company computes these non-GAAP financial measures by adjusting the comparable GAAP measure to remove

the impact of certain charges and gains and the related tax effect of these adjustments. Investors should consider these non-GAAP financial measures in addition to, and not as a substitute for, or superior to, the financial performance measures prepared in accordance with GAAP. The Company uses these non-GAAP financial measures for financial and operational decision making and to evaluate period-to-period comparisons. The Company believes that they provide useful information about operating results, enhance the overall understanding of past financial performance and prospects, and allow for greater transparency with respect to key metrics used by management in its financial and operational decision making. A reconciliation of these non-GAAP financial measures to the most directly comparable financial measure reported in accordance with GAAP is provided at the end of this release.

Such forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. These forward-looking statements may include words such as “anticipate,” “estimate,” “expect,” “project,” “plan,” “intend,” “believe,” “continue,” “may,” “will,” “short-term,” “target,” “outlook,” “forecast,” “future,” “strategy,” “opportunity,” “would,” “guidance,” “non-recurring,” “one-time,” “unusual,” “should,” “likely,” “pandemic,” and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events. The Company derives many of its forward-looking statements from operating budgets and forecasts, which are based upon detailed assumptions. While the Company believes that its assumptions are reasonable, it cautions that it is difficult to predict the impact of known factors and it is impossible for the Company to anticipate all factors that could affect actual results and matters that are identified as “short-term,” “non-recurring,” “unusual,” “one-time,” or other words and terms of similar meaning may in fact recur in one or more future financial reporting periods.

Forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially from those that are expected. Actual results could differ materially from those anticipated in the forward-looking statements due to a number of risks and uncertainties including, but not limited to, the risks and uncertainties disclosed in Part I, Item 1A. *Risk Factors*, in the Company’s 2024 Annual Report on Form 10-K and other factors identified in its reports filed with the Securities and Exchange Commission (the “SEC”), available on the SEC’s website at [www.sec.gov](http://www.sec.gov).

## Reconciliation of Non-GAAP Financial Measures

To supplement the financial measures prepared in accordance with GAAP, the Company uses non-GAAP financial measures, including adjusted operating income and margin, adjusted net income and adjusted diluted EPS. The reconciliations of these non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP are shown in tables below.

These non-GAAP measures are derived from the consolidated financial statements but are not presented in accordance with GAAP. The Company believes these non-GAAP measures provide a meaningful comparison of its results to others in its industry and prior year results. Investors should consider these non-GAAP financial measures in addition to, and not as a substitute for, its financial performance measures prepared in accordance with GAAP. Moreover, these non-GAAP financial measures have limitations in that they do not

reflect all the items associated with the operations of the business as determined in accordance with GAAP. Other companies may calculate similarly titled non-GAAP financial measures differently than the Company does, limiting the usefulness of those measures for comparative purposes. Despite the limitations of these non-GAAP financial measures, the Company believes these adjusted financial measures and the information they provide are useful in viewing its performance using the same tools that management uses to assess progress in achieving its goals. Adjusted measures may also facilitate comparisons to historical performance.

The following tables provide a reconciliation of non-GAAP financial measures used in this release to the most directly comparable GAAP financial measures:
