## Wrap Technologies and STORM Training Group Partner to Deliver Post-BolaWrap® Arrest & Control Training via WrapTactics™

**Joint digital and instructor-led subscription ecosystem expected to enhance defensive tactics, lawful control, and officer safety by bridging training gaps after BolaWrap® deployment**

MIAMI, Sept. 05, 2025 (GLOBE NEWSWIRE) -- Wrap Technologies, Inc. (NASDAQ: WRAP) (the "Company" or "Wrap"), a leader in pre-escalation and public safety solutions, today announced a strategic partnership with STORM Training Group, a Minnesota-based provider of evidence-based defensive tactics and use-of-force training for law enforcement and security agencies.

This collaboration is intended to enable agencies to pair BolaWrap® deployment with proven follow-up techniques that reduce officer risk during hand-to-hand encounters. STORM's on-point instruction, drawn from decades of experience in defensive tactics and arrest procedures, will be made accessible through WrapTactics™, Wrap's subscription-based digital learning platform.

## Why this matters:

- WrapTactics™ now includes a growing, **exclusive, dedicated library of defensive tactics modules uniquely designed to complement BolaWrap® use. These modules are intended to address** the critical moments when officers must transition to lawful control techniques.
- These modules fuse **STORM's nationally recognized arrest and control system** already trusted by agencies, with Wrap's **burst learning and pre-escalation scenario-based delivery**, to promote retention and help build the reflexive proficiency officers need in the field.
- Law enforcement customers can access **on-demand instructor-led classes** and rich training content at their convenience, which is vital given officers' limited time and demanding schedules.

## Established Credibility

Founded in 2015, STORM Training Group has delivered training to officers across **more than 250 agencies in the Midwest**. Its award-winning curriculum was examined in the **most extensive known data study linking police training to force outcomes**, later peer-reviewed and published. The study analyzed over **2,800 force incidents (2014–2020)** and demonstrated measurable results, including:

- **37% reduction** in overall use of force
- **86% reduction** in officer strikes
- **51% reduction** in chemical irritant use
- **39% reduction** in Taser deployments
- **55% reduction** in subject injuries
- **25% reduction** in officer injuries

Most strikingly, the city involved in the study saw **civil liability payouts drop from \$2M in 2017 to just \$5,000 in 2020**.<sup>1</sup>

## Leadership Commentary

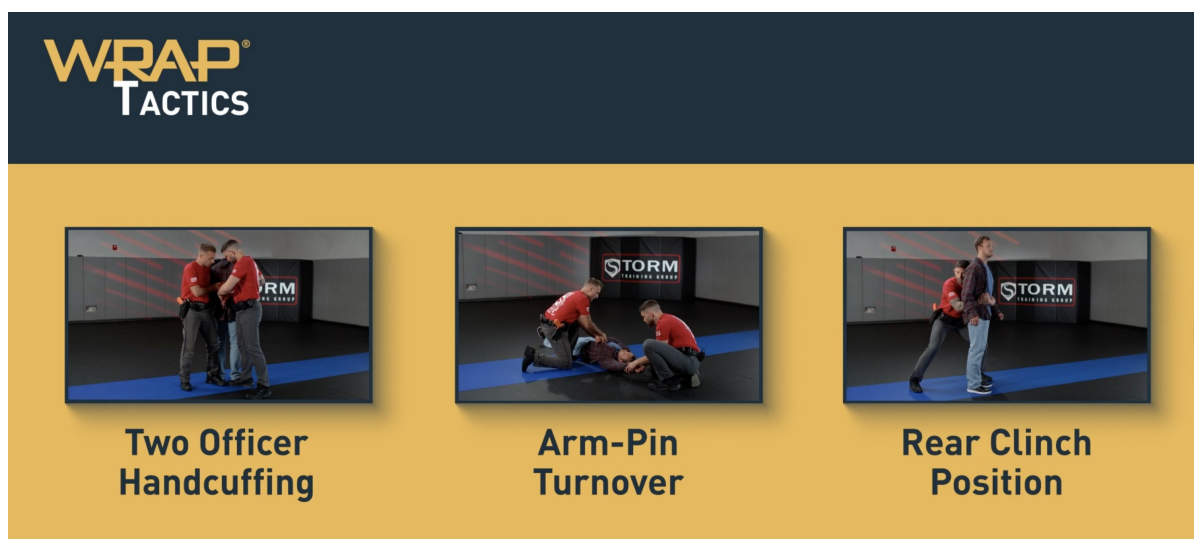

*"We believe partnering with STORM Training Group lets us bring timely, effective arrest and control techniques into the digital training ecosystem," said **Jared Novick, President and Chief Operating Officer of Wrap**. "Officers still need to go hands-on after BolaWrap® deployment, and STORM's proven tactics now become easy to learn and revisit via WrapTactics™, which we believe will help with recall in the field."*

*"A partnership with Wrap Technologies means our innovative arrest and control system will now be available to agencies and officers worldwide," said **Chad Malmberg, President & CEO of STORM Training Group**, "aligning our mission and shared goal of safer outcomes for officers and the communities they serve."*

## Benefits of the Partnership

- **Integrated Content** – STORM's defensive tactics library will be available inside WrapTactics™, as an upgradeable option anytime, anywhere.
- **Bundled Advantage** – Available as a standalone in WrapTactics™ and included at no additional cost in WrapReady™ and WrapPlus™ subscription bundles, designed to support scalable adoption and potential integration.
- **Post-Deployment Readiness** – Is designed to provide easy-to-remember, lawful arrest and control techniques designed for officers transitioning after BolaWrap® deployment, often in the pre-escalation period.
- **Retention Through Digital Access** – Continuous availability is intended to allow officers to revisit lessons, combating skill decay and reinforcing reflexive performance.
- **Instructor-Led Expertise** – Rich digital content backed by **STORM's elite trainers**, each with decades of law enforcement and defensive tactics experience, with **optional in-person instruction** from STORM Training Group's highly regarded personnel.

- **Time-Efficient Training** – On-demand classes fit into officers' demanding schedules, delivering additional reinforcement without requiring extended in-person sessions.

## Unified Training Ecosystem

WrapTactics™ remains available as a standalone learning management system, and the STORM-powered modules are **included in WrapReady™ and WrapPlus™ offerings**, ensuring agencies subscribing to these bundles receive both the hardware and reinforcement training in a unified ecosystem.

By uniting STORM's tactical expertise with Wrap's pre-escalation focus, we believe this partnership is consistent with Wrap's mission to reduce harm, improve outcomes, and deliver scalable, technology-enabled training that addresses real-world policing challenges.

## [About STORM Training Group](#)

Founded in 2015, STORM Training Group provides law enforcement and security agencies with evidence-based defensive tactics and use-of-force training. Trusted by more than 250 agencies across the Midwest, STORM's nationally recognized arrest and control system has been peer-reviewed and linked to significant reductions in use-of-force incidents, officer and subject injuries, and civil liability costs. With a mission to enhance officer safety and improve community outcomes, STORM combines decades of field-tested law enforcement and military experience with modern, data-driven instruction. STORM Training Group is owned by Chad Malmberg and Tom Menton.

## About Wrap Technologies, Inc.

Wrap Technologies, Inc. (Nasdaq: WRAP) a global leader in innovative public safety technologies and non-lethal tools, delivering cutting-edge technology with exceptional people to address the complex, modern day challenges facing public safety organizations.

Wrap's BolaWrap® 150 solution leads the world in pre-escalation and beyond, providing law enforcement with a safer choice for nearly every phase of a critical incident.

This innovative, patented device deploys a multi-sensory, cognitive disruption that leverages sight, sound and sensation to expand the pre-escalation period and give officers the advantage and critical time to manage non-compliant subjects before resorting to higher-force options. The BolaWrap 150 is not pain-based compliance. It does not shoot, strike, shock, or incapacitate, instead, it helps officers strategically operate pre-escalation on the force continuum, reducing the risk of injury to both officers and subjects. Used by over 1,000 agencies across the U.S. and in 60 countries, BolaWrap® is backed by training certified by the International Association of Directors of Law Enforcement Standards and Training (IADLEST), reinforcing Wrap's commitment to public safety through cutting-edge technology and expert training.

**Wrap Reality™ VR is a fully immersive training simulator to enhance decision-making under pressure.**

As a comprehensive public safety training platform, it provides first responders with realistic, interactive scenarios that reflect the evolving challenges of modern law enforcement. By offering a growing library of real-world situations, Wrap Reality™ equips officers with the skills and confidence to navigate high stakes encounters effectively, leading to safer outcomes for both responders and the communities they serve.

**WrapVision is an all-new body-worn camera and evidence management system built for efficiency.**

Designed for efficiency, security, and transparency to meet the rigorous demands of modern law enforcement, WrapVision seamlessly captures, stores, and helps manage digital evidence, ensuring operational security, regulatory compliance, and superior video picture quality and field of view.

The WrapVision camera, powered by IONODES, boasts seamless cloud integration and strictly adheres to Trade Agreements Act (TAA) compliance requirements and GSA schedule contracts requirements. Crucially, unlike many competitor devices manufactured overseas in foreign, non-compliant, and possibly hostile regions, WrapVision is built right here in North America today, with a critical made-in-America roadmap by the end of 2025. This track helps ensure unparalleled data integrity and helps eliminate critical concerns over unauthorized access or foreign surveillance risks.

**Trademark Information**

Wrap, the Wrap logo, BolaWrap®, Wrap Reality™ and Wrap Training Academy are trademarks of Wrap Technologies, Inc., some of which are registered in the U.S. and abroad. All other trade names used herein are either trademarks or registered trademarks of the respective holders.

**Cautionary Note on Forward-Looking Statements – Safe Harbor Statement**

This release contains “forward-looking statements” within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. Words such as “expect,” “anticipate,” “should,” “believe,” “target,” “project,” “goals,” “estimate,” “potential,” “predict,” “may,” “will,” “could,” “intend,” and variations of these terms or the negative of these terms and similar expressions are intended to identify these forward-looking statements. Moreover,

forward-looking statements are subject to a number of risks and uncertainties, many of which involve factors or circumstances that are beyond the Company's control and included, but not limited to, statements relating to the expected benefits of the Company's partnership with STORM Training Group. The Company's actual results could differ materially from those stated or implied in forward-looking statements due to a number of factors, including but not limited to: the Company's ability to maintain compliance with the Nasdaq Capital Market's listing standards; the Company's ability to successfully implement training programs for the use of its products; the Company's ability to manufacture and produce products for its customers; the Company's ability to develop sales for its products; the market acceptance of existing and future products; the availability of funding to continue to finance operations; the complexity, expense and time associated with sales to law enforcement and government entities; the lengthy evaluation and sales cycle for the Company's product solutions; product defects; litigation risks from alleged product-related injuries; risks of government regulations; the business impact of health crises or outbreaks of disease, such as epidemics or pandemics; the impact resulting from geopolitical conflicts and any resulting sanctions; the ability to obtain export licenses for countries outside of the United States; the ability to obtain patents and defend intellectual property against competitors; the impact of competitive products and solutions; and the Company's ability to maintain and enhance its brand, as well as other risk factors mentioned in the Company's most recent annual report on Form 10-K, subsequent quarterly reports on Form 10-Q, and other Securities and Exchange Commission filings. These forward-looking statements are made as of the date of this release and were based on current expectations, estimates, forecasts, and projections as well as the beliefs and assumptions of management. Except as required by law, the Company undertakes no duty or obligation to update any forward-looking statements contained in this release as a result of new information, future events or changes in its expectations.
