

March 26, 2020

Dear Shareholder:

It is my pleasure to invite you to the 2020 Annual Meeting of Shareholders of W&T Offshore, Inc. scheduled to be held on Wednesday, May 6, 2020 at 8:00 a.m., Central Daylight Time, at our offices, Nine Greenway Plaza, Suite 300, Houston, Texas 77046. I hope you will be able to attend.

Details of the business to be conducted at the Annual Meeting are provided in the attached Notice of Annual Meeting and Proxy Statement. Our Board of Directors has determined that owners of record of our Common Stock at the close of business on March 19, 2020 are entitled to notice of, and have the right to vote at, the Annual Meeting and any reconvened meeting following any adjournment, postponement or relocation of the meeting.

We have elected to furnish proxy materials to our shareholders on the Internet pursuant to rules adopted by the Securities and Exchange Commission. We believe these rules enable us to provide you with the information you need, while making delivery more efficient, more cost effective and friendlier to the environment. In accordance with these rules, beginning on or about March 26, 2020, we sent a Notice of Internet Availability of Proxy Materials to our shareholders.

Whether or not you attend the Annual Meeting, it is important that your shares be represented and voted at the meeting. Therefore, I urge you to promptly vote using the Internet or telephone voting procedures described on the Notice of Internet Availability of Proxy Materials or vote and submit your proxy by signing, dating and returning the enclosed proxy card in the enclosed envelope (if you have requested a paper copy of the proxy materials). If you decide to attend the Annual Meeting, you will be able to vote in person, even if you have previously submitted your proxy.

On behalf of the Board of Directors and our employees, I would like to express my appreciation for your continued interest in our affairs. I look forward to greeting as many of you as possible at the meeting.

Sincerely,

A handwritten signature in black ink, appearing to read "Tracy W. Krohn", is written over a light blue horizontal line.

Tracy W. Krohn
Chairman of the Board,
Chief Executive Officer and President

NOTICE OF 2020 ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 6, 2020

Notice is hereby given that the 2020 Annual Meeting of Shareholders of W&T Offshore, Inc., a Texas corporation, will be held at our offices, Nine Greenway Plaza, Suite 300, Houston, Texas 77046, on May 6, 2020 at 8:00 a.m., Central Daylight Time, for the following purposes:

- (1) to elect five directors to hold office until the 2021 Annual Meeting of Shareholders and until their successors are duly elected and qualified;
- (2) to approve the first amendment to our 2004 Directors Compensation Plan to increase the number of shares of common stock to be issued under awards thereunder;
- (3) to approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the accompanying Proxy Statement pursuant to Item 402 of Regulation S-K;
- (4) to ratify the appointment of Ernst & Young LLP as our independent registered public accountants for the year ending December 31, 2020; and
- (5) to transact such other business as may properly come before the meeting and any adjournment or postponement thereof.

Only shareholders of record at the close of business on March 19, 2020 will be entitled to notice of, and to vote at, the Annual Meeting, or any adjournment or postponement thereof, notwithstanding the transfer of any shares after such date. A list of these shareholders will be open for examination by any shareholder for ten days prior to the Annual Meeting at our principal executive offices at Nine Greenway Plaza, Suite 300, Houston, Texas 77046.

Pursuant to rules adopted by the Securities and Exchange Commission, we have elected to provide access to our proxy solicitation materials primarily via the Internet, rather than mailing paper copies of these materials to each shareholder. On or about March 26, 2020, we will mail to each shareholder a Notice of Internet Availability of Proxy Materials with instructions on how to access the proxy materials, vote or request paper copies. Your vote is important. We urge you to review the accompanying Proxy Statement carefully and to submit your proxy as soon as possible so that your shares will be represented at the meeting.

By Order of the Board of Directors,

A handwritten signature in black ink, appearing to read "Shahid A. Ghauri".

PROXY STATEMENT
2020 ANNUAL MEETING OF SHAREHOLDERS

THE ANNUAL MEETING

This proxy statement is solicited by and on behalf of the Board of Directors (the “Board” or the “Board of Directors”) of W&T Offshore, Inc. (the “Company”) for use at the 2020 Annual Meeting of Shareholders (the “Annual Meeting”) scheduled to be held on May 6, 2020 at the offices of the Company, Nine Greenway Plaza, Suite 300, Houston, Texas 77046, at 8:00 a.m., Central Daylight Time, or at any adjournments, postponements or relocations thereof. Unless the context requires otherwise, references in this proxy statement to “we,” “us,” “our” and the “Company” refer to W&T Offshore, Inc. The solicitation of proxies by the Board will be conducted primarily electronically, or by mail for those shareholders requesting paper copies of proxy materials. Officers, directors and employees of the Company may also solicit proxies personally or by telephone, e-mail or other forms of wire or facsimile communication. These officers, directors and employees will not receive any extra compensation for these services. The Company will reimburse brokers, custodians, nominees and fiduciaries for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of common stock of the Company (the “Common Stock”). The costs of the solicitation will be borne by the Company. The Company has retained Georgeson Inc. (“Georgeson”) to assist in the solicitation of proxies. On or about March 26, 2020, we will begin mailing a Notice of Internet Availability of Proxy Materials (the “Notice of Availability”) containing instructions on how to access the proxy materials and vote online. We will make these proxy materials available to you over the Internet or, upon your request, will deliver paper copies of these materials to you by mail, in connection with the solicitation of proxies by the Board for the Annual Meeting.

We intend to hold our Annual Meeting in person. However, we are monitoring the developments regarding the coronavirus, or COVID-19, and preparing in the event any changes for our Annual Meeting are necessary or appropriate. If we determine to make any changes, such as to the location or to hold the meeting by remote communication, we will announce the change in advance and provide instructions on how shareholders can participate under the “SEC Filings” subsection of the “Investors” section of the Company’s website at www.wtoffshore.com.

Purposes of the 2020 Annual Meeting

The purposes of the Annual Meeting are: (1) to elect five directors to hold office until the 2021 Annual Meeting of Shareholders and until their successors are duly elected and qualified; (2) to approve an amendment to our 2004 Directors Compensation Plan (as amended, the “Directors Compensation Plan”) to increase the number of authorized shares of Common Stock; (3) to approve, on an advisory basis, the compensation of the Company’s named executive officers, pursuant to Item 402 of Regulation S-K; (4) to ratify the appointment of Ernst & Young LLP as our independent registered public accountants for the year ending December 31, 2020; and (5) to transact such other business as may properly come before the meeting and any adjournment, postponement or relocation thereof. Although the Board does not anticipate that any other matters will come before the Annual Meeting, your executed proxy gives the official proxies the right to vote your shares at their discretion on any other matter properly brought before the Annual Meeting.

Voting Rights and Solicitation

Only shareholders of record at the close of business on March 19, 2020 (the “Record Date”) will be entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were 141,668,942 shares of Common Stock outstanding, each of which is entitled to one vote on any matter to come before the meeting. Common Stock is the only class of outstanding equity securities of the Company. The holders of issued and outstanding shares representing at least a majority of the outstanding shares of Common Stock, present in person or represented by proxy at the Annual Meeting, will constitute a quorum necessary to hold a valid meeting. The person who is appointed by the chairman of the meeting to be the inspector of election will treat the holders of all shares of Common Stock represented by a returned, properly executed proxy, including shares that abstain from voting, as present for purposes of determining the existence of a quorum at the Annual Meeting. Each share of Common Stock present or represented at the Annual Meeting will be entitled to one vote on any matter to come before the shareholders. If you hold your shares in “street name,” you will receive instructions from your broker or other nominee

describing how to vote your shares. If you do not instruct your broker or nominee how to vote your shares, they may vote your shares as they decide as to each matter for which they have discretionary authority under the rules of the New York Stock Exchange (“NYSE”). For Proposal 4 (*Ratification of the Appointment of Ernst & Young LLP*) to be voted on at the Annual Meeting, brokers and other nominees will have discretionary authority in the absence of timely instructions from you.

There are also non-discretionary matters for which brokers and other nominees do not have discretionary authority to vote unless they receive timely instructions from you. For Proposal 1 (*Election of Directors*), Proposal 2 (*Amendment to the W&T Offshore, Inc. 2004 Directors Compensation Plan*) or Proposal 3 (*Advisory Vote on Executive Compensation*) to be voted on at the Annual Meeting, you must provide timely instructions on how the broker or other nominee should vote your shares. When a broker or other nominee does not have discretion to vote on a particular matter, you have not given timely instructions on how the broker or other nominee should vote your shares and the broker or other nominee indicates it does not have authority to vote such shares on its proxy, a “broker non-vote” results. Although any broker non-vote would be counted as present at the meeting for purposes of determining a quorum, it would be treated as not entitled to vote with respect to non-discretionary matters.

Abstentions occur when shareholders are present at the Annual Meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the shareholders are voting.

The following is a summary of the vote required to approve each proposal, as well as the effect of broker non-votes and abstentions.

- Item 1 (*Election of Directors*): To be elected, each nominee for election as a director must receive the affirmative vote of a plurality of all votes cast. This means that director nominees with the most votes are elected. Votes may be cast in favor of or withheld from the election of each nominee. Votes that are withheld from a director’s election will be counted toward a quorum, but will not affect the outcome of the vote on the election of a director. Broker non-votes will not be taken into account in determining the outcome of the election.
- Item 2 (*Amendment to the W&T Offshore, Inc. 2004 Directors Compensation Plan*): The affirmative vote of a majority of the shares present at the meeting in person or by proxy is required in order for the amendment to be approved at the Annual Meeting. An abstention has the same effect as voting “AGAINST” the proposal and broker non-votes will not be taken into account in determining the outcome of the election.
- Item 3 (*Approval of Executive Compensation*): The affirmative vote of a majority of the shares present at the meeting in person or by proxy is required to approve, by non-binding vote, executive compensation. An abstention has the same effect as voting “AGAINST” the proposal. Brokers do not have discretionary authority to vote on this proposal. Broker non-votes are not considered to be entitled to vote and do not affect the outcome.
- Item 4 (*Ratification of the Appointment of Independent Accountants*): The affirmative vote of a majority of the shares present at the meeting in person or by proxy is required to ratify the appointment of our independent registered public accounting firm. An abstention has the same effect as voting “AGAINST” the proposal. Brokers have discretionary authority in the absence of timely instructions from their customers to vote on this proposal. As a result, there will be no broker non-votes with respect to this proposal.

The Board has retained Georgeson to act as a proxy solicitor in conjunction with the Annual Meeting. We have agreed to pay Georgeson a fee of approximately \$8,500, plus reasonable expenses, costs and disbursements for proxy solicitation services.

Voting Procedures

If you are a registered shareholder, you may vote your shares or submit a proxy to have your shares voted by one of the following methods:

- *By Internet.* You may submit a proxy electronically via the Internet, using the website listed on the Notice of Availability. Please have your Notice of Availability, which includes your personal control number, in hand when you log onto the website. Internet voting facilities will close and no longer be available on the date and time specified on the Notice of Availability.
- *By Telephone.* If you request paper copies of the proxy materials by mail, you may submit a proxy by telephone using the toll-free number listed on the proxy card. Please have your proxy card in hand when you call. Telephone voting facilities will close and no longer be available on the date and time specified on the proxy card.
- *By Mail.* If you request paper copies of the proxy materials by mail, you may submit a proxy by signing, dating and returning your proxy card in the pre-addressed envelope provided.
- *In Person.* You may vote in person at the Annual Meeting by completing a ballot; however, attending the meeting without completing a ballot will not count as a vote.

Revoking Your Proxy

You may revoke your proxy in writing at any time before it is exercised at the Annual Meeting by: (i) delivering to the Corporate Secretary of the Company a written notice of the revocation; (ii) signing, dating and delivering to the Corporate Secretary of the Company a proxy with a later date; or (iii) attending the Annual Meeting and voting your shares in person. Your attendance at the Annual Meeting will not revoke your proxy unless you give written notice of revocation to the Corporate Secretary of the Company before your proxy is exercised or unless you vote your shares in person at the Annual Meeting before your proxy is exercised.

Copies of the Annual Report

Upon written request, we will provide any shareholder, without charge, a copy of our annual report on Form 10-K for the year ended December 31, 2019 (the "Form 10-K"), but without exhibits. Shareholders should direct requests to W&T Offshore, Inc., Attn: Corporate Secretary, Nine Greenway Plaza, Suite 300, Houston, Texas 77046. The Form 10-K and the exhibits filed with it are available on our website, www.wtoffshore.com in the "SEC Filings" subsection of the "Investors" section. These materials do not constitute a part of the proxy solicitation material.

PROPOSAL 1 ELECTION OF DIRECTORS

Currently, the Company's Board is composed of the following five directors: Ms. Virginia Boulet and Messrs. Stuart B. Katz, Tracy W. Krohn, S. James Nelson, Jr. and B. Frank Stanley. At the Annual Meeting, five directors are to be elected, each of whom will serve until the 2021 Annual Meeting and until his or her successor is duly elected and qualified. Each nominee has consented to be nominated and to serve if elected. If any nominee is unable to serve as a director, the shares represented by the proxies will be voted, in the absence of contrary indication, for any substitute nominee that the Board may designate or the size of the Board may be reduced. We know of no reason why any nominee would be unable to serve.

Information about the Nominees

Virginia Boulet, age 66, has served on the Board since March 2005. She is currently Chair of the Nominating and Corporate Governance Committee and a member of the Compensation Committee. From 2004 through 2018, Ms. Boulet was an adjunct professor of law at Loyola University Law School. Since April 2014, she has been employed as Managing Director of Legacy Capital, LLC. From 2002 to March 2014, Ms. Boulet was employed as Special Counsel to Adams and Reese, LLP, a law firm. Prior to 2002, Ms. Boulet was a partner at the law firm Phelps Dunbar, LLP. Ms. Boulet has over 20 years of experience in mergers and acquisitions, equity securities offerings, general business matters and counseling clients regarding compliance with federal securities laws and regulations. Ms. Boulet currently serves on the board of directors of CenturyLink, Inc., a telecommunications company. She also serves as chair of the nominating and corporate governance committee of CenturyLink, as well as a member of the board's compensation committee. Service on this board and its committees has provided her the background and experience of board processes, function, exercise of diligence and oversight of management. In the past, she served as President and Chief Operating Officer of IMDiversity, Inc., an on-line recruiting company. Ms. Boulet received a B.A. in Medieval History from Yale University, and a J.D., cum laude, from Tulane University Law School. With her public company board experience and recruiting experience as president of a recruiting company, Ms. Boulet is well suited as a member of our Board, the Compensation Committee and to the Nominating and Corporate Governance Committee functions of identifying and evaluating individuals qualified to become board members and evaluating our corporate governance policies. Her legal background also provides her with a high level of technical expertise in reviewing transactions and agreements and addressing the myriad of legal issues presented to the Board.

Stuart B. Katz, age 65, previously served on the Board from 2002 to 2008 and was reappointed to serve on the Board in April 2011. Mr. Katz serves on our Audit Committee, is Chairman of our Compensation Committee and also serves as Presiding Director. Since 2007, Mr. Katz has served as Chief Executive Officer and member of the board of directors of Alconox, Inc., a private company engaged in the manufacturing and marketing of specialty chemicals. From 2001 to 2010, Mr. Katz was a Managing Director of Jefferies Capital Partners ("JCP"), a private equity investment fund. In 2002, Mr. Katz joined the Board in connection with JCP's investment in the Company. In May 2008, Mr. Katz declined to stand for reelection to the Board in connection with JCP's divestment of its remaining equity interest in the Company. Prior to joining JCP in 2001, Mr. Katz had been an investment banker with Furman Selz LLC and its successors for over 16 years. Mr. Katz received a B.S. in engineering from Cornell University and a J.D. from Fordham Law School. Mr. Katz is a member of the bar of the State of New York. Mr. Katz brings valuable leadership and management skills as a result of his role as Chief Executive Officer of Alconox, as well as a result of his service as a member of the board of directors of a number of other companies, including other public companies. We believe that this experience, as well as the investment management experience he has gained through the ownership of controlling equity positions in connection with his activities with JCP, make him a valuable part of our Board and member of our Audit Committee and Compensation Committee.

Tracy W. Krohn, age 65, has served as Chief Executive Officer since he founded the Company in 1983 and as Chairman since 2004 and was also Treasurer from 1997 until 2006. He also served as President of the Company since its founding until September 2008 and again since March 2017. During 1996 to 1997, Mr. Krohn was Chairman and Chief Executive Officer of Aviara Energy Corporation. Mr. Krohn has been actively involved in the oil and gas business since graduating with a B.S. in Petroleum Engineering from Louisiana State University in 1978. He began his career as a petroleum engineer and offshore drilling supervisor with Mobil Oil Corporation. Prior to founding the Company, from 1981 to 1983, Mr. Krohn was Senior Engineer with Taylor Energy Company. In 2013, Mr. Krohn was appointed to serve on the board of directors of the American Petroleum Institute. He also serves on the board of directors of a privately owned company. As founder of the Company, Mr. Krohn is one of the driving forces behind the Company and its success to date. Over the course of the Company's history, Mr. Krohn has successfully grown the Company through his exceptional leadership skills and acute business judgment.

S. James Nelson, Jr., age 77, has served on the Board since January 2006. He is currently Chair of the Audit Committee. In 2016, he was appointed to replace Mr. Krohn as a member of the Nominating and Corporate Governance Committee. In 2004, Mr. Nelson retired after 15 years of service from Cal Dive International, Inc. (now named Helix Energy Solutions Group, Inc.), a marine contractor and operator of offshore oil and natural gas properties and production facilities, where he was a founding shareholder, Chief Financial Officer from 1990 to 2000, Vice Chairman from 2000 to 2004 and a director from 1990 to 2004. From 1985 to 1988, Mr. Nelson was the Senior Vice President and Chief Financial Officer of Diversified Energies, Inc. and from 1980 to 1985 was the Chief Financial Officer of Apache Corporation, an oil and gas exploration and production company. From 1966 to 1980, Mr. Nelson was employed with Arthur Andersen & Co., where he became a partner in 1976. Mr. Nelson received a B.S. in Accounting from Holy Cross College and holds a M.B.A. from Harvard University. He is also a certified public accountant. Additionally, since 2004, Mr. Nelson has served on the boards of directors and audit committees of Oil States International, Inc., a diversified oilfield service company, and ION Geophysical, a seismic services provider. From 2005 until the company's sale in 2008, he was also a member of the board of directors and compensation and audit committees of Quintana Maritime LTD, a provider of dry bulk shipping services based in Athens, Greece, and from 2010 to 2012, he served as a member of the board of directors and audit and compensation committees of Genesis Energy, LP, a midstream master limited partnership. Mr. Nelson has an extensive background in public accounting both from his time as a partner at Arthur Andersen & Co. and his time as Chief Financial Officer at various companies. Mr. Nelson's service on audit committees of other companies enables him to remain current on audit committee best practices and current financial reporting developments within the energy industry. We believe these experiences and skills qualify him to serve as the Chair of our Audit Committee and a member of the Nominating and Corporate Governance Committee.

B. Frank Stanley, age 65, has served on the Board since 2009. Mr. Stanley serves as a member of our Audit, Compensation and Nominating and Corporate Governance Committees. He is currently Co-Chief Executive Officer and Chief Financial Officer of Retail Concepts, Inc., a privately-held retail chain of 31 stores in 12 states with over seven hundred employees. Prior to joining Retail Concepts, Inc. in 1988, he was Chief Financial Officer of Southpoint Porsche Audi WGW Ltd. from 1987 to 1988. From 1985 to 1987, he was employed by KPMG Peat Marwick, holding the position of Manager, Audit in 1987. From 1983 to 1984, he was Chief Financial Officer of Design Research, Inc., a manufacturer of housing for offshore drilling platforms. From 1980 to 1982, he was Chief Financial Officer of Tiger Oilfield Rental Co., Inc. and, from 1977 to 1979, he was an accountant with Trunkline Gas Co. Mr. Stanley holds a B.B.A. in Accounting from Texas A&M University and is a certified public accountant. Mr. Stanley has an extensive background in accounting and financial matters, which qualify him for service as a member of our Board and Audit, Compensation, and Nominating and Corporate Governance Committees.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF THE FIVE NOMINEES LISTED ABOVE.

PROPOSAL 2
AMENDMENT TO THE W&T OFFSHORE, INC. 2004 DIRECTORS COMPENSATION PLAN

Introduction

The Board of Directors, subject to the approval of our shareholders as required under the NYSE's rules, has approved the first amendment to the Directors Compensation Plan which would authorize us to reserve and issue an additional 500,000 shares of Common Stock beyond the number of shares previously authorized for issuance pursuant to awards under the Directors Compensation Plan.

The proposed amendment to the Directors Compensation Plan is attached hereto as Appendix A, and the Directors Compensation Plan prior to giving effect to this proposed amendment, is incorporated by reference to Exhibit 10.11 of the Company's Registration Statement on Form S-1, filed May 3, 2004 (File No. 333-115103). Pursuant to this Proposal 2, we are requesting that our shareholders vote to approve the increase in the number of shares of Common Stock approved for issuance under the Directors Compensation Plan. If our shareholders approve this Proposal 2, we intend to file, pursuant to the Securities Act of 1933, as amended, a registration statement on Form S-8 to register the additional shares available for issuance under the Directors Compensation Plan.

Reason for Proposed Amendment and the Request for Shareholder Approval

The use of stock-based awards under the Directors Compensation Plan has been a key component of our director compensation program since its adoption in 2004. The awards granted under the Directors Compensation Plan assist us in attracting and retaining capable, talented individuals to serve in the capacity of non-employee directors.

We originally reserved 100,000 shares for issuance pursuant to the Directors Compensation Plan, which was automatically increased to 666,917 shares in connection with a 6.669173211-for-1 split of our common stock in November 2004. As of December 31, 2019, 82,620 shares remained available for us to issue as awards under the Directors Compensation Plan. We have made grants of restricted stock under our Directors Compensation Plan as part of our annual directors' compensation program, further described below under the heading "Directors Compensation." At the time of vesting of each grant, we have the obligation to settle the award in shares of our Common Stock. An increase in available shares is necessary to continue attracting and retaining qualified non-employee directors as well as aligning our Directors' interests with the Company's success, which is critical to our future value growth and governance.

If this Proposal 2 is not approved by our shareholders, the Directors Compensation Plan will continue to be effective, and there will be no impact on the rights of existing award holders under the Directors Compensation Plan. However, if this Proposal 2 is not approved by our shareholders, we do not expect to be able to issue any meaningful equity-based compensation awards pursuant to the Directors Compensation Plan in the future, and we would need to reevaluate our director compensation program in general.

Summary of the Directors Compensation Plan

The following summary provides a general description of the material features of the Directors Compensation Plan, and is qualified in its entirety by reference to the full text of the Directors Compensation Plan, prior to giving effect to the proposed amendment, incorporated by reference to Exhibit 10.11 of the Company's Registration Statement on Form S-1, filed May 3, 2004 (File No. 333-115103). The purpose of the Directors Compensation Plan is to promote the interests of our Company and our shareholders by strengthening our ability to attract, motivate and retain directors of experience and ability, and to encourage the highest level of performance by providing our directors with a proprietary interest in our financial success and growth. While the existing Directors Compensation Plan provides for various potential awards, we have historically granted a long-term incentive to our directors utilizing restricted stock. The Directors Compensation Plan provides for grants of (i) stock options that do not qualify as incentive stock options ("Nonstatutory Options"), (ii) restricted stock awards ("Restricted Stock Awards") and (iii) bonus stock (collectively referred to as "Awards"). Individual terms applicable to the various Awards, such as vesting or transferability, may be established by the Plan Administrator at the time of grant. Any outstanding awards in existence at the expiration date of the Directors Compensation Plan shall remain subject to the terms and conditions of the Directors Compensation Plan beyond such date.

Administration

The Compensation Committee of our Board of Directors (the “Compensation Committee” or the “Plan Administrator”) administers the Directors Compensation Plan. The Compensation Committee will consist solely of two or more directors who qualify as “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”) and “non-employee directors” under Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

The Plan Administrator will interpret the Directors Compensation Plan, prescribe, amend or rescind the Directors Compensation Plan’s rules and make all other determinations necessary for the Directors Compensation Plan’s administration. All determinations by the Plan Administrator which were made within the Plan Administrator’s discretion and authority regarding the Directors Compensation Plan or an individual Award shall be final and binding.

Eligibility

The four directors eligible to receive awards under the Directors Compensation Plan are the directors who are not employed by us or our subsidiaries as of December 31, 2019.

Source of Shares

Stock issued under the Directors Compensation Plan may come from authorized but unissued shares of our Common Stock or from previously issued shares of Common Stock we have acquired in the open market. If there is a forfeiture, termination or other surrender of Common Stock that underlies an Award, or our Common Stock was used to pay withholding taxes or an Option exercise price, those shares will again be available for issuance under the Directors Compensation Plan unless an applicable law or regulation prevents such re-issuance. As of March 4, 2020, the closing price of our common stock on the NYSE was \$2.42.

Awards Under the Directors Compensation Plan

Options. Under the Directors Compensation Plan, the Plan Administrator may grant Nonstatutory Options to eligible persons; however, no such grants have been made to date. The exercise price of each Nonstatutory Option granted under the Directors Compensation Plan should a grant be made, will be stated in the option agreement and may vary; provided, however, that the exercise price for a Nonstatutory Option must not be less than 100% of the fair market value per share of the Common Stock as of the grant date. Nonstatutory Options may be exercised as the Plan Administrator determines. In the event that the Plan Administrator does not specify a vesting period for the award, the Nonstatutory Option will be exercised in five equal installments over a period of five years. The Plan Administrator will determine the methods and form of payment for the exercise price of a Nonstatutory Option (including, in the discretion of the Plan Administrator, payment in Common Stock or other Awards) and the methods and forms in which Common Stock will be delivered to a participant.

The Plan Administrator will determine at the time of a grant of an Option whether to require forfeiture of the Options upon a termination of service for any reason. Options will become vested upon a “Change in Control” (as defined below). Upon a termination of service, all vested but unexercised Options must be exercised within two years.

Restricted Stock Awards. A Restricted Stock Award is a grant of shares of Common Stock subject to a risk of forfeiture, restrictions on transferability and any other restrictions imposed by the Plan Administrator in its discretion. Restrictions may lapse at such times and under such circumstances as determined by the Plan Administrator. The holder of a Restricted Stock Award has rights as a shareholder, including the right to receive dividends on the Common Stock subject to the Restricted Stock Award and voting rights associated with the Common Stock underlying the Restricted Stock Award. Unless otherwise determined by the Plan Administrator, Common Stock distributed to a holder of a Restricted Stock Award in connection with a stock split or stock dividend distributed as a dividend, will be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock Award with respect to which such Common Stock has been distributed. During the restricted period applicable to the Restricted Stock Award, the Restricted Stock Award may not be sold, transferred, pledged, hypothecated, margined or otherwise encumbered by the participant.

Bonus Stock. The Plan Administrator is authorized to grant Common Stock as a bonus, or to grant Common Stock in lieu of obligations to pay cash under the Directors Compensation Plan or under other plans or compensatory arrangements, subject to any applicable provision under Section 16 of the Exchange Act. The Plan Administrator will determine any terms and conditions applicable to grants of Common Stock.

Recapitalizations and Changes in Control

Recapitalization Adjustment

If any change is made to our capitalization, such as a stock split, stock combination, stock dividend, exchange of shares or other recapitalization, merger or otherwise, which results in an increase or decrease in the number of outstanding shares of Common Stock, appropriate adjustments will be made by the Plan Administrator as to the number and price of shares subject to an Award.

Change in Control

Upon the occurrence of a Change in Control Event (as defined within the plan), the Nonstatutory Options vest in full and become immediately exercisable, and the Restricted Stock Awards will have all restrictions immediately lapse.

Miscellaneous Provisions

Termination of Employment

Individuals must remain on the Board during the restriction period in order to retain shares of restricted stock granted under the Directors Compensation Plan. However, the Plan Administrator may, at the time of the grant, allow the restrictions to lapse with respect to a portion or portions of the restricted stock at different times during the restriction period.

Discontinuance or Amendment of the Directors Compensation Plan

Our Board of Directors may discontinue the Directors Compensation Plan, or amend the terms of the Directors Compensation Plan as permitted by applicable statutes, except that such amendment to the Directors Compensation Plan may not revoke or unfavorably alter any outstanding Award. However, the Compensation Committee does have the right to amend, alter, suspend, discontinue or terminate any Award under certain circumstances. Our Board of Directors may also not amend the Directors Compensation Plan without shareholder approval where such approval is required by Rule 16b-3 of the Exchange Act, or any other applicable law or regulation. Amendments that are required to be approved by our shareholders under the rules of any stock exchange on which our Common Stock is trading will be voted on by our shareholders at the next annual meeting following such an amendment.

Tax Withholding

Directors are responsible for the payment of all taxes associated with the grant, vesting or settlement of Awards pursuant to the Directors Compensation Plan.

United States Federal Income Tax Consequences

The following is a brief summary of certain United States federal income tax consequences of certain transactions contemplated under the Directors Compensation Plan based on federal income tax laws in effect on January 1, 2019. This summary applies to the Directors Compensation Plan as normally operated and is not intended to provide or supplement tax advice to eligible participants. The summary contains general statements based on current United States federal income tax statutes, regulations and currently available interpretations thereof. This summary is not intended to be exhaustive and does not describe state, local or foreign tax consequences or the effect, if any, of gift, estate and inheritance taxes.

Tax Consequences to Grantees under the Directors Compensation Plan

Nonstatutory Options. Participants will not realize taxable income upon the grant of a Nonstatutory Option. Upon the exercise of a Nonstatutory Option, a participant will recognize ordinary compensation income (subject to withholding) in an amount equal to the excess of (i) the amount of cash and the fair market value of the Common Stock received, over (ii) the exercise price (if any) paid therefor. A participant will generally have a tax basis in any shares of Common Stock received pursuant to the cash exercise of a Nonstatutory Option, that equals the fair market value of such shares on the date of exercise. We will generally be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the foregoing rules.

Under current rulings, if a participant transfers previously held shares of Common Stock in satisfaction of part or all of the exercise price of a Nonstatutory Option, no additional gain will be recognized on the transfer of such previously held shares in satisfaction of the Nonstatutory Option exercise price (although a participant would still recognize ordinary compensation income upon exercise of a Nonstatutory Option in the manner described above). Moreover, that number of shares of Common Stock received upon exercise which equals the number of shares of previously held Common Stock surrendered therefor in satisfaction of the Nonstatutory Option exercise price will have a tax basis that equals, and a capital gains holding period that includes, the tax basis and capital gains holding period of the previously held shares of Common Stock surrendered in satisfaction of the Nonstatutory Option exercise price. Any additional shares of Common Stock received upon exercise will have a tax basis that equals the amount of cash (if any) paid by the participant, plus the amount of compensation income recognized by the participant under the rules described above. If a reload option is issued in connection with a participant's transfer of previously held Common Stock in full or partial satisfaction of the exercise price of a Nonstatutory Option, the tax consequences of the reload option will be as provided above for a Nonstatutory Option, depending on whether the reload option itself is a Nonstatutory Option.

The Directors Compensation Plan generally provides that the Awards may only be transferred according to the laws of descent and distribution; and the Directors Compensation Plan allows the Plan Administrator to permit the transfer of Awards only in limited circumstances, such as a qualified domestic relations order or to certain family members with the Plan Administrator's prior consent.

If a participant transfers a vested Nonstatutory Option to another person and retains no interest in or power over it, the transfer is treated as a completed gift. The amount of the transferor's gift (or generation-skipping transfer, if the gift is to a grandchild or later generation) equals the value of the Nonstatutory Option at the time of the gift. The value of the Nonstatutory Option may be affected by several factors, including the difference between the exercise price and the fair market value of the Common Stock, the potential for future appreciation or depreciation of the Common Stock, the time period of the Nonstatutory Option and the illiquidity of the Nonstatutory Option. The transferor will be subject to a federal gift tax, which will be limited by (i) the annual exclusion of \$15,000 per donee (for 2020, subject to adjustment in future years), (ii) the transferor's lifetime unified credit, or (iii) the marital or charitable deduction rules. The gifted Nonstatutory Option will not be included in the participant's gross estate for purposes of the federal estate tax or the generation-skipping transfer tax.

This favorable tax treatment for vested Nonstatutory Options has not been extended to unvested Nonstatutory Options. Whether such consequences apply to unvested Nonstatutory Options is uncertain, and the gift tax implications of such a transfer is a risk the transferor will bear upon such a disposition.

Restricted Stock Awards. A participant will not have taxable income at the time of a grant of a Restricted Stock Award, but rather, will generally recognize ordinary compensation income at the time he receives Common Stock in settlement of the Awards in an amount equal to the fair market value of the Common Stock received. In general, a participant will recognize ordinary compensation income as a result of the receipt of Common Stock pursuant to a Restricted Stock Award in an amount equal to the fair market value of the Common Stock when such Common Stock is received; provided that, if the Common Stock is not transferable and is subject to a substantial risk of forfeiture when received, a participant will recognize ordinary compensation income in an amount equal to the fair market value of the Common Stock (i) when the Common Stock first becomes transferable or is no longer subject to a substantial risk of forfeiture, in cases where a participant does not make a valid election under Section 83(b) of the Code or (ii) when the Common Stock is received, in cases where a participant makes a valid election under Section 83(b) of the Code.

As non-employees, the directors will not be subject to withholding taxes. The directors will be responsible for all taxes associated with the grant, vesting or settlement of their Awards. The tax basis in the Common Stock received by a participant will equal the amount recognized by him or her as compensation income under the rules described in the preceding paragraph, and the participant’s capital gains holding period in those shares of Common Stock will commence on the later of the date the shares of Common Stock are received or the restrictions lapse.

Subject to the discussion immediately below, we will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount of the compensation income recognized by a participant under the foregoing rules.

Tax Consequences to our Company

In order for the amounts described above to be tax deductible, such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses.

New Plan Awards

The Awards that will be made to the non-employee directors under the Directors Compensation Plan are currently determined as part of our director’s compensation program. As of the date of this proposal, each non-employee director is eligible to receive, at each annual meeting of shareholders, a restricted stock grant pursuant to the Directors Compensation Plan covering shares of Common Stock of the Company having a fair market value (calculated as of the close of trading on the NYSE on the date of the annual shareholder meeting) approximately equal to \$70,000. No Nonstatutory Options have ever been granted pursuant to the Directors Compensation Plan to date.

Name and Position	Dollar Value (\$)	Number of Common Stock Subject to Award
Virginia Boulet, Director	\$70,000	(1)
Stuart B. Katz, Director	\$70,000	(1)
S. James Nelson, Jr., Director	\$70,000	(1)
B. Frank Stanley, Director	\$70,000	(1)

(1) As noted above, the number of Common Stock subject to each non-employee director’s grant will be determined annually on the date of the annual shareholder meeting, which for 2020 will be held on May 6, 2020.

Required Vote

Approval of the adoption of the proposed amendment to the Directors Compensation Plan requires the affirmative vote of a majority of the shares present at the meeting in person or represented by proxy. Unless marked to the contrary, proxies received will be voted “FOR” the approval of the amendment to the Directors Compensation Plan.

Recommendation of the Board

THE BOARD RECOMMENDS YOU VOTE “FOR” APPROVAL OF THE AMENDMENT TO THE DIRECTORS COMPENSATION PLAN TO INCREASE THE SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE UNDER OUR DIRECTORS COMPENSATION PLAN.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Introduction

We are asking that our shareholders provide advisory, non-binding approval of the compensation paid to our Named Executive Officers, as described in the “Compensation Discussion and Analysis” (“CD&A”) section of this proxy statement. The Board recognizes that executive compensation is an important matter for our shareholders. As described in detail in the CD&A section of this proxy statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy, and the core of that philosophy has been and continues to be to pay our executive officers based on the Company’s performance. In particular, the Compensation Committee strives to attract, as needed, and retain the best possible executive talent, to incentivize the Named Executive Officers’ efforts on our behalf in a way that supports our financial performance objectives and business strategy, and to align their incentives with enhancement of shareholder value. To do so, the Compensation Committee uses a combination of short- and long-term incentive compensation to reward near-term excellent performance and to encourage executives’ commitment to our long-range, strategic business goals. It is always the intention of the Compensation Committee that our executive officers be compensated competitively and consistently with our strategy, sound corporate governance principles, and shareholder interests and concerns.

As described in the CD&A section of this proxy statement, we believe our compensation program is effective, appropriate and strongly aligned with the long-term interests of our shareholders and that the total compensation packages provided to the Named Executive Officers (including potential payouts upon a termination or change of control) are reasonable and not excessive. As you consider this Proposal 3, we urge you to read the CD&A section of this proxy statement for additional details on executive compensation, including more detailed information about our compensation philosophy and objectives and the past compensation of our Named Executive Officers, and to review the tabular disclosures regarding compensation of our Named Executive Officers together with the accompanying narrative disclosures in the “Executive Compensation and Related Information” section of this proxy statement. Among the program features incorporated by the Compensation Committee to align with our executive compensation philosophy with the long-term interests of our shareholders are the following:

- equity-based awards generally incorporate a three-year vesting period to emphasize long-term performance and executive officer commitment;
- our annual incentive cash awards incorporate numerous financial and/or strategic performance metrics in order to properly balance risk with the incentives to drive our key annual financial and/or strategic initiatives and impose maximum payouts to further manage risk and the possibility of excessive payments; and
- we have focused our executives on long-term shareholder value creation through our use of equity-based awards, including our RSUs.

We believe that the shareholders, by voting for directors individually as described in Proposal 1, have had a clear ability to express their approval or disapproval of the performance of our directors and, specifically the directors serving on the Compensation Committee; however, in 2010, Congress enacted the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Act”), which requires, among other things, a non-binding advisory “say-on-pay” vote and gives our shareholders the opportunity to express their views on our Named Executive Officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement.

As an advisory vote, Proposal 3 is not binding on the Board or the Compensation Committee, will not overrule any decisions made by the Board or the Compensation Committee, or require the Board or the Compensation Committee to take any action. Although the vote is non-binding, the Board and the Compensation Committee value the opinions of our shareholders, and will carefully consider the outcome of the vote when making future compensation decisions for executive officers. In particular, to the extent there is any significant vote against the compensation of our Named Executive Officers as disclosed in this proxy statement, we will consider our shareholders’ concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

In prior years, the Board decided to hold the advisory vote to approve the compensation paid to our Named Executive Officers every three years. The Board has determined that it is in the best interest of the Company and its shareholders to hold an advisory vote to approve the compensation paid to our Named Executive Officers on an annual basis going forward.

Text of the Resolution to be Adopted

We are asking shareholders to vote “FOR” the following resolution:

“RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company’s Proxy Statement for the 2020 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2019 Summary Compensation Table and the other related tables and disclosure.”

Recommendation of the Board

THE BOARD RECOMMENDS YOU VOTE “FOR” THE APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS.

PROPOSAL 4

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board (the “Audit Committee”) appointed Ernst & Young LLP (“EY”), independent registered public accountants, to audit our consolidated financial statements as of and for the year ending December 31, 2020. We are advised that no member of EY has any direct or material indirect financial interest in our Company or, during the past three years, has had any connection with us in the capacity of promoter, underwriter, voting trustee, director, officer or employee.

If the appointment is not ratified, the Audit Committee will consider the appointment of other independent registered public accountants. A representative of EY is expected to be present at the Annual Meeting, will be offered the opportunity to make a statement if the representative desires to do so and will be available to respond to appropriate questions.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” RATIFICATION OF THE APPOINTMENT OF EY AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS.

CORPORATE GOVERNANCE

Corporate Governance Guidelines; Code of Business Conduct and Ethics

A complete copy of the Company's corporate governance guidelines, which the Board reviews at least annually, is posted under the "Governance—Governance Documents" subsection of the "Investors" section of the Company's website at www.wtoffshore.com and is available in print to any shareholder who requests it. The Board has adopted a Code of Business Conduct and Ethics that applies to all employees, officers and directors. A complete updated version copy of the Code of Business Conduct and Ethics is posted on the Company's website at www.wtoffshore.com and is available in print to any shareholder who requests it. Any amendments to the Code of Business Conduct and Ethics will be posted on the Company's website at www.wtoffshore.com under the "Governance—Governance Documents" subsection of the "Investors" section.

Independence

After reviewing the qualifications of our current directors and nominees, and any relationships they may have with the Company that might affect their independence, the Board has determined that each director and nominee, other than Mr. Krohn, is "independent" as that concept is defined by the NYSE's Listed Company Manual. In making the determinations of director independence, the Board considered the relationship described below.

Board Leadership Structure

Tracy W. Krohn serves as the Company's Chairman, Chief Executive Officer and President and controls approximately 33.0% of the outstanding shares of Common Stock. The Board believes its leadership structure is justified by the efficiencies of having the Chief Executive Officer and President also serve in the role of Chairman of the Board, as well as due to Mr. Krohn's role in founding the Company and his significant ownership interest in the Company. Stuart B. Katz is the independent director who has been elected to serve as the presiding director of the Board.

Standing Committees of the Board

The Board has three standing committees—the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee.

Audit Committee

Messrs. Nelson, Katz and Stanley sit on the Company's Audit Committee. Mr. Nelson is Chair of the Audit Committee. The Board has determined that each of Messrs. Nelson, Katz and Stanley are "independent" under the standards of both the NYSE and Section 10A of the Exchange Act and are financially literate and Mr. Nelson has been designated as the "audit committee financial expert," as defined under Item 407 of Regulation S-K promulgated under the Exchange Act.

The Audit Committee establishes the scope of and oversees the annual audit, including recommending the independent registered public accountants that audit the Company's financial statements and approving any other services provided by the independent registered public accountants. The Audit Committee also assists the Board in fulfilling its oversight responsibilities by (1) overseeing the Company's system of financial reporting, auditing, controls and legal compliance, (2) overseeing the operation of such system and the integrity of the Company's financial statements, overseeing the qualifications, independence and performance of the outside auditors and any internal auditors who the Company may engage, and (3) periodically reporting to the Board concerning the activities of the Audit Committee. In performing its obligations, it is the responsibility of the Audit Committee to maintain free and open communication between it, the Company's independent auditors, the internal audit function and the management of the Company. The Audit Committee's functions are further described under the heading "Audit Committee and Independent Registered Public Accounting Firm—Audit Committee Report." A copy of the Audit Committee's Charter is posted under the "Governance—Governance Documents" subsection of the "Investors" section of the Company's website at www.wtoffshore.com and is available in print to any shareholder who requests it.

Nominating and Corporate Governance Committee

Ms. Boulet and Messrs. Nelson and Stanley serve as members of the Nominating and Corporate Governance Committee of the Board. Ms. Boulet is Chair of the Nominating and Corporate Governance Committee. All of these individuals qualify as (i) independent under NYSE listing standards, Section 10C of the Exchange Act, and the Company's corporate governance guidelines, (ii) "non-employee directors" under Rule 16b-3 promulgated under the Exchange Act and (iii) "outside directors" under Section 162(m). The purpose of the Nominating and Corporate Governance Committee is to nominate candidates to serve on the Board and to recommend director compensation. Once the Nominating and Corporate Governance Committee has recommended director compensation, the Board accepts or rejects the recommendation. The factors and processes used to select potential nominees are more fully described in the section entitled "—Identifying and Evaluating Nominees for Directors." The Nominating and Corporate Governance Committee is also responsible for monitoring a process to annually assess Board effectiveness, developing and implementing corporate governance guidelines and taking a leadership role in regulating the corporate governance of the Company. A copy of the Nominating and Corporate Governance Committee's Charter is posted under the "Governance—Governance Documents" subsection of the "Investors" section of the Company's website at www.wtoffshore.com and is available in print to any shareholder who requests it.

Compensation Committee

Ms. Boulet and Messrs. Katz and Stanley serve as members of the Compensation Committee. Mr. Katz is the Chair of the Compensation Committee. All of these individuals qualify as (i) independent under NYSE listing standards, Section 10C of the Exchange Act, and the Company's corporate governance guidelines, (ii) "non-employee directors" under Rule 16b-3 promulgated under the Exchange Act and (iii) "outside directors" under Section 162(m).

The Compensation Committee performs an annual review of the compensation and benefits of the executive officers and senior management, establishes and reviews general policies related to employee compensation and benefits and administers the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan, as amended (the "Incentive Compensation Plan") and the Directors Compensation Plan. Under the terms of its charter, the Compensation Committee also determines the compensation for Mr. Krohn, the Chief Executive Officer and President of the Company. The Compensation Committee has the power to delegate some or all of its power and authority in administering the Incentive Compensation Plan of the Company to the Chief Executive Officer, other senior members of management or committee or subcommittee, as the Committee deems appropriate; however, the Compensation Committee may not delegate its authority to an individual with regard to any matter or action under the Incentive Compensation Plan for an officer that is subject to Section 16 of the Exchange Act. If you would like additional information on the responsibilities of the Compensation Committee, please refer to its charter, which is available on our website at www.wtoffshore.com under the "Governance—Governance Documents" subsection of the "Investors" section of our website and is available in print to any shareholder who requests it.

Risk Oversight

Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance shareholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of the full Board in setting the Company's business strategy is a key part of its assessment of management's tolerance for risk and also a determination of what constitutes an appropriate level of risk for the Company.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment report from the Company's internal auditors. In addition, in setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are set forth above. The Compensation Committee is comprised entirely of independent directors. In addition, none of the Company's executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Board or Compensation Committee.

Consulting Fees and Services and Conflicts of Interest

The Compensation Committee selects our compensation consultants and other Compensation Committee advisors taking into consideration the factors identified by the SEC rules and regulations and the NYSE listing standards. At the August 2018 meeting of the Compensation Committee, the Compensation Committee elected to continue to utilize Meridian Compensation Partners, LLC as the Company's executive compensation consultant for 2019. Other than services involving only broad-based non-discriminatory plans or providing survey information, neither our current nor our prior compensation consultant provided non-executive compensation consulting services to the Company in an amount in excess of \$120,000 in 2019. The Compensation Committee has concluded that the work of our compensation consultants has not raised any conflict of interest. Please read "Compensation Discussion and Analysis—Role of the Compensation Committee, its Consultants and Management" for more information about the role of our compensation consultant in our executive compensation programs.

Meetings of the Board and the Committees of the Board

During 2019, the Board held five meetings, the Compensation Committee held eight meetings, the Nominating and Corporate Governance Committee held one meeting and the Audit Committee held four meetings. All of the directors attended all meetings of the Board and all meetings of the committees on which they served during 2019.

The Company's directors are encouraged to attend the Annual Meeting, but the Company does not otherwise have a policy regarding such attendance. All directors were present at the Annual Meeting held in 2019.

Legal Proceedings

Currently, no director or executive officer, to our knowledge, is a party to any material legal proceeding adverse to the interests of the Company. Additionally, to our knowledge no director or executive officer has a material interest in a material proceeding adverse to the Company.

Director Nomination Process

The Nominating and Corporate Governance Committee will consider all properly submitted shareholder recommendations of candidates for election to the Board. Pursuant to Section 12 of the Company's Bylaws, any shareholder may nominate candidates for election to the Board by giving timely notice of the nomination to the Corporate Secretary of the Company. The Company's Bylaws require that any such shareholder must be a shareholder of record at the time it gives notice of the nomination. To be considered a timely nomination, the shareholder's notice must be delivered to the Corporate Secretary at the Company's principal office no later than 90 days prior to the first anniversary of the preceding year's Annual Meeting and no earlier than 120 days prior to the first anniversary of the preceding year's Annual Meeting. In evaluating the recommendations of the shareholders for director nominees, as with all other possible director nominees, the Nominating and Corporate Governance Committee will address the criteria set forth below under the heading "—Identifying and Evaluating Nominees for Directors."

Any shareholder recommendations for director nominees should include the candidate's name, qualifications and written consent to being named in the proxy statement and to serving on the Board if elected. The shareholder must also include any other business that the shareholder proposes to bring before the meeting, the reasons for conducting such business at the meeting, any material interest in such business of such shareholder and the beneficial owner, if any, on whose behalf the proposal is made. Additionally, the shareholder must provide his name and address, the name and address of any beneficial owner on whose behalf the shareholder is acting and the number of shares of Common Stock beneficially owned by the shareholder and any beneficial owner for whom the shareholder is acting. Such written notice should be sent to:

Shahid A. Ghauri, Esq.
Corporate Secretary
W&T Offshore, Inc.

Identifying and Evaluating Nominees for Directors

The Nominating and Corporate Governance Committee is responsible for leading the search for individuals qualified to serve as directors. The Nominating and Corporate Governance Committee evaluates candidates for nomination to the Board, including those recommended by shareholders, and conducts appropriate inquiries into the backgrounds and qualifications of possible candidates. The Nominating and Corporate Governance Committee then recommends nominees to the Board to be presented for election as directors at meetings of the shareholders or of the Board. As indicated above, shareholders may recommend possible director nominees for consideration to the Nominating and Corporate Governance Committee.

In evaluating nominees to serve as directors on the Board and in accordance with the Company's Corporate Governance Guidelines, the Nominating and Corporate Governance Committee selects candidates with the appropriate skills and characteristics required of Board members. Pertinent to this inquiry is the following non-exhaustive list of factors: independent business or professional experience; integrity and judgment; records of public service; ability to devote sufficient time to the affairs of the Company; diversity of background, experience and competencies that the Board desires to have represented; age; skills; occupation; and understanding of financial statements and financial reporting systems.

The Nominating and Corporate Governance Committee will also consider and weigh these factors in light of the current composition and needs of the Board.

Director Skills Matrix

Currently, our Board embodies a diverse set of experiences, qualifications, attributes and skills as shown below:

Director Compensation

Directors who are also employees of the Company receive no additional compensation for serving as directors or committee members. The Board and shareholders adopted the Directors Compensation Plan, which provides that the Compensation Committee may grant stock options or restricted or unrestricted stock to non-employee directors. A total of 666,917 shares of Common Stock were initially reserved for issuance under the Directors Compensation Plan; as of December 31, 2019, a total of 82,620 shares remain available for issuance under the Directors Compensation Plan. If Proposal 2 (*Amendment to the W&T Offshore, Inc. 2004 Directors Compensation Plan*) is approved, a total of 582,620 shares will be available for issuance under the Directors Compensation Plan.

We provide each of the non-employee directors of the Company the following compensation:

- (i) an annual retainer of \$110,000, payable in equal quarterly installments;
- (ii) at each annual meeting of shareholders, a restricted stock grant pursuant to the Company's Directors Compensation Plan covering shares of Common Stock of the Company having a fair market value (calculated as of the close of trading on the NYSE on the date of the annual meeting of shareholders) equal to \$70,000;
- (iii) compensation of \$1,500 for each meeting of the Board or any Board committee meeting attended;
- (iv) compensation of \$1,000 for each Board unanimous written consent executed;
- (v) compensation of \$1,500 for each day that a Board member attends a seminar (up to two seminars a year) concentrating on matters relating to responsibilities of Board members;
- (vi) compensation of \$5,000 each year for serving on any committee of the Board (except Chair of the Audit Committee);

(vii) compensation of \$5,000 each year for serving as chair of any committee of the Board (except Chair of the Audit Committee);

(viii) compensation of a one-time fee of \$10,000 for serving on any Special Committee of the Board that may be formed; and

(ix) compensation of \$15,000 each year for serving as Chair of the Audit Committee.

The terms of the restricted stock grant are as set forth in the Company's Directors Compensation Plan, with restrictions lapsing with respect to one-third of the shares subject to the restricted stock grant on each of the first, second and third anniversary dates of the date of grant. Vesting of awards would be accelerated upon a change of control (as defined in the Director Compensation Plan). Restricted shares are subject to forfeiture until vested and cannot be sold, transferred or otherwise disposed of during the restriction period. The director generally will have the same rights of a shareholder with respect to such shares, including the right to vote and receive dividends or other distributions paid with respect to the shares. The director must remain in service on the Board during the restriction period to retain the shares. If the director leaves prior to expiration of the restricted period, then the award will be forfeited unless otherwise affirmatively determined by the Board.

The following table sets forth a summary of the compensation the Company earned by its non-employee directors in 2019:

2019 Director Compensation Table

Name	Fees Earned or Paid in Cash	Stock Awards (1)(2)	Total
Virginia Boulet	\$ 147,000	\$ 70,000	\$ 217,000
Stuart B. Katz (3)	151,500	70,000	221,500
S. James Nelson, Jr. (4)	144,500	70,000	214,500
B. Frank Stanley	153,000	70,000	223,000

- (1) The amounts reflect the grant date fair value of stock awarded during 2019, calculated in accordance with Financial Accounting Standards Board's Accounting Standards Codification Topic 718 ("ASC Topic 718"), except that the amounts shown assume that there will be no service-based forfeitures of awards. The discussion of the assumptions used in calculating these values can be found in Note 11 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2019 filed with the SEC.
- (2) As of December 31, 2019, each director has the following aggregate number of outstanding shares of unvested restricted stock accumulated for all years of service as a director: Virginia Boulet—30,795 shares; Stuart B. Katz—30,795 shares; S. James Nelson, Jr.— 30,795 shares; and B. Frank Stanley—30,795 shares.
- (3) The cash fees earned by Mr. Katz were paid to Stuart Capital LLC, a wholly-owned designee of Mr. Katz.
- (4) The cash fees earned by Mr. Nelson were paid to FSD Corporation, a wholly-owned designee of Mr. Nelson.

Director Stock Ownership Guidelines. Effective as of January 1, 2011, our Board adopted amendments to the director stock retention guidelines (the "Director Policy"), which applies to each of our non-employee directors. Under the Director Policy, no such director may sell or transfer any shares of Common Stock that such director beneficially owns (e.g., by a spouse or other immediate family member residing in the same household or a trust for the benefit of the director or his or her family) until he or she beneficially owns a number of shares of Common Stock, having an aggregate value of at least \$500,000. As of December 31, 2019, each of our Board members was in compliance with the Director Policy.

Communications with the Board

At each regular meeting of the Board, the non-employee directors meet in scheduled executive sessions without management. The non-employee directors elected Stuart B. Katz as the Presiding Director of those meetings. Interested parties who would like to contact Mr. Katz on a confidential basis may do so by sending an email to Presiding_Director@wtoffshore.com or by mailing a written communication to Presiding Director, W&T Offshore, Inc., Nine Greenway Plaza, Suite 300, Houston, Texas 77046.

CORPORATE RESPONSIBILITY

Health, Safety and Environmental (HSE) Programs

“At W&T, we focus on delivering long-term profitable growth for our shareholders. At the same time, we fully acknowledge our responsibility to our employees and the communities where we operate, and the importance of the ongoing protection of the environment. For the past 36 years, we have developed a good reputation based on ensuring the safety and health of our workers, serving as a community partner in our areas of operation, and protecting the environment in a sustainable manner that goes beyond compliance with federal and state regulations.”

- **Tracy Krohn**, *Chairman, Chief Executive Officer and President*

Corporate Commitment

We are committed to developing and producing oil and gas resources in a safe and environmentally responsible manner, while meeting or exceeding all regulatory requirements. Our management allocates resources and tools necessary to meet expectations and performance objectives and strives to create a working environment that encourages open communication about HSE issues and concerns. HSE is led by our Vice President of HSE&R (Health, Safety, Environment & Regulatory), who oversees our programs, processes and systems with the goal of making sure key aspects of our business are appropriately and effectively implemented and maintained (including HSE&R communication with all personnel, oil spill prevention, waste minimization, incident planning, contractor management, personnel training and coordinating with regulatory agencies and industry groups to keep W&T abreast of upcoming HSE regulations, industry trends and best practices).

Safety and Environmental Management Systems (SEMS)

Our Safety and Environmental Management Systems (SEMS) program is designed to enable identifying, addressing, minimizing and managing of safety and environmental hazards, including those hazards in the design, construction, start-up, drilling, completion, operation, inspection, maintenance and/or decommissioning projects.

Our SEMS program is designed to meet, at a minimum, the Bureau of Safety and Environmental Enforcement’s (BSEE) SEMS requirements for offshore operators, and the Occupational Safety & Health Administration’s (OSHA) Process Safety Management (PSM) requirements for industrial facilities. The SEMS program establishes roles and responsibilities for all personnel working for W&T, as well as HSE goals and performance measures in order to achieve top tier safety and environmental performance amongst W&T’s peer companies. We track leading and lagging indicators for safety, environmental and compliance performance, and we address trends that develop through communication, training and personnel management.

We believe that we have improved and strive to continue to improve our environmental, health and safety compliance. For example:

- From 2017 to 2019, the number of our reportable spills decreased by 61%;
- Our Incidence of Non-Compliance/Component Ratio (as per BSEE standards) decreased by 60% from 2017 to 2019 and, in 2019, was 29% lower than the industry average;
- Our Incidence of Non-Compliance/Inspection Ration (as per BSEE standards) fell 70% from 2018 to 2019;
- We have recently purchased an infrared camera to identify fugitive hydrocarbon emissions at all production facilities;
- We currently employ two certified safety professionals to manage HSE programs at our facilities; and
- Four employee compliance technicians work across the Gulf of Mexico to conduct internal audits with respect to HSE compliance.

HSE Training

We continuously invest in worker training to improve the SEMS program by increasing worker knowledge of safety and compliance trends, current or upcoming regulations and best industry practices from regulators and industry groups that we participate with. Training is administered through a variety of methods including face to face presentations and discussions, computer-based training and third-party training.

Social

Helping Others is a management-supported group of W&T employees whose purpose is to pay forward to the communities in which we live and work. The Helping Others program allows our employees, across many different disciplines, to work together to help those less fortunate. In addition to providing financial resources, W&T offers its employees the opportunity to volunteer their time during business hours. Our employees have helped with various organizations in the past, including Candlelighters, CASA for Children, Habitat for Humanity, Houston Air Show (Special Show), Houston Food Bank, Houston Tour de Cure, KSBJ Giving Tree, Ronald McDonald House Houston, SEARCH's House of Tiny Treasures, Star of Hope, Trees for Houston, United Way, and Wreaths Across America.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding beneficial ownership of Common Stock as of March 19, 2020, based on the 141,668,942 shares of Common Stock outstanding on that date, of (i) the Company's named executive officers (which includes the chief executive officer, chief financial officer and three most highly compensated additional executive officers), directors and director nominees, (ii) all executive officers and directors of the Company as a group, and (iii) each person who beneficially owns more than 5% of the Company's Common Stock. Unless otherwise indicated, each of the persons below has sole voting and investment power with respect to the shares beneficially owned by such person. To the knowledge of the Company, no person or entity holds more than 5% of the outstanding shares of Common Stock, except as set forth in the following table.

Name of Beneficial Owner	Shares of Common Stock Beneficially Owned (1)	Percent of Outstanding Common Stock

- (1) Under the regulations of the SEC, shares are deemed to be "beneficially owned" by a person if he directly or indirectly has or shares the power to vote or dispose of, or to direct the voting of or disposition of, such shares, whether or not he has any pecuniary interest in such shares, or if he has the power to acquire such power through the exercise of any option, warrant or right, which is presently exercisable or convertible or will be within 60 days of the measurement date.
- (2) The number of directors and executive officers, shares of Common Stock and percent of outstanding Common Stock shown includes all directors and executive officers of the Company providing service as of December 31, 2019.
- (3) Based solely on information provided in a Schedule 13G filed with the SEC on February 13, 2020, by Renaissance Technologies LLC. The shares are owned by Renaissance Technologies LLC ("RTC") and beneficially owned by Renaissance Technologies Holdings Corporation ("RTHC") because of RTHC's majority ownership of RTC. RTC and RTHC have sole voting power and sole dispositive power over the shares of Common Stock. The address for these entities is 800 Third Avenue, New York, New York 10022.
- (4) Based solely on information provided in a Schedule 13G filed with the SEC on February 12, 2020, by The Vanguard Group, Inc. ("VGI"), reflecting beneficial ownership of Common Stock as of December 31, 2019. According to this filing, VGI has sole voting power with regard to 89,827 shares of Common Stock, shared voting power with regard to 7,018 shares of Common Stock, sole dispositive power with regard to 7,853,374 shares of Common Stock and shared dispositive power with regard to 86,854 shares of Common Stock. The reported shares of Common Stock include 79,836 shares of Common Stock beneficially owned by Vanguard Fiduciary Trust Company, a wholly owned subsidiary of VGI, as a result of its serving as investment manager of collective trust accounts, and 17,009 shares of Common Stock beneficially owned by Vanguard Investments Australia, Ltd., a wholly owned subsidiary of VGI, as a result of its serving as an investment manager of Australian investment offerings. The principal business address of these entities is 100 Vanguard Blvd., Malvern, Pennsylvania 19355.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and beneficial owners of more than 10% of our Common Stock to file with the SEC initial reports of ownership and reports of changes in ownership of our Common Stock. SEC rules require these persons to furnish us copies of all Section 16(a) reports they file. To our knowledge, based solely on a review of the copies of such reports furnished to us during 2019 and written representations that no other reports were required with respect to 2019, all of our directors and officers and beneficial owners complied with applicable Section 16(a) filing requirements, except that Ms. Boulet had a delinquent filing on Form 4 for a transaction involving open market purchases of the Company's common stock, as a result of an administrative error.

EQUITY COMPENSATION PLAN INFORMATION

Securities Authorized for Issuance Under Equity Compensation Plans

The following table sets forth information with respect to the equity compensation plans available to directors, officers, certain employees and certain consultants of the Company at December 31, 2019.

Plan category (1)	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans, excluding securities reflected in column (a) (c)
Equity compensation plans approved by security holders	1,614,722	N/A(2)	9,341,941
Equity compensation plans not approved by security holders	—	—	—
Total	1,614,722	N/A(2)	9,341,941

(1) Our equity compensation plans are the Amended and Restated Incentive Compensation Plan and the Director Compensation Plan. Column (a) consists of restricted stock units granted and unvested. Column (c) consists of shares available for issuance under both equity compensation plans excluding amounts in column (a).

(2) The securities granted under the plans are restricted stock and restricted stock units, which do not have an exercise price.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis provides a general description of our compensation program and specific information about its various components, which are largely base salaries, short- and long-term incentive and retention programs, retirement plans and health and welfare benefits. This Compensation Discussion and Analysis also provides information about our Chief Executive Officer, who currently also holds the title of President, Chief Financial Officer and each of the Company's other three most highly compensated executive officers (the "Named Executive Officers"), and is intended to place in perspective the information contained in the executive compensation tables that follow this discussion.

Throughout this discussion, the following individuals are referred to as the "Named Executive Officers" and are included in the Summary Compensation Table and other compensation tables that follow this Compensation Discussion and Analysis:

- Tracy W. Krohn—Chairman, Chief Executive Officer and President
- Janet Yang—Executive Vice President and Chief Financial Officer
- Stephen L. Schroeder—Senior Vice President and Chief Technical Officer
- Shahid A. Ghauri—Vice President, General Counsel and Corporate Secretary
- William J. Williford—Executive Vice President, General Manager of Gulf of Mexico

Compensation Philosophy and Objectives

The primary objectives of our compensation program for the Named Executive Officers are to attract, as needed, and retain the best possible executive talent, to stimulate the Named Executive Officers' efforts on our behalf in a way that supports our financial performance objectives and business strategy, and to align their incentives with enhancement of shareholder value. In particular, our compensation program for Named Executive Officers is designed to reward superior job performance and individual initiative to help increase our profitability, oil and gas reserves, production rates, Adjusted EBITDA (defined below), and Adjusted EBITDA Margin (defined below), to appropriately manage lease operating expenses ("LOE") and general and administrative ("G&A") expense and various other key operational and health, safety, environmental and regulatory ("HSE&R") metrics. Under its charter, the Compensation Committee sets the compensation of our Chief Executive Officer and reviews and approves the evaluation process and the compensation of our other Named Executive Officers. The Compensation Committee has approved metrics by which each Named Executive Officer's cash incentives and stock-related incentives will be awarded through our incentive plans. We define "Adjusted EBITDA" as net income before net interest expense plus income tax (benefit) expense, depreciation, depletion, amortization and accretion, unrealized commodity derivative gain or loss, amortization of derivative premiums, bad debt reserve, litigation, and other items that are appropriate adjustments to reflect normalized results, while "Adjusted EBITDA Margin" is defined as Adjusted EBITDA divided by revenues for the period.

Appropriately setting compensation metrics, goals and objectives in the oil and gas exploration industry, in the view of the Compensation Committee, presents certain unusual challenges because the operational and financial results of the Company are so heavily influenced by changes in commodity prices over which the management has no direct influence. The Compensation Committee recognizes, however, that the influence of changes in commodity prices can be ameliorated somewhat by entering into commodity derivatives contracts (which, in certain circumstances, creates another set of risks). Accordingly, Adjusted EBITDA, as defined by the Compensation Committee, includes the realized commodity derivative contracts, or cash, impact of, but excludes the unrealized portion of any gains or losses on those contracts, which can swing significantly in value with an undetermined total cash impact. As a result, the Compensation Committee believes that goals utilized to incentivize management should be reviewed annually for possible revision in light of changing commodity prices. For example, an Adjusted EBITDA metric may be significantly higher or lower than the prior year's target and yet be a meaningful goal, the obtaining of which is in the shareholders' best interest. The Compensation Committee believes that rigidly retaining the Adjusted EBITDA target set for a prior year during periods of substantially higher commodity prices could act as a significant management disincentive. Conversely, an Adjusted EBITDA target may be set significantly higher than the prior year in light of commodity price increases which in the context of many other businesses would represent an unrealistic increase in a fundamental financial metric.

The Compensation Committee applied the following compensation strategies in connection with its deliberations:

- To compensate the Named Executive Officers so that their aggregate compensation compares favorably with the total compensation of executives at peer group companies as well as companies with similar areas of operations and/or revenues in the oil and gas industry.
- To provide a component of the total target compensation of the Named Executive Officers in the form of equity-based incentive compensation awarded as a function of our performance in an effort to encourage retention and so that over time our Named Executive Officers have a meaningful financial interest which is identically aligned with our shareholders' interests.
- To provide incentive compensation (both short and long-term) awards that are subject to well-defined performance-based targets, as approved by the Compensation Committee.

Role of the Compensation Committee, its Consultants and Management

Our Board has entrusted the Compensation Committee to carry out its overall responsibility relating to the compensation of our senior executives, including our Named Executive Officers. During 2019, our Chief Executive Officer also played an important role in the executive compensation process by overseeing the performance and dynamics of the executive team and generally keeping the Compensation Committee informed. All final approvals regarding our Named Executive Officers' compensation remain with the Compensation Committee. The Compensation Committee has the authority to engage the services of outside advisors, experts and others to assist in performing its responsibilities. It selects our compensation consultants and other advisors taking into consideration the factors identified by the SEC rules and regulations and the NYSE listing standards, as described in greater detail within the Corporate Governance section above. In August 2018, the Compensation Committee retained Meridian Compensation Partners, LLC ("Meridian"), an independent consulting firm experienced in executive and overall compensation practices and policies, to assist in calibrating the form and amount of executive compensation for the 2019 compensation program by providing market data.

In July of 2019, the Compensation Committee again retained Meridian to perform similar compensation functions for the 2020 compensation program. Using the independence factors established by the SEC and the NYSE, the Compensation Committee determined that Meridian's work did not raise any conflicts of interest, and they are considered an independent consulting firm.

The Compensation Committee typically works with our Chief Executive Officer to implement and promote our executive compensation strategy. The most significant aspects of management's involvement in this process are:

- preparing meeting agendas and materials in advance of Compensation Committee meetings for review by the Compensation Committee members;
- evaluating employee performance (other than the Chief Executive Officer);
- meeting with compensation consultants, legal counsel or other advisors as directed by the Compensation Committee;
- recommending our business goals, subject to approval by the Compensation Committee;
- providing background information regarding our business goals; and
- recommending the compensation arrangements and components for our employees, including Named Executive Officers (other than the Chief Executive Officer).

The Compensation Committee, together with the assistance and recommendation of our Chief Executive Officer, compensation consultants and any legal counsel or other advisors deemed appropriate by the Compensation Committee, typically reviews and discusses each particular executive compensation component presented and approves the compensation of the Named Executive Officers other than our Chief Executive Officer. In the case of our Chief Executive Officer, the Compensation Committee reviews and discusses each compensation component, together with compensation consultants and any legal counsel, other advisors or members of management deemed appropriate by the Compensation Committee. The Compensation Committee considers the statistical comparisons to our peer group as provided by the compensation consultant as only one factor in setting compensation of our Named Executive Officers, as actual compensation decisions are the result of the Compensation Committee's subjective analysis of a number of factors. Following this review, the Compensation Committee, meeting without management in attendance, sets the salary and other compensation of our Chief Executive Officer.

Market Analysis

When making compensation decisions, the Compensation Committee considers comparative compensation information of select peer and industry companies as one reference point in its review and approval of compensation for our Named Executive Officers. This review is done with respect to both the structure of our executive compensation program as well as the targeted amount of compensation.

The Compensation Committee retained Meridian in August 2018 as an independent compensation consultant to provide competitive executive compensation analysis and establish the 2018 compensation program, and we continued to retain them and use their services with respect to the 2019 and 2020 compensation programs. Meridian provided the Compensation Committee a competitive compensation analysis based on a proprietary and confidential industry compensation survey, the Meridian 2018 North America Oil and Gas Exploration and Production Compensation Survey. The data comprised all survey participants with assets between approximately \$1 billion to \$5 billion as of June 1, 2018. In July 2019, the Compensation Committee reviewed the peer group recommended by Meridian as potential compensation benchmarking peers. Meridian's recommendation was based on approximately forty (40) industry-specific companies with enterprise values ranging from \$300 million to \$3 billion as of July 15, 2019. With one exception, the Compensation Committee agreed to include the twelve companies recommended by Meridian that were closest in size to the Company, based on the ranking of enterprise values as of July 15, 2019. The one exception was based on the Company's desire to include another company (included on Meridian's list of potential peers) with operations most similar to the Company (i.e., deep water exploration):

- Abraxas Petroleum Corporation
- Bonanza Creek Energy Inc.
- Comstock Resources, Inc.
- Earthstone Energy Inc.
- Gulfport Energy Corporation
- Gran Tierra Energy Inc.
- Highpoint Resources Corporation
- Kosmos Energy Ltd.
- Laredo Petroleum, Inc.
- Northern Oil & Gas, Inc.
- Ring Energy, Inc.
- Talos Energy Inc.

In October 2019, Meridian provided the Compensation Committee an update of its compensation analysis and overview of compensation practices based on a published survey source. The Compensation Committee examined data at the 25th, 50th and 75th percentiles for each executive position and for each pay component. Using this market data, the Compensation Committee set total compensation, consisting of cash and equity, by generally targeting the 50th percentile for our executive team, while also recognizing that compensation for any specific employee is not purely a mechanical equation.

The statistical competitive compensation information is just one of the inputs used in setting executive compensation, as the Compensation Committee has discretion in determining the nature and extent of its use. When exercising its discretion, the Compensation Committee may consider factors such as the nature of an officer’s duties and responsibilities as compared to the corresponding position in the survey and peer group, the experience and value the officer brings to the role, the officer’s performance results, demonstrated success in meeting key financial and other business objectives and the amount of the officer’s pay relative to the pay of his or her peers within our company. In setting compensation for 2019, the Compensation Committee used 2017 and 2018 compensation data as it deemed appropriate.

Elements and Purpose of Executive Compensation

Our Named Executive Officers’ compensation currently has three primary components—base salary, annual cash incentive compensation and long-term incentive compensation. Pursuant to the Incentive Compensation Plan, we may grant cash incentive awards, stock-based awards or a combination of both. In 2010, we established cash incentive awards and performance-based RSU awards. Each component of the compensation program is designed to serve a particular purpose, as set forth in the table below:

Element of Compensation	Purpose of Compensation Element
Base Salary	Base salary is primarily designed to reward current and past performance and may be adjusted from time to time to realign salaries with market levels.
Annual Cash Incentive Compensation	Annual cash incentive awards are granted to incentivize our Named Executive Officers largely to assist us in achieving our annual performance goals, as well as, to a lesser degree, to achieve their individual performance goals.
Long-Term Incentive Compensation	<p>The long-term incentive award is designed with two main goals in mind:</p> <ul style="list-style-type: none"> ● to align the interests of Named Executive Officers and shareholders by creating a mechanism through which the executives are reasonably likely to build a substantial equity oriented financial interest in the Company; and ● retention.

With respect to our equity-based compensation awards, the Compensation Committee believes that by personally owning a significant equity interest in the Company, the executives’ interests are better aligned with the shareholders. In designing the 2019 long-term incentive compensation plan the Compensation Committee took note of the fact that the Chief Executive Officer owns a significant equity interest in the Company. Accordingly, in the judgment of the Compensation Committee there could not have been a better alignment between the most senior officer’s interests and those of the shareholders regarding his pursuit of development of projects with appropriate long-term risk/reward and the best potential for long term value creation for the shareholders. This overarching alignment between the interests of the Chief Executive Officer and the shareholders allowed the Compensation Committee the flexibility to design a hybrid long-term incentive plan.

In addition, there is a retention element in the design of our 2019 program because the long-term awards vest over a three-year period (consisting of the year in which the award is made and two years thereafter). While the long-term awards granted in 2019 were subject to performance criteria, the targets for such criteria were chosen to ensure that the Company has obtained reasonable financial results during the year to which the grant relates, but they were not intended to be “stretch targets.” The Compensation Committee has historically designed the long-term awards in this manner in order to make the achievement of the award more demanding than a purely retention-oriented grant, yet less demanding than some long-term equity incentive plans because of the belief that it helps align the executives’ interest with those of the shareholders if they personally own a significant amount of equity interest in the Company. In late 2019, the Compensation Committee, in connection with Meridian, made certain changes to the design of our long-term awards for the 2020 year that will provide an incentive program that is more in line with programs at our peer companies, while maintaining a clear focus on our two main goals for our long-term incentive awards. Those changes are described in more detail below under the heading “—2020 Compensation Decisions.”

In addition, our Named Executive Officers participate in the benefit plans and programs that are generally available to all employees of the Company and receive perquisites and other personal benefits, all of which are intended to be part of a competitive overall compensation program. Particularly with respect to our Chief Executive Officer, we consider his perquisites and other benefits to be a material element of his overall compensation package, and the value of such benefits are considered the same as cash compensation when we make decisions regarding his salary, annual cash incentive compensation and long-term incentive compensation awards.

Base Salary

Base salaries for our Named Executive Officers are established based on their role within the Company and the scope of their responsibilities, taking into account the market compensation paid by the peer group and survey companies described above. Their base salaries are reviewed annually and adjusted from time to time to realign salaries with those market levels after taking into account changes in individual responsibilities, performance, experience and/or cost of living.

Annual Cash Incentive Compensation

We grant annual cash incentive awards pursuant to the Incentive Compensation Plan. For 2019, as in 2018, our executive annual incentive cash awards program (the “Cash Incentive Awards”) was designed to align executive officer pay with the Company’s financial performance, as well as performance against important short-term initiatives. The Cash Incentive Awards reward our Named Executive Officers based on the achievement of very detailed and clear company objectives (the “Performance Metrics”).

In 2018, we modified the Cash Incentive Awards in two ways to better align the Cash Incentive Awards with metrics that we believe more directly impact the Company’s operational performance and profitability, a design that we carried through to the 2019 awards as well. We did this by increasing accountability at the project level, significantly emphasizing the importance of safe operations and creating more individual reward potential for employees to encourage entrepreneurial and results-driven thinking and behavior (as opposed to a purely mechanical approach). The first change made in 2018 expanded the Performance Metrics applicable to the 2018 Cash Incentive Award by adding four new metrics to the 2017 award’s Performance Metrics that were focused on production, reserves, LOE, G&A and Adjusted EBITDA margin, each measured on a corporate level. We also added a corporate level HSE&R metric as well as three other operational metrics related to project-level capital expenditures, production timing and reserves estimates. The Performance Metrics for the 2019 year are detailed below. The second change made in 2018 was intended to focus more directly on individual performance by deleting the individual performance metric that was part of the 2017 awards and replacing it with an individual performance multiplier (“Individual Performance Multiplier”) that gives greater weight to individual performance and contribution. As a result, the Cash Incentive Award is adjusted by, and heavily influenced by, the Individual Performance Multiplier.

The use of the Individual Performance Multiplier is a material change in our approach to compensation. Previously, our compensation plan included a metric for individual performance; however, its impact on a specific employee’s overall compensation was not as significant as our approach for 2018 and 2019. The change in approach provides a useful and easily applied mechanism to reward those employees who are truly making an outsized contribution to the Company as well as to alert those employees who are not performing at acceptable standards at every seniority level.

Generally, Named Executive Officers receive an individual performance score for the year based on a scale of 1 to 5, expressed in increments of tenths, which correspond to an Individual Performance Multiplier scale from 0 to 1.9 as follows:

Individual Performance Score:	1.0	2.0	2.1	3.0	4.0	5.0
Individual Performance Multiplier:	0.0	0.0	0.10	0.53	1.0	1.9

The 2019 Cash Incentive Award provides for an annual cash payment equal to an established target cash incentive amount (annual base salary multiplied by a target percentage identified in the table below for each executive), multiplied by a total performance score for the Company (between 0% and 200% using straight-line interpolation) as determined by a set of pre-defined Performance Metrics, multiplied by an Individual Performance Multiplier (between 0 and 1.9). If the individual performance score is 2 or less, or the Performance Metrics have, in the aggregate, resulted in less than the threshold levels for the year, no award will become payable for the year.

The Compensation Committee designed the 2019 Cash Incentive Awards with an additional overall financial metric that will work in combination with the 2019 Performance Metrics. In summary, once we determine the amount that each Named Executive Officer has earned (based on the 2019 Performance Metrics and the Individual Performance Multiplier) we will generally be required to make the payment only if and when we achieve an Adjusted EBITDA less interest expense incurred in an amount exceeding \$200 million as of the end of any fiscal quarter on or before December 31, 2021 plus the three consecutive preceding fiscal quarters, as reported in our Earnings Release. The Compensation Committee added this unusual condition to the payment of the Cash Incentive Awards in recognition of the fact that significant and rapid changes in commodity prices can present extremely difficult conditions and the Company needs to protect its liquidity while such conditions persist. This formulation of the Cash Incentive Award allows the executives to retain the possibility to benefit from their accomplishments if and when the industry and the Company recover from such dislocation. While the Compensation Committee in its sole discretion retains the right to pay any Cash Incentive Award otherwise earned regardless of whether such financial condition is achieved, it has never done so, and this overall financial metric was met during the 2019 year.

The Individual Performance Multiplier was determined for every employee who received a 2019 Cash Incentive Award at year-end in conjunction with an end-of-year performance assessment.

For the Named Executive Officers, the fiscal 2019 target cash incentive amounts as a percent of base salary were as follows:

Named Executive Officer	2019 Target Cash Incentive Amount as a % of Base Salary
Tracy W. Krohn	100%
Janet Yang	75%
Stephen L. Schroeder	75%
Shahid A. Ghauri	90%
William J. Williford	75%

The 2019 award was contingent upon our attainment of the following Performance Metrics, provided, however, the 2019 Incentive Cash Award was subject to an additional overall financial metric that must be achieved on or before December 31, 2021, as described above, as well as the Individual Performance Multiplier.

- (1) “Production” amounts are based upon production on a MMBoe basis for the 2019 fiscal year, but taking into account the effect of property sales, if applicable, as determined by the Compensation Committee. “MMBoe” is defined as one million barrels of oil equivalent.
- (2) The threshold, target and maximum levels for the “Reserves” are based upon ending reserves on a MMBoe basis for the 2019 fiscal year, excluding the effect of property sales, if applicable, as determined by the Compensation Committee.
- (3) The threshold, target and maximum levels for the LOE and G&A are determined on a per Boe basis (excluding hurricane expenses, insurance credits for such expenses and/or other extraordinary events).
- (4) HSE&R Score will be measured in points, as described in the following table using the defined terms below:

Total Recordable Incident Rate ("TRIR"): Total Number of Recordable Cases (occupational injury requiring medical treatment) multiplied by 200,000 divided by total hours worked by all employees during the year covered.

Spill Ratio: Barrels spilled / millions of barrels produced.

INC to Component Ratio: Number of Incidents of Non-Compliance ("INCs") divided by number of components inspected by the Bureau of Safety and Environmental Enforcement ("BSEE").

- (5) Cost Control on Capex Spent on Wells and P&A Projects. Actual capex and P&A costs divided by pre-drill/authorization for expenditure ("AFE") estimates (based on drilling JV, Budget and/or AFEs) for all capex required to drill, complete and hookup new wells and other capex and P&A expense that individually contribute 5% or more to the total capex and P&A costs for 2019. Metric will be weighted on project by project basis (25%) and cumulative basis, adjusted for timing and other changes to the capex and P&A program (75%).
- (6) Wells Coming Online on Time. Actual date minus pre-drill estimated timing of initial production (based on drilling JV, Budget and/or AFEs) on a project by project basis. Total points per well dependent on number of wells that come online in 2019.
- (7) Post Drill P50 Reserves vs. Pre Drill P50 Reserves. Post drill P50 reserves versus Pre drill P50 reserves, both on a PV-10 basis (as a percentage of pre-drill estimates; at same price deck; comparison on revenue from reserves before expenses basis to account for changes in oil/gas mix). Metric will be weighted on both project by project (25%) and cumulative basis (75%).
- (8) Adjusted EBITDA and Adjusted EBITDA Margin have been defined above.

Attaining or exceeding the Performance Metrics is not assured and requires significant effort by our Named Executive Officers and other employees. Where the actual performance achieved is between threshold, target and maximum objectives, the Company interpolates (using straight-line interpolation) the Award Percentage for any given Performance Metric. Actual performance levels achieved for the 2019 year are described below.

Long-Term Incentive Compensation

We granted performance-based RSU awards to each of the Named Executive Officers during 2019. These awards are eligible for vesting if certain identified targets are obtained. Once eligible for performance vesting, they will vest on or around December 15th, 2021.

For 2019, the Compensation Committee designed the long-term incentive around two important metrics, Adjusted EBITDA and Adjusted EBITDA margin (each metric of which is described above). As compared to the prior year, the Adjusted EBITDA metric was set 11% higher and the Adjusted EBITDA Margin metric was increased from 52% to 57% in order to earn 100% of the award.

The Compensation Committee believes that these metrics were appropriate for the 2019 year because the Company sells a commodity product whose price is set by a world market outside the executives' control. Further, the prices of the commodities we sell are subject to substantial volatility. Accordingly, it was reasonable to set the long-term incentive goals each year as opposed to choosing targets for which commodity price swings can lead to unintentional outsized favorable or unfavorable results. In addition, to the extent that the Compensation Committee considers a portion of the goal of the long-term incentive to be retention, we believe it is important to choose goals that are reasonably obtainable. All grants of RSUs to the Named Executive Officers in 2019 were subject to the 2019 performance metrics established at the time of the award.

For 2019, the target RSU grant value was set as a percentage of the Named Executive Officer's base salary for the year, as set forth in the table below. When determining the size of the awards, we consider the proportion of equity-based incentives to salary and cash incentives as compared to proportions granted by the peer group and survey companies. For 2019, we determined that the size of each Named Executive Officer's target RSU grant would be based upon a specific percentage of the officer's 2019 base salary, taking into consideration the fact that the normal vesting schedule for each award will be on or around December 15th, 2021.

Named Executive Officer	2019 RSU Grant Award as a % of Base Salary
Tracy W. Krohn	200%
Janet Yang	49%
Stephen L. Schroeder	67%
Shahid A. Ghauri	67%
William J. Williford	49%

The performance-based RSUs were contingent upon meeting various performance measures for the 2019 calendar year. Forty percent of each of the 2019 RSU grants (the "Adjusted EBITDA Portion") was subject to the following targets for the 2019 calendar year:

Adjusted EBITDA Performance Level (\$ in thousands)	% of Adjusted EBITDA Portion Available for Vesting
Level 1: \$295,000 or greater ("Target")	100%
Level 2: \$200,000	75%
Level 3: \$90,000	50%
Level 4: Less than \$90,000	0%

Sixty percent of each of the 2019 RSU grants (the “Adjusted EBITDA Margin Portion”) was subject to the following targets for 2019:

Adjusted EBITDA Margin Performance Level	% of Adjusted EBITDA Margin Portion Available for Vesting
Level 1: 57% or greater (“Target”)	100%
Level 2: 50%	75%
Level 3: 45%	50%
Level 4: 40%	25%
Level 5: Less than 40%	0%

Where the actual performance achieved is between performance levels, we interpolate (using straight-line interpolation) the award percentage.

If at least a threshold performance level is satisfied as described above with respect to the 2019 year, the RSUs remain subject to a time-based vesting requirement that will not be fully satisfied until December 15, 2021.

Other Compensation and Benefits. All of our Named Executive Officers are eligible to participate in all of our employee benefit plans, such as medical, dental, group life, disability, accidental death and dismemberment insurance and our 401(k) plan, in each case on the same basis as all other employees. These benefits are provided so as to assure that we are able to maintain a competitive position in terms of attracting and retaining executive officers and other employees.

Perquisites and Other Personal Benefits. We provide our Named Executive Officers with perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key executive positions.

The value of such benefits is a very small percentage of total compensation for all Named Executive Officers with the exception of our Chief Executive Officer. Under an arrangement between the Company and the Chief Executive Officer, which was originally entered into in 2004 and subsequently amended in 2010, Mr. Krohn is entitled to the use of Company- chartered aircraft for personal travel for security reasons and to facilitate efficient personal and business travel. In addition, an aircraft personally owned by Mr. Krohn may be chartered by the Company and used by Mr. Krohn for any purpose. The Company reflects the amounts attributable to Mr. Krohn’s personal aircraft usage within “All Other Compensation” in the Summary Compensation Table that follows. In 2019, Mr. Krohn’s aircraft was used by the Company or Mr. Krohn for 213.0 flight hours. Aggregate incremental cost, if any, of travel by Mr. Krohn’s family or other guests when accompanying Mr. Krohn on both business and non-business occasions is also included in the Summary Compensation Table when applicable.

Setting Executive Compensation in 2019

Base Salary. The base salary of each Named Executive Officer is reviewed annually by the Compensation Committee. Please see “—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards.” Increases to the Chief Executive Officer’s salary are established by the Compensation Committee (and ratified by the Board), and for our other Named Executive Officers, our Chief Executive Officer recommends salary increases, which are reviewed and approved by the Compensation Committee.

For 2019, the primary factor in determining the amount of base salaries was the Compensation Committee’s subjective assessment of individual performance of each of our Named Executive Officers. The Compensation Committee also reviewed the comparative compensation data discussed above to assess the reasonableness of the base salary amounts in light of the officer’s duties and responsibilities as compared to similarly situated officers. As a result of this review, the base salaries were generally not increased for the 2019 year, other than with respect to Ms. Yang. In addition, with respect to Mr. Krohn’s 2019 base salary, the Compensation Committee took into consideration the fact that the employment agreement we entered into in 2010 with Mr. Krohn provides him with aircraft benefits each year. This benefit, while not a fixed amount in any given year, is deemed to be a material aspect of Mr. Krohn’s compensation package. The Compensation Committee takes the cash value of this benefit into consideration when reviewing Mr. Krohn’s base salary against his peers, and determined that, in addition to the reasons discussed above, during the 2019 year Mr. Krohn should not receive any increases in his base salary or target cash award percentage. The base salary amounts for each of the Named Executive Officers for the 2019 and 2018 years were as follows:

Named Executive Officer	2019 Base Salary	2018 Base Salary
Tracy W. Krohn	\$ 1,000,000	\$ 1,000,000
Janet Yang	350,000	240,000
Stephen L. Schroeder	374,000	374,000
Shahid A. Ghauri	340,000	340,000
William J. Williford	350,000	350,000*

* The base salary for Mr. Williford in 2018 was increased from \$275,000 to \$350,000 effective in 2018, which resulted in a salary earned for 2018 of \$316,971.

Annual Cash Incentive Compensation. The Compensation Committee annually reviews the recommendation of executive management regarding the performance-based goals for the Company. As discussed above, the Compensation Committee established the targets for 2019 with reference to forecasts and other financial and operational data. The Compensation Committee set award targets based on production, reserve growth, LOE containment, G&A cost containment, Capital Expenditures containment, well-level production timing, pre-drill and post-drill reserves, Adjusted EBITDA Margin, HSE&R and individual performance, each metric was selected due to the Compensation Committee's belief that the metric was an important measure of the performance of the Company and, in turn, potential shareholder value.

The following chart presents information about the actual performance relative to the Performance Metrics established by the Compensation Committee and the calculation of the award:

Business Criteria	Actual 2019 Company / Individual Performance	Actual % of Target Cash Incentive Eligible (1)
Production	14.8 MMBoe	40.0%
Reserve Growth	157.4 MMBoe	30.0%

- (1) The 2019 Incentive Cash Award is subject to an additional overall financial metric that must be achieved on or before December 31, 2021, as described above. The Company met this as of December 31, 2019; therefore, payments for achievement of this financial metric with respect to the 2019 year have been made to the Named Executive Officers. The percentages shown reflect results applicable to the 2019 Performance Metrics.
- (2) The Individual Performance Multiplier for each Named Executive Officer was as follows: Mr. Krohn, 1.9; Ms. Yang, 1.9; Mr. Schroeder, 1.63; Mr. Ghauri, 1.18; and Mr. Williford, 1.9.

In determining the individual performance for the NEOs, the Compensation Committee considered the individual contribution of the NEOs to the achievement of Company goals, such as making accretive acquisitions/dispositions, continuing high rates of drilling success, prudently managing the Company’s balance sheet and cash flows, maintaining good liquidity, increasing proved reserves, increasing production and controlling and reducing costs.

Accordingly, the following chart presents information about the awards eligible by each of our Named Executive Officers with respect to the actual performance relative to the Performance Metrics.

Named Executive Officer	Eligible 2019 Incentive Cash Award as a % of	
	Base Salary	Amount Eligible
Tracy W. Krohn	200.5%	\$ 2,004,500
Janet Yang	149.2%	522,286
Stephen L. Schroeder	129.0%	482,362
Shahid A. Ghauri	112.0%	380,939
William J. Williford	150.3%	526,181

Long-term Restricted Stock Unit and Cash Incentive Award

As discussed above in “Elements of Executive Compensation—Long-term Incentive Compensation,” the Adjusted EBITDA portion of the 2019 RSUs that are eligible for vesting depends on the level of Adjusted EBITDA achieved in 2019. In 2019, the Company achieved \$283 million of Adjusted EBITDA, resulting in 96.84% of the Adjusted EBITDA portion of the 2019 long-term incentive award becoming eligible to vest. With respect to the Adjusted EBITDA Margin goal, the Company achieved an Adjusted EBITDA Margin of 52.9%, resulting in 85.36% of the Adjusted EBITDA Margin goal portion of the 2019 long-term incentive awards becoming eligible to vest. Accordingly, 89.95% of the awarded RSUs are now eligible for vesting on December 15, 2021, subject to the requirement of continuous employment with the Company through December 15, 2021.

The 2019 RSUs had performance metrics similar to the 2017 RSUs and 2018 RSUs, although the 2018 long-term incentive awards were split between an RSU component and a long-term cash component. For 2019, Mr. Krohn’s long-term incentive award was similar to the 2018 percentage. With respect to the 2017 RSUs, performance criteria were determined and calculated with respect to the 2017 year, and therefore are subject solely to time-based restrictions throughout the 2018 year and the majority of the 2019 year. The time-based vesting conditions were satisfied for each of the Named Executive Officers, therefore the 2017 RSUs vested on December 13, 2019.

Compensation Policies

Tax and Accounting Treatment. Section 162(m) of the Code limits the amount of compensation that may be deducted per covered employee to \$1.0 million per taxable year. Following the enactment of the Tax Cuts and Jobs Act, beginning with the 2018 calendar year, the \$1.0 million annual deduction limitation applies to compensation paid to any individual who is the Chief Executive Officer, Chief Financial Officer or one of the other three most highly compensated executive officers for 2017 or any subsequent calendar year, and there is no longer any exception for qualified performance-based compensation. For periods after 2017, without the performance-based compensation exception, it is expected that any compensation deductions (other than grandfathered amounts) for any individual who is our Chief Executive Officer, Chief Financial Officer or one of our other three most highly compensated executive officers in 2017 or any later year (including the 2019 year), will be subject to a \$1.0 million annual deduction limitation. Tax deductibility is only one factor that the company considers when setting compensation, therefore certain compensation paid to applicable executive officers may not be deductible.

We account for stock-based payments in accordance with the requirements of ASC Topic 718, by which compensation cost is based on the fair value of the equity instrument on the date of grant and is recognized over the period during which an employee is required to provide service in exchange for the award. Because we may offer incentive stock options, non-qualified stock options and restricted stock grants, the deductibility of an equity compensation award by us may not always occur at the time the award is otherwise taxable to the employee.

Basis for Allocation among Incentives. Except as described above, our Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid compensation, between cash and non-cash compensation or among different forms of non-cash compensation. As noted within the introduction of the section above titled “Elements of Compensation,” different forms of compensation serve to meet our various compensation goals, from incentivizing to retaining our executives. Those goals are best met by analyzing the environment in which we will be operating each year and the changing market analysis of our peer group. The allocation of our compensation items needs to be flexible enough to accommodate changing needs.

Although we currently grant restricted stock units pursuant to our equity program, incentive awards under the Incentive Compensation Plan may be granted in any one or a combination of the following awards in the future: (a) incentive stock options, (b) non-qualified stock options, (c) stock appreciation rights, (d) restricted stock, (e) performance shares, (f) restricted stock units, (g) bonus stock, (h) dividend equivalents, or (i) cash awards.

Adjustment or Recovery of Awards upon Restatement of Company Performance. We adopted a Clawback Policy in 2014 and amended such policy in June 2018 (the “Clawback Policy”) that is applicable to all awards, cash or equity-based granted under our Incentive Compensation Plan, including any dividend equivalents or other cash awards incorporated in an RSU or other stock-based incentive award. The Clawback Policy generally states that in the event of any required restatement of the Company’s financial statements due to material noncompliance with financial reporting requirements, or an error or mistake in the calculation of a performance metric or goal that is the basis of payment of incentive compensation, the Compensation Committee and the Board each have the authority to cause an executive officer to repay all or applicable portions of the incentive award in question. The Compensation Committee shall have full discretion to determine the form, the amount and the timing of the recoupment, subject to any applicable laws that may govern the transaction.

In connection with the amendment of the Clawback Policy in June 2018, the Compensation Committee also approved the inclusion of a provision in all awards granted under our Incentive Compensation Plan that awards to any employee would be subject to any clawback policies that we may adopt, whether in response to the Dodd-Frank Act or otherwise. Also, under the terms of the Incentive Compensation Plan, the Compensation Committee has the authority to adjust financial targets when unforeseen events affect the Company’s results of operations.

Stock Ownership Guidelines. On February 24, 2010, our Board approved the adoption of the W&T Offshore, Inc. Stock Ownership and Retention Policy (the “Policy”). The Compensation Committee administers the Policy for employees subject to Section 16 of the Exchange Act, while our Chief Executive Officer administers the Policy for all other eligible employees. During 2019, the Policy was applicable to all employees who were eligible to and actually received equity-based awards pursuant to the Incentive Compensation Plan. The Policy requires our eligible employees to hold a number of shares of our Common Stock having a value in excess of set multiples of the amount of his or her annual base salary and to be compliant with the Policy within the four year period after becoming subject to the Policy. Until such time as an employee owns the requisite shares of Common Stock, the employee is required to retain all shares of Common Stock that the employee owns or is granted. In addition, any cash amounts (net of taxes) received as payments for equity based awards, such as restricted stock units paid out in cash, must be used to purchase shares of Common Stock on the open market. Following the achievement of the amount and subject to any applicable securities laws, the individual may conduct any appropriate transactions with our Common Stock so long as he or she does not fall below the required amount as a result.

Common Stock that counts toward the satisfaction of the stock ownership level shall include: (a) shares of Common Stock owned outright by the employee and his or her immediate family members who also share the same household; (b) shares of Common Stock acquired upon an option exercise or upon the lapse of restrictions on other awards; (c) Common Stock purchased in the open market; and (d) deemed or actual stock investments due to an employee’s participation in our 401(k) plan.

A hardship exemption may be granted to an employee prior to the time he or she has satisfied the initial ownership requirement. Prior to such time, the Plan Administrator holds the authority to relieve an employee from the Policy upon a determination that the employee has incurred a unique financial or personal situation where the Policy becomes inequitable in light of the employee's circumstances. The penalty for noncompliance with the Policy may result in the suspension of any future grants or awards to the employee, or the employee's base salary and compensation may be frozen at current levels until such time as the employee meets the terms of the Policy.

Anti-Hedging Policy. We have adopted a policy that prohibits directors, executives and other employees from purchasing financial instruments (including prepaid variable forward contracts, equity swaps, collars, and exchange funds), or otherwise engage in transactions, that hedge or offset, or are designed to hedge or offset, any decrease in the market value of our Common Stock.

Employment Agreements, Severance Benefits and Change of Control Provisions

We maintain an employment agreement with our Chief Executive Officer, Mr. Krohn. We have determined that it is important for us to ensure that Mr. Krohn performs his role for an extended period of time, as he is the subject of numerous key man provisions in our company's material contracts and credit agreements. Certain provisions contained in this agreement, such as non-competition and non-solicitation provisions as well as change of control payments, are essential to retaining a talented chief executive officer and protecting our shareholders. We believe that it is appropriate to compensate Mr. Krohn to refrain from working with competitors following termination, and that compensation enhances the enforceability of his agreement. Mr. Krohn's employment agreement, including the potential severance and change of control provisions, are described in more detail elsewhere in this proxy statement. Please read "Executive Compensation and Related Information—Potential Payments Upon Termination or a Change in Control."

The employment agreement between us and Mr. Krohn and the related severance provisions are designed to meet the following objectives:

Change of Control. In certain scenarios, the potential for merger or being acquired may be in the best interests of our shareholders. As a result, we provide potential severance compensation to Mr. Krohn if his employment is terminated following a change of control transaction. Our intent is to promote his ability to act in the best interests of our shareholders even though his employment could be terminated as a result of the transaction.

Termination without Cause or for Good Reason. If we terminate Mr. Krohn's employment "without cause" or he terminates his employment for "good reason," as each such term is defined in the employment agreement, we are obligated to pay him certain compensation and other benefits as described in greater detail in "Potential Payments Upon Termination or a Change in Control" below. Both parties have mutually agreed to a severance package that would be in place prior to any termination event. This provides us with more flexibility to make a change in the chief executive officer if such a change is in the best interests of our Company and its shareholders.

Each of the Named Executive Officers will be entitled to certain benefits upon change in control events with respect to outstanding equity awards granted under our Incentive Compensation Plan, as more fully described within the section below titled "Potential Payments Upon Termination or a Change in Control."

Shareholder Votes on Executive Compensation

The Company had previously implemented a three-year advisory vote on executive compensation, but has since concluded it to be advisable and in the best interest of the Company and its shareholders to hold such vote on an annual basis. In 2017, the Company held its third shareholder advisory vote on the compensation paid to our Named Executive Officers in 2016, which resulted in an excess of 85% of votes cast approving such compensation. The Company is holding another vote in connection with the 2020 annual meeting.

Following the last advisory vote in 2017, the Compensation Committee considered many factors in evaluating our executive compensation programs as discussed in this Compensation Discussion and Analysis, including the Compensation Committee's assessment of the interaction of our compensation programs with our corporate business objectives and review of data of our peer group, each of which is evaluated in the context of the Compensation Committee's duty to act as the directors determine to be in all shareholders' best interests. While each of these factors bore on the Compensation Committee's decisions regarding the Named Executive Officer's compensation, the Compensation Committee did not make any material changes to our executive compensation program and policies as a result of the 2017 "say on pay" advisory vote. Given the level of shareholder support in 2017 for our executive compensation programs, the Compensation Committee generally elected to apply the same principles in determining the types and amounts of compensation to be paid to our Named Executive Officers in 2018 and 2019.

2020 Compensation Decisions

In December 2019, the Compensation Committee, in consultation with Meridian, determined that the performance metrics applicable to the RSUs granted to our Named Executive Officers during 2020 would be modified to focus on a relative total shareholder return ("TSR") metric. This modification will place us more in line with the incentive programs in place at our peers and the companies for which we compete for executive talent, will closely align the interests of our executive officers with our shareholders, and provides us with an objective assessment of value creation for our shareholders relative to our peers. The Compensation Committee also determined that it would be appropriate to restrict the dilution of our common stock by placing a maximum cap on the number of shares of stock that may be used to settle our equity awards granted from the Incentive Compensation Plan in the 2020 year to 1,000,000 shares of stock, and our performance-based awards will be capped at target amounts if certain internal performance metrics are not met (described further below).

Our 2020 equity compensation program will consist of two separate grants of awards, each of which may be settled in stock or in cash. The first award will be eligible to vest based on the satisfaction of service-based requirements. The target value of the retention-based award will be based on a percentage of the recipient's base salary, and the award will generally vest in equal one-third installments over a three year period. The second award will be eligible to vest based on the satisfaction of our relative TSR ranking to a predetermined set of performance peers over the first full calendar year of the grant, thereafter becoming subject to service-based vesting requirements until the service vesting date of October 1, 2022. The TSR for the Company and each member of the peer group will generally be calculated as follows: $(X + Y)/Z$, where "X" equals the difference in the volume-weighted average closing price ("VWAP") of the company's securities for the 20 consecutive trading days prior to the end of the performance period, minus the VWAP of that company's securities for the 20 consecutive trading days at the beginning of the performance period; "Y" means the cumulative amount of dividends and distributions paid in respect of the company's securities during the performance period; and "Z" means the VWAP of a company's securities for the 20 consecutive trading days at the beginning of the performance period. Depending on the Company's ranking within the performance peer group, the award may be earned from 0% to 200% of the target amount of the award, but in no event will the earned award exceed the target amount if the Company's TSR for the applicable performance period is negative. The performance peer group for the 2020 performance-based equity awards consists of the following companies:

- Abraxas Petroleum Corporation
- Bonanza Creek Energy, Inc.
- Comstock Resources, Inc.
- Earthstone Energy, Inc.
- Gulfport Energy Corporation
- Gran Tierra Energy Inc.
- HighPoint Resources Corporation
- Kosmos Energy Ltd.
- Laredo Petroleum, Inc.
- Northern Oil and Gas, Inc.
- Ring Energy, Inc.
- Talos Energy Inc.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management. - (1) The amounts reflected in this column include total annual salary for the fiscal year.
- (2) The amounts under the "Stock Awards" column reflect the aggregate grant date fair value computed in accordance with ASC Topic 718, without regard to any risk of forfeitures. The discussion of the assumptions used in calculating these values can be found in Note 11 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2019 filed with the SEC.
- (3) The 2018 RSU awards subject to performance conditions are reported at their grant date value based upon the probable outcome. The amounts reported under the "Stock Awards" column for fiscal year 2019 reflect the amounts rewarded for the highest level of performance achieved.
- (4) The 2019 Incentive Cash Awards are subject to an additional overall financial metric that must be achieved on or before December 31, 2021, as described above within the Compensation Discussion and Analysis. The Company met these criteria as of December 31, 2019; therefore, payments for achievement of these financial metrics with respect to the 2019 year have been made to the Named Executive Officers. The long-term cash incentive component granted in connection with our 2019 RSUs have not been included in this table as the award is still subject to time-based vesting conditions until 2021.
- (5) The amount excludes perquisites and other personal benefits if the total aggregate value (based on aggregate incremental cost to the Company) in a given year did not exceed \$10,000. The amounts under "All Other Compensation" for 2019 include for Mr. Krohn, \$929,238 for incremental costs associated with his use of chartered aircraft and to reimburse him for the charter of his aircraft for his personal use and \$81,283 for gross-up for taxes on imputed income associated with such aircraft usage. Remaining amounts for each Named Executive Officer relate to company contributions made into the executives' 401(k) plan accounts.

2019 Grants of Plan-Based Awards

The following table sets forth information with respect to the possible awards that could have been payable for 2019 under the Incentive Compensation Plan to the Named Executive Officers.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards

We have historically maintained employment agreements with certain of the Named Executive Officers. As of December 31, 2019, the only employment agreement that was still in effect was our employment agreement with Mr. Krohn. We entered into the employment agreement on November 1, 2010. This November 1 agreement supersedes our previous employment agreement with Mr. Krohn. The term of the employment agreement is three years, subject to automatic extensions for an additional one-year period beginning on the first anniversary from the November 1, 2010 effective date of the agreement and on each anniversary date thereafter. The agreement provides for an initial base salary of \$1,000,000 and also entitles Mr. Krohn to participate in the Company’s annual incentive plans and long-term incentive plans as approved from time to time by the Compensation Committee. His employment agreement provides that he is entitled to use of Company chartered aircraft for personal travel. For security reasons and to facilitate efficient business travel, the Company and Mr. Krohn entered into an arrangement in 2004 that was subsequently amended in 2010. Under the amended arrangement, Mr. Krohn may use Company-chartered aircraft for both business and personal travel. In addition, aircraft personally owned by Mr. Krohn may be chartered by the Company, with Mr. Krohn receiving a gross-up for any taxes on imputed income associated with such aircraft usage and used by Mr. Krohn for any purpose. In 2019, Mr. Krohn’s aircraft was used by the Company or Mr. Krohn for 213.0 flight hours. The potential severance and change of control provisions within Mr. Krohn’s employment agreement are discussed in detail below under the heading “—Potential Payments Upon Termination or a Change in Control.” Other executive officers may be required for business purposes, or allowed for personal purposes, to use chartered aircraft. While no executive officers other than Mr. Krohn have a formal agreement with the Company regarding aircraft usage, and no executive officer other than Mr. Krohn has historically made substantial use of chartered aircraft for personal travel, the Company has the discretion to allow such use by other executive officers in limited and individual circumstances. To the extent any Named Executive Officer uses a chartered aircraft for personal travel, such use would be reflected in the Summary Compensation Table under “All Other Compensation.”

Please see “Compensation Discussion and Analysis—Elements of Executive Compensation—Long-term Incentive Compensation” for a discussion of the terms of the restricted stock unit awards. Please see the section titled “Potential Payments Upon Termination or a Change in Control” below for a detailed description of certain terminations of employment or change in control events could impact the normal vesting schedules for the equity awards.

Percentage of Base Salary and Cash Discretionary Bonus in Comparison to Total Compensation

The table below shows the percentage of base salary and cash discretionary bonus to total compensation for each of our Named Executive Officers that were still providing services as of December 31, 2019. No cash discretionary bonuses were paid to our Named Executive Officers in 2019.

- (1) This column includes performance-based restricted stock units that were granted in 2019 and 2018. The 2019 and 2018 RSUs were subject to Adjusted EBITDA and Adjusted EBITDA Margin based vesting requirements. Adjustments related to performance levels achieved in 2019 and 2018 have been applied to the grants presented and adjusted as appropriate from the target level of awards originally granted. These awards related to performance levels achieved in 2019 and 2018 and are now subject solely to the time-based vesting conditions that will vest in full on December 15, 2021 (for the 2019 awards) and December 15, 2020 (for the 2018 awards). Please see “Compensation Discussion and Analysis—Elements of Executive Compensation—Long-term Incentive Compensation.”
- (2) The market value of the shares of restricted stock units that have not vested was calculated using the closing price of the Company’s Common Stock on December 31, 2019 of \$5.56 per share.

Potential Payments Upon Termination or a Change in Control

We have historically maintained employment agreements with certain Named Executive Officers, including Mr. Krohn. As of December 31, 2019, the only employment agreement that was in effect was Mr. Krohn's agreement. We do not maintain employment agreements with the other Named Executive Officers, but each of our Named Executive Officers would be eligible for certain benefits with respect to their equity awards pursuant to the Incentive Compensation Plan upon qualifying terminations or change in control events.

Employment Agreement with Tracy W. Krohn

Mr. Krohn's employment agreement provides for a potential severance payment in certain situations. In the event of his death or "disability" (generally defined as an accident, sickness or other circumstance which renders him mentally or physically incapable of performing his services for the Company), his compensation and benefits will terminate on the date of termination. If, during the term of his agreement, the Company terminates the employment of Mr. Krohn for any reason other than in connection with his death, disability, or for "cause" (generally defined to include Mr. Krohn's fraud, embezzlement or misappropriation against the Company or our affiliates, any willful failure, neglect, or refusal to perform his duties under the agreement that results in an injury to the Company or an affiliate, or Mr. Krohn's plea of guilty to, or his conviction of, a felony), or Mr. Krohn terminates his employment for "good reason" (generally defined to include a material breach by the Company of the agreement or a material adverse change in Mr. Krohn's title, position or responsibilities), whether or not in connection with a change of control, Mr. Krohn will be entitled to receive his base salary until the actual termination date of his agreement and a severance payment in the amount of 3.0 times his annual base salary that is then in effect (the "CEO Severance Payment"); the CEO Severance Payment will be paid 60 days following his termination from employment (or six months following his termination of employment if he is considered a "specified employee" under Section 409A of the Code at that time). If he elects to continue coverage for himself and his dependents under the Company's group health plans following his termination of employment pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985, or "COBRA," the Company shall reimburse Mr. Krohn for the cost difference between the amount necessary to continue such coverage and the amount Mr. Krohn was required to pay for such coverage as an employee, for a period of 12 months. If Mr. Krohn elects to continue his health coverage following the initial 12 month period, then at any time during the following 18 months if his COBRA coverage terminates, the Company will provide him and his dependents with health benefits substantially similar to those provided under the Company's group health plans for active employees and at a cost that is no greater to Mr. Krohn than the cost of his original 12 month COBRA costs (collectively, the "Continued Medical Benefit"). Any outstanding restricted stock or restricted stock unit awards held at the time of a termination of Mr. Krohn's employment by the Company without cause, or by Mr. Krohn for good reason, will receive 100% accelerated vesting, and any annual incentive award that Mr. Krohn would have been entitled to receive for the year in which his termination occurred would be paid to him on a pro-rata basis.

In the event that the Company undergoes a change in control during the term of the employment agreement, and Mr. Krohn is not also terminated in connection with such a change in control that would also trigger a payment of the CEO Severance Payment, then Mr. Krohn will receive the CEO Severance Payment described above as if he had been terminated as of the date of the change in control. The employment agreement provides for certain cut-backs for amounts paid to Mr. Krohn in the event that such a payment would be considered a "parachute payment" pursuant to Section 280G of the Code. If an amount to be paid to Mr. Krohn is considered a parachute payment, then such payments will either be reduced to an amount

that is \$1.00 less than three times Mr. Krohn's then annual base salary, or paid in full, whichever produces the better net after-tax position to Mr. Krohn.

In addition, all outstanding restricted stock or restricted stock unit awards held by Mr. Krohn as of the date of a change in control will vest, whether such awards were subject to a performance period and whether such a performance period had passed as of the date of the change in control. In the event that Mr. Krohn is terminated without cause or for good reason, any outstanding restricted stock or restricted stock units would also vest, provided that the termination of employment occurred following the satisfaction of any applicable performance period associated with that award. The definition of "change of control" in Mr. Krohn's employment agreement generally will occur upon one or more of the following events: (1) a merger or consolidation that results in the Company's voting securities representing less than 50% of the combined voting power of the voting securities of the Company or the surviving corporation immediately after the transaction; (2) the individuals who constitute the Company's board of directors on the date of the agreement cease to constitute at least a majority of the Company's board of directors; (3) the acquisition, by a person or a group, of beneficial ownership of any capital stock of the Company if, after such acquisition, the person or group beneficially owns 51% or more of either (A) the then-outstanding shares of the Company's Common Stock or (B) the combined voting power of the then-outstanding voting securities of the Company (provided that for purposes of this subsection (3), the following acquisitions will not give rise to a change of control: (i) acquisitions directly from or by the Company, (ii) acquisitions by a Company employee benefit plan, (iii) acquisitions by any corporation pursuant to a transaction that results in the Company's security holders remaining in control of 50% or more of the Company's securities immediately following the transaction, (iv) an acquisition that constitutes an employee buyout, or (v) acquisitions by Mr. Krohn or his immediately family); (4) a sale of all or substantially all of the Company's assets; or (5) the approval by the Company's shareholders of a complete liquidation or dissolution.

In addition to acknowledging the continued binding effect of the Non-Competition/Non-Solicitation provisions in Section 6 of the 2004 employment agreement, Mr. Krohn has agreed in his 2010 employment agreement (i) not to disclose our confidential information and (ii) during the 12 months following his termination from employment with the Company, that he will not (A) provide to a third party competitor the same services that he currently provides to the Company in any market area in which the Company has conducted oil and gas exploration and production activities during the last two years of the term of the employment agreement, or (B) not to solicit or hire Company employees.

Incentive Compensation Plan

With regard to executives, as of December 31, 2019, the Incentive Compensation Plan provided that in the event of a change of control of the Company, the Company may choose to accelerate or remove any restrictions upon an outstanding award. The plan generally defines a "change of control" according to the definition given above in Mr. Krohn's employment agreement. The agreements that govern the outstanding restricted stock unit awards granted under the Incentive Compensation Plan have a two-tiered vesting requirement based on time and performance metrics. A change of control will 100% accelerate all restricted stock unit awards that have satisfied the performance requirement but have yet to vest pursuant to the time-based restrictions, as well as restricted stock unit awards that have not vested because the applicable performance period has not ended at the time the change of control occurs. A change of control will also accelerate any outstanding Restricted Stock Awards held by the executives. The Company's inclusion of a long-term cash incentive award in 2019 was designed to be subject to the same vesting and forfeiture provisions as the restricted stock unit awards; therefore, the cash portion of the award would also become vested upon a change in control.

The acceleration of the performance-based restricted stock unit awards (and 2019 long-term cash incentive award) will depend upon whether the awards have been partially vested pursuant to the performance-based vesting provision at the time of the termination of employment. While Mr. Krohn's employment agreement addresses certain change in control or termination of employment events, under the terms of the restricted stock unit agreements and the 2019 incentive award agreements, if the performance criteria have not been satisfied at the time of an executive's death or disability, or before a "normal retirement," the awards would be forfeited; however, if the performance criteria has been satisfied at the time of an executive's death or disability the awards will be 100% accelerated. Acceleration upon a normal retirement will be calculated using the pro-rata percentage calculation.

The pro-rata percentage calculation works as follows. Two-thirds of the award will be called the "two-year portion," and the final third will be called the "three-year portion." The two-year portion will accelerate by taking the number of underlying stock or units in that portion and multiplying that number by a fraction, the numerator of which is the number of months that the executive was employed during the year in which the grant occurred up until the termination of employment, and the denominator of which is 24; the three-year portion will accelerate by taking the number of underlying stock or units in that portion and multiplying that number by a fraction, the numerator of which is the number of months that the executive was employed during the year in which the grant occurred up until the termination of employment and the denominator of which is 36. With respect to the 2019 awards, a long-term cash incentive was introduced to the long-term incentive program, therefore

the retirement example will combine shares and a cash value. As an example, provided below is the pro-rata calculation that would apply to Mr. Krohn's acceleration of restricted stock units and long-term cash award granted to him in 2019 upon a normal retirement, assuming the performance measures have been satisfied with respect to Mr. Krohn's Restricted Stock Awards, but they are still subject to time-based vesting until December 15, 2021. Assuming that Mr. Krohn was eligible for a normal retirement upon December 31, 2019, his acceleration amount for that specific grant of restricted stock units would be calculated as follows: (i) 2/3 of the sum of his restricted stock units (290,540) times 12/24 (the numerator of which is the number of months, beginning with the first day of the first month of the year in which the date of issuance occurs, during which Mr. Krohn was employed as of December 31, 2019) (96,847 shares), plus (ii) 1/3 of the sum of his restricted stock units times 12/36 (the numerator of which is the number of months, beginning with the first day of the first month of the year in which the date of issuance occurs, during which Mr. Krohn was employed as of December 31, 2019) (32,282 shares), with the share portion multiplied by our closing stock on December 31, 2019 of \$5.56 per share. This results in total shares of 129,128 becoming accelerated for a total value of \$717,952. If the term "normal retirement" is not defined in an executive's employment agreement, the normal retirement age will be age 67. As of December 31, 2019, none of our Named Executive Officers were eligible for a normal retirement, thus no amounts were included in the table below for such a termination of employment.

Potential Payments Upon Termination or a Change in Control Table

The following table reflects the values that certain of the Named Executive Officers would receive upon certain terminations of employment or upon a change in control. For purposes of the calculations below, the Company has made certain assumptions which we consider reasonable, such as all legitimate reimbursable business expenses are current, and that all earned salary payments are current as of the date of the potential termination scenario. The actual amount of payments that each executive could receive may not be determined with complete accuracy until such time as an actual termination or change of control occurs, but the values below are our best estimate as to the potential payments each executive would receive as of December 31, 2019. Equity award acceleration was calculated using the stock price of \$5.56 per share, which is the closing price of our stock on December 31, 2019.

- (1) Mr. Krohn would be entitled to receive a pro rata short-term incentive awards pursuant to the Incentive Plan upon a upon a death or disability. The table assumes a full-year equivalent to the amount paid related to the 2019 short-term incentive award.
- (2) The CEO Severance payment, is three times the executive's annual base salary as of December 31, 2019, which was \$1,000,000 for Mr. Krohn.
- (3) Amounts are based upon the Company's COBRA costs as of December 31, 2019 for the periods set forth above in the narrative.

- (4) Accelerated equity reflects 2019 and 2018 restricted stock unit amounts, as adjusted for performance criteria that were satisfied in the 2019 and 2018 years, as applicable. The accelerated amounts were determined by multiplying the number of outstanding awards held by each executive (detailed above in the “Outstanding Equity Awards at December 31, 2019” table), either on a full or pro-rata basis as applicable, by the closing price of our stock on December 31, 2019, which was \$5.56 per share. This row also includes the full value of the 2018 long-term cash incentive awards.
- (5) Amounts shown here are a total of the full costs for each element. The employment agreement for Mr. Krohn has a “cut back” provision that would require us to pay \$1.00 less than three times the executive’s base salary in the event that the payment to the executive would constitute a “parachute payment,” so the total amounts shown could be reduced in certain situations.

Risk Assessment Related to our Compensation Structure

We believe our executive compensation plans are appropriately structured and are not reasonably likely to result in material risk to W&T Offshore, Inc. We believe our approach to goal setting, setting of targets with payouts at multiple levels of performance, and evaluation of performance results assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. Several features of our programs reflect sound risk management practices. We set performance goals that we believe are reasonable in light of past performance and market conditions. We also believe we have allocated our compensation among base salary and short- and long-term compensation target opportunities in such a way as to not encourage excessive risk-taking. Further, with respect to our incentive compensation programs, the metrics that determine payouts for our employees are Company-wide metrics only. This is based on our belief that applying Company-wide metrics encourages decision-making that is in the best long-term interests of W&T Offshore, Inc. and our shareholders as a whole. We use restricted stock units rather than stock options for equity awards because restricted stock units retain value even in a depressed market so that employees are less likely to take unreasonable risks to get, or keep, options “in-the-money.” Finally, the time-based vesting over a multi-year period for our long-term incentive awards ensures that our employees’ interests align with those of our shareholders for the long-term performance of our Company.

Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Tracy W. Krohn, our Chief Executive Officer.

For 2019, our last completed fiscal year:

- The median of the annual total compensation of all employees of our company (other than the Chief Executive Officer) was \$143,032;
- The annual total compensation of our Chief Executive Officer, as reported in the Summary Compensation Table included elsewhere within this Proxy Statement, was \$5,341,858; and
- For 2019 the ratio of the annual total compensation of our Chief Executive Officer to the median of the annual total compensation of all employees was reasonably estimated to be 37 to 1. The process used to determine this ratio is described below:

To identify the median employee using the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and our Chief Executive Officer, we took the following steps:

- We determined that, as of December 31, 2019, our employee population consisted of approximately 291 individuals. All of these individuals are located in the United States (as reported in Item 1, Business, in our Annual Report on Form 10-K filed with the Securities and Exchange Commission (“SEC”) on March 5, 2020). This population consisted of persons classified as employees. We do not have seasonal workers and we did not include persons classified as contractors.
- We used December 31, 2019 as our identification date for determining our median employee because it enabled us to make such identification in a reasonably efficient and economic manner. Payroll information for the year 2019 is currently accumulated for other purposes, such as providing information to the Internal Revenue Service (“IRS”) for 2019; therefore, payroll information for the year 2019 was utilized.

- We consistently applied a compensation measure to all employees by using the 2019 gross earnings reflected in our payroll records. The gross earnings for employees who were hired during 2019 were annualized using their gross earnings paid during 2019 and their date of hire. Employees who were hired at the end of December 2019 and did not receive any compensation in 2019 were excluded from the population. These gross earnings included all earnings reported on Form W-2 to the IRS, plus earnings which are excluded from W-2 earnings, which were primarily employee contributions to our 401K plan.
- We identified our median employee by consistently applying this compensation measure to all of our employees included in our analysis. Since all of our employees, including our Chief Executive Officer, are located in the United States, we did not make any cost of living adjustments in identifying the median employee.
- After we identified our median employee, we combined all of the elements of such employee's compensation for 2019 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$143,032. This amount will differ from amounts reported on Form W-2 primarily due to the amounts contributed by the Company to the employee's account under the 401K plan.

AUDIT COMMITTEE AND INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Audit Committee Report

The Audit Committee's role in the Company's corporate governance is summarized under the caption "Standing Committees of the Board" beginning on page 8 above. The Audit Committee's role with respect to the Company's financial reporting process is set out in the report.

The Board adopted a written charter setting forth the procedures and responsibilities of the Audit Committee. In addition, the Board appointed the undersigned directors as members of the Audit Committee. Each year, the Audit Committee reviews its charter and reports to the Board on its adequacy in light of applicable NYSE rules. In addition, the Company furnishes an annual written affirmation to the NYSE relating to Audit Committee membership, the independence and financial management expertise of the Audit Committee and the adequacy of the Audit Committee charter.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit the Company's financial statements. The Audit Committee has appointed EY as the Company's independent external auditor for fiscal year 2020 (and the Audit Committee is seeking ratification by the Company's shareholders for this appointment at this Annual Meeting).

During the last year, and earlier this year in preparation for the filing with the SEC of the Form 10-K, the Audit Committee:

- met quarterly with the Company's internal audit manager to review the scope of their review of internal controls and the quality of the Company's financial reporting;
- reviewed and discussed the audited financial statements with management and the Company's independent auditors;
- reviewed the overall scope and plans for the audit and the results of the independent auditors' examinations;
- met with management periodically during the year to consider the adequacy of the Company's internal controls and the quality of its financial reporting and discussed these matters with the Company's independent auditors and with appropriate Company financial personnel;
- discussed with the Company's senior management, independent auditors and appropriate Company financial personnel the process used for the Company's Chief Executive Officer and Chief Financial Officer to make the certifications required by the SEC and the Sarbanes-Oxley Act of 2002 in connection with the Form 10-K and other periodic filings with the SEC;
- reviewed and discussed with the independent auditors (1) their judgments as to the quality (and not just the acceptability) of the Company's accounting policies, (2) the written communication required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence, and (3) the matters required to be discussed with the Audit Committee under auditing standards generally accepted in the United States, including Auditing Standard No. 16, "Communications with Audit Committees";
- recommended, based on these reviews and discussions, as well as private discussions conducted in executive sessions without management present with the independent auditors and appropriate Company financial personnel, to the Board the inclusion of the audited financial statements of the Company and its subsidiaries in the Form 10-K; and
- determined that the non-audit services provided to the Company by the independent auditors (discussed above under the Proposal 4, Ratification of Appointment of Independent Accountants), are compatible with maintaining the independence of the independent auditors. The Audit Committee's pre-approval policies and procedures are discussed below.

Notwithstanding the foregoing actions and the responsibilities set forth in the Audit Committee charter, the charter clarifies that it is not the duty of the Audit Committee to prepare the Company’s financial statements, to plan or conduct audits, to determine that the Company’s financial statements are complete and accurate and in accordance with generally accepted accounting principles, or to assure compliance with applicable laws or the Company’s policies, procedures and controls. Management is responsible for the Company’s financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent auditors are responsible for expressing an opinion on those financial statements and on the effectiveness of internal control over financial reporting. Audit Committee members are not employees of the Company or, in certain cases, accountants or auditors by profession. Therefore, the Audit Committee has relied, without independent verification, on management’s representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States, that the Company’s internal controls over financial reporting were effective as of December 31, 2019 and on the representations of the independent auditors included in their reports on the Company’s financial statements and effectiveness of internal control over financial reporting. The Audit Committee’s failure to investigate any matter, to resolve any dispute or to take any other actions or exercise any of its powers in connection with the good faith exercise of its oversight functions shall in no way be construed as a breach of its duties or responsibilities to the Company, its directors or its shareholders.

The Audit Committee held four meetings in 2019 and met regularly with management and the independent and internal auditors, including private discussions with the independent auditors and the Company’s internal auditors, and received the communications described above. The Audit Committee has also established procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (b) the confidential, anonymous submission by the Company’s employees of concerns regarding questionable accounting or auditing matters. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company’s financial statements are presented in accordance with generally accepted accounting principles or that the audit of the Company’s financial statements has been carried out in accordance with generally accepted auditing standards.

The Audit Committee maintains written procedures that require it to annually pre-approve the scope of all auditing services to be performed by the Company’s independent auditor. The Audit Committee’s procedures prohibit the independent auditor from providing any non-audit services unless the service is permitted under applicable law and is pre-approved by the Audit Committee or its Chair. Although applicable regulations waive these pre-approval requirements in certain limited circumstances, the Audit Committee reviews and pre-approves all non-audit services provided by EY. The Audit Committee has determined that the provision of EY’s non-audit services is compatible with maintaining EY’s independence.

If you would like additional information on the responsibilities of the Audit Committee, please refer to its charter, a copy of which is posted on the Company’s website at www.wtoffshore.com and is available in print to any shareholder who requests it.

All other fees (3)	3,600	2,000
	<u>\$ 1,643,600</u>	<u>\$ 2,088,901</u>

(1) Includes fees for the audit of our annual consolidated financial statements, including the effectiveness of our internal control over financial reporting, reviews of our quarterly consolidated financial statements and reviews of various documents filed with the Securities and Exchange Commission (“SEC”).

- (2) Includes fees for preparation of federal and state tax returns, tax planning advice and review of tax related issues with respect to proposed transactions.
- (3) Includes an annual fee for access to an accounting literature database.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2019, the Company made payments totaling approximately \$1.4 million to W&T Offshore LLC (“W&T LLC”), an entity controlled by Tracy Krohn. Approximately \$1.2 million of the payments relate to the use by the Company of an aircraft indirectly owned by Mr. Krohn. In addition, W&T LLC has ownership interests in certain wells operated by the Company (such ownership interests pre-date the Company’s initial public offering). Revenues are disbursed and expenses are collected in accordance with ownership interest. Proportionate insurance premiums were paid to the Company and proportionate collections of insurance reimbursements attributable to damage on certain wells were disbursed.

In March 2018, the Company and two other initial members formed and initially funded a limited liability company, Monza Energy, LLC (“Monza”), which jointly participates with the Company in the exploration, drilling and development of certain drilling projects (the “JV Drilling Program”) in the Gulf of Mexico. The members of the limited liability company include a minority investment by an entity owned and controlled by Mr. Krohn and his family. The Krohn entity invested as a minority investor on the same terms and conditions as the third-party investors and its investment is limited to 4.5% of total invested capital within Monza. The entity affiliated with Mr. Krohn has made a capital commitment to Monza of \$14.5 million. The business and affairs of the limited liability company are managed by a board of five directors, which includes Mr. Krohn. W&T contributed 88.94% of its working interest in certain identified undeveloped drilling projects to the limited liability company and retained 11.06% of its working interest. The Company’s net contribution, reduced by distributions received, to the limited liability company as of December 31, 2019 was \$59.7 million.

The Company charters supply boats from Gulf Offshore Logistics, LLC (“GOL”) in the ordinary course of its business. The wife of Mr. Krohn has been employed by GOL for several years and currently serves as an officer of GOL. The rates charged for these marine and transportation services were either equal to or below rates charged by non-related, third-party companies. Payments to GOL totaled \$22.8 million in 2019. Mrs. Krohn’s compensation is commission-based, and as a result she received commissions of approximately \$0.2 million during 2019 related to business from the Company. The Company has maintained a business relationship with GOL since 2007, which predates Mr. and Mrs. Krohn’s marriage in September 2010.

The Company has adopted policies and procedures for approval of related party transactions, which are set forth in our Code of Business Conduct and Ethics. Such policies and procedures state that the Company shall not enter into any contractual relationship or transaction that would be required to be disclosed under Section 404 of Regulation S-K, or any successor to such regulation (a “Transaction”), without first complying with the provisions of the Code of Conduct and Ethics. The Audit Committee will be responsible for reviewing and evaluating the terms of such a proposed Transaction. If a Transaction involves a corporate opportunity, such opportunity must have been first rejected by the Company. The Audit Committee has the authority to approve or disapprove the use of the rejected corporate opportunity by the individual who wants to utilize the opportunity that the Company has rejected. No such Transaction shall be approved by the Audit Committee unless the terms of such Transaction are the same or more favorable to the Company than those which would have been obtainable at the time in arm’s-length dealing with unaffiliated persons. If the Audit Committee approves the Transaction, the Company shall be authorized to proceed with the Transaction as approved and to execute the documents necessary to give effect to such Transaction. The Company will make all required disclosures as appropriate in its periodic or special filings. Notwithstanding the foregoing, the Board shall have authority over any Transaction that may involve a change in control of the Company and in such a case, the Board may adopt such procedures that it deems necessary to review such Transaction. A written copy of our Code of Business Conduct and Ethics can be found on our website at www.wtoffshore.com.

SHAREHOLDER PROPOSALS

At the Annual Meeting each year, the Board submits to shareholders its nominees for election as directors. The Board may also submit other matters to the shareholders for action at the Annual Meeting. If you want the Company to consider including a proposal in next year’s 2021 proxy statement, you must submit the proposal in writing to our Corporate Secretary no later than November 26, 2020. If you want us to consider including a nominee for election to the Board at the 2021 Annual Meeting, you must submit the nominee’s name in accordance with the procedures discussed more fully in the section entitled “Director Nomination Process,” no earlier than January 6, 2021 and no later than February 5, 2021. Please mail any nomination or proposal following the prescribed guidelines to W&T Offshore, Inc., Nine Greenway Plaza, Suite 300, Houston, Texas 77046, Attention: Corporate Secretary.

OTHER MATTERS

Neither I nor any of the persons named as proxies know of any matters other than those described above to be voted on at the Annual Meeting. However, if any other matters are properly presented at the Annual Meeting, it is the intention of the persons named as proxies to vote in accordance with their judgment on these matters, subject to the discretion of the Board.

Shareholders may obtain a copy of our current Annual Report on Form 10-K without charge by writing to our Corporate Secretary at W&T Offshore, Inc., Nine Greenway Plaza, Suite 300, Houston, Texas 77046. Our Annual Report on Form 10-K and other filings with the SEC may also be accessed through our website at www.wtoffshore.com under the “Investors” section or the SEC’s website at www.sec.gov.

APPENDIX A

**FIRST AMENDMENT TO THE
W&T OFFSHORE, INC. 2004 DIRECTORS COMPENSATION PLAN**

The Board of Directors (the “*Board*”) of W&T Offshore, Inc., a Texas corporation (the “*Company*”), hereby makes this First Amendment (the “*Amendment*”) to the W&T Offshore, Inc. 2004 Directors Compensation Plan (the “*Plan*”) this 4th day of March, 2020, subject to the approval of the shareholders of the Company. If so approved, the effective date of this Amendment shall be May 6, 2020.

WITNESSETH:

WHEREAS, the Company originally established the W&T Offshore, Inc. 2004 Directors Compensation Plan (the “*Plan*”) to be effective as of April 26, 2004, for purposes of providing compensation awards to non-employee directors of the Company, based on the Company’s common stock, par value \$0.00001 per share (the “*Stock*”) in order to strengthen the Company’s ability to attract, motivate and retain directors of experience and ability, and to encourage the highest level of performance by providing directors with a proprietary interest in the Company’s financial success and growth; and

WHEREAS, on April 26, 2004, the Board approved the Plan, and concurrently holders of all of the Company’s outstanding shares of Stock approved the plan; and

WHEREAS, the Plan originally reserved up to 100,000 shares of Stock issuable pursuant to awards under the plan, which was automatically increased to 666,917 shares of Stock, pursuant to Section 6 of the Plan, in connection with a 6.669173211-for-1 split of the Stock in November 2004; and

WHEREAS, as of the date hereof, there are 82,620 shares of Stock remaining for issuance under the Plan; and

WHEREAS, the Company desires to amend the Plan by this Amendment to increase the number of shares of Stock available for issuance under the Plan to reflect an additional 500,000 shares; and

WHEREAS, this Amendment shall not become effective unless and until the Company’s shareholders vote to approve the Amendment at the Company’s 2020 Annual Meeting of Shareholders.

NOW THEREFORE, for and in consideration of the foregoing and the agreements contained herein, the Plan shall be amended as follows:

1. *Defined Terms*. Unless otherwise defined herein, capitalized terms used herein shall have the same meaning ascribed thereto in the Plan.

2. *Amendments*.

a. Section 3.1 of the Plan is hereby deleted in its entirety and replaced with the following:

3.1. The Company may issue up to 1,166,917 shares of Common Stock, subject to the adjustment provisions of Section 6, in Awards granted hereunder. Such shares may be either authorized but unissued shares or shares issued and thereafter acquired by the Company.

(Signature Page Follows)

IN WITNESS WHEREOF, the Company has caused this Amendment to be duly executed in its name and on its behalf by its duly authorized representative on the date set forth above.
