Telephonics' Electronic Systems Division Has Received Official Approval to Proceed in Supplying the Mobile Surveillance Capability Systems to the US Customs and Border Protection along the U.S./Mexican Border

FARMINGDALE, N.Y.--(BUSINESS WIRE)-- Telephonics Corporation, a wholly owned subsidiary of Griffon Corporation (NYSE:GFF), announced today that it had received approval from Customs and Border Protection (CBP) to proceed with supplying the Mobile Surveillance Capability (MSC) systems for use on the southern border of the United States. The previously awarded contract which includes MSC systems and Integrated Logistic Support (ILS), is a firm fixed price contract valued at \$12.8 million in the base year and, at the option of CBP, up to four additional years with an estimated incremental value in excess of \$45M. The MSC systems leverage Telephonics' previously deployed and proven surveillance technology which has effectively detected, identified and tracked items of interest along the U.S./Mexican Border.

"Telephonics is excited about starting this very important DHS-CBP program so we can begin sealing the border while protecting the men and women in harm's way," said Donald C. Pastor, Electronic Systems Division President. "We look forward to supporting US Customs and Border Protection by enhancing the agents' ability to perform their vital mission. This latest tool is an enhanced version of Telephonics' successful Mobile Surveillance System which is currently deployed on the U.S./Mexican Border by CBP."

About Telephonics

Telephonics' high-technology engineering and manufacturing capabilities provide integrated information, communication and sensor system solutions to military and commercial markets worldwide. Telephonics specializes in aircraft intercommunication systems, wireless communication systems, radars, identification friend or foe products, integrated security systems, air traffic management systems, aerospace electronics, and the performance of threat and radar system analyses.

About Griffon Corporation

Griffon Corporation (the "Company" or "Griffon"), headquartered in New York, N.Y., is a diversified management and holding company that conducts business through wholly-owned subsidiaries. The Company oversees the operations of its subsidiaries, allocates resources among them and manages their capital structures.
