INFORMATION ABOUT THIS PROXY STATEMENT AND THE ANNUAL MEETING

QUESTIONS AND ANSWERS ABOUT VOTING YOUR SHARES

Why am I receiving these materials?

The Board of Directors of SEACOR Holdings Inc. (which we refer to in this proxy statement as we, our, us, our Company or the Company) is providing you these proxy materials in connection with the Board's solicitation of proxies from our stockholders for our 2019 annual meeting of stockholders (which we refer to as the Annual Meeting) and any adjournments and postponements of the Annual Meeting. The Annual Meeting will be held virtually, exclusively via a live audio webcast on Wednesday, June 5, 2019, at 9:00 a.m. Eastern Daylight Time. On or before April 30, 2019, we expect to begin mailing to our stockholders proxy materials or an Important Notice Regarding the Availability of Proxy Materials (which we refer to as a Notice), containing instructions on how to access our proxy materials, including this proxy statement and our Annual Report, and how to vote your shares.

What is the purpose of the Annual Meeting?

At the Annual Meeting, you and our other stockholders entitled to vote at the Annual Meeting are requested to vote on proposals to (i) elect five (5) members of our Board of Directors to serve until our 2020 annual meeting of stockholders; (ii) to approve executive compensation by advisory vote; and (iii) to ratify the appointment of Grant Thornton LLP as our independent auditor for fiscal year 2019.

Who is entitled to vote at the Annual Meeting?

Only holders of record of our common stock at the close of business on April 8, 2019, the record date for the Annual Meeting, are entitled to notice of, and to vote at, the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held. Shares of our common stock represented virtually or by a properly submitted proxy will be voted at the Annual Meeting. On the record date, 18,529,410 shares of our common stock were outstanding and entitled to vote.

Who can attend the Annual Meeting?

Only stockholders of record as of the close of business on the Record Date or the holders of their properly submitted valid proxies may attend the Annual Meeting via a virtual meeting at www.virtualshareholdermeeting.com/CKH2019. A list of our stockholders will be available for review at our executive offices in Fort Lauderdale, FL during ordinary business hours for a period of ten (10) days prior to the meeting.

How can I attend the Annual Meeting?

The Annual Meeting will be a completely virtual meeting of stockholders conducted exclusively by a live audio webcast.

If you are a stockholder of record as of the close of business on the Record Date, you will be able to virtually attend the Annual Meeting, vote your shares and submit your questions online during the meeting by visiting www.virtualshareholdermeeting.com/CKH2019. You will need to enter the 16-digit control number included on your Notice, on your proxy card or on the instructions that accompanied your proxy materials.

If you are a stockholder holding your shares in "street name" as of the close of business on the Record Date, you may gain access to the meeting by following the instructions in the voting instruction card provided by your broker, bank or other nominee. You may not vote your shares electronically at the Annual Meeting unless you receive a valid proxy from your brokerage firm, bank, broker dealer or other nominee holder.

The online meeting will begin promptly at 9:00 a.m., Eastern Daylight Time. We encourage you to access the meeting prior to the start time. Online check-in will begin at 8:45 a.m., Eastern Daylight Time, and you should allow ample time for the check-in procedures.

If you wish to submit a question for the Annual Meeting, you may do so in advance at www.proxyvote.com, or you may type it into the dialog box provided at any point during the virtual meeting (until the floor is closed to questions).

Why are you holding a virtual meeting instead of a physical meeting?

We are excited to embrace the latest technology to provide expanded access, improved communication and cost savings for our stockholders and our Company. We believe that hosting a virtual meeting will enable more of our stockholders to attend and participate in the meeting since our stockholders can participate from any location around the world with Internet access.

What constitutes a quorum?

The presence at the Annual Meeting virtually or by proxy of the holders of a majority in voting power of the issued and outstanding shares of our common stock entitled to vote at the Annual Meeting is required to constitute a quorum for the transaction of business.

What vote is required to approve each item to be voted on at the Annual Meeting?

Election of Directors. A nominee for director will be elected to the Board with the vote of a plurality of the shares of common stock virtually present or represented by proxy at the Annual Meeting and voting on the matter, which means that the five (5) nominees receiving the most “for” votes will be elected. Since there are only five (5) nominees, we expect that each of them will receive sufficient votes to be elected as a director. However, pursuant to our By-Laws, each nominee who is a current director has submitted an irrevocable resignation as a director, which resignation will become effective upon (1) that person not receiving a majority of the votes cast in favor of his or her election in an uncontested election (i.e., the number of votes “for” such director’s election constitutes less than the number of votes “withheld” with respect to such director’s election) and (2) acceptance by the Board of that resignation in accordance with the policies and procedures adopted by the Board for such purpose (we refer to this policy as our Majority Voting Policy).

Votes Required to Adopt Other Proposals. The affirmative vote of the holders of a majority in voting power of the shares of common stock virtually present or represented by proxy and entitled to vote at the Annual Meeting is required for approval of all other items being submitted to stockholders for consideration.

How are abstentions and broker non-votes counted?

Abstentions and broker non-votes (i.e., shares with respect to which a broker indicates that it does not have discretionary authority to vote on a matter) will be counted for purposes of determining whether a quorum is present at the Annual Meeting. Abstentions and broker non-votes are not counted for purposes of the election of directors and, consequently, will not count as a vote cast with respect to that director’s election and will not affect the outcome of the election of directors (including for purposes of the Majority Voting Policy). Abstentions will have the same effect as votes against any matter other than the election of directors. Broker non-votes are counted on and can be voted for routine matters. The only routine matter to be brought before the shareholders at the Annual Meeting is the ratification of independent registered public accounting firms. For non-routine matters other than the election of directors, broker non-votes will have the same effect as votes against such matter. The only such matter being brought before the shareholders at this Annual Meeting is the advisory vote on executive compensation.

How does the Board recommend that I vote?

Our Board of Directors recommends that you vote:

- FOR each of the nominees for director named in this proxy statement;
- FOR approval of named executive officer compensation; and
- FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year 2019.

How do I vote?

You may vote virtually at the Annual Meeting online at www.virtualshareholdermeeting.com/CKH2019 by using the 16-digit control number included with these proxy materials, or you may give us your proxy. We recommend that you vote by proxy even if you plan to virtually attend the Annual Meeting. As described below, you can revoke your proxy or change your vote at the Annual Meeting. You can vote by proxy over the telephone by calling a toll-free number, electronically by using the Internet or through the mail as described below. If you would like to vote by telephone or by using the Internet, please refer to the specific instructions set forth on the Notice, proxy card or voting instruction card. Stockholders are requested to vote in one of the following ways:

- by telephone by calling the toll-free number 1-800-690-6903 (have your proxy card in hand when you call);
- by Internet before the Annual Meeting at www.proxyvote.com (have your proxy card in hand when you access the website);
- during the Annual Meeting at www.virtualshareholdermeeting.com/CKH2019; or
- by completing, dating, signing and promptly returning the accompanying proxy card, in the enclosed postage-paid, pre-addressed envelope provided for such purpose. No postage is necessary if the proxy card is mailed in the United States.

If you hold your shares through a bank, broker or other nominee, such entity/person will give you separate instructions for voting your shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have voted electronically through the Internet or by telephone or submitted your proxy card, you may change your vote at any time before the proxy is exercised at the Annual Meeting. You may change your vote by (i) sending written notice of revocation to William C. Long, Corporate Secretary, SEACOR Holdings Inc., 2200 Eller Drive, Fort Lauderdale, FL 33316, (ii) submitting a valid proxy with a subsequent date by Internet, telephone or mail, or (iii) attending the virtual Annual Meeting and voting. Your attendance at the Annual Meeting will not by itself revoke a proxy that you have previously submitted. Shareholders who hold shares through a broker or other intermediary should consult with that party as to the procedures to be used for revoking a vote.

How will votes be recorded?

Votes will be tabulated by Broadridge, and the results will be certified by one or more Inspectors of Election, who are required to resolve impartially any interpretive questions as to the conduct of the vote. In tabulating votes, the Inspectors of Election will make a record of the number of shares voted for or against each nominee and each other matter voted upon, the number of shares abstaining with respect to each nominee or other matter, and the number of shares held of record by broker-dealers and present at the Annual Meeting but not voting.

Where can I find the voting results of the Annual Meeting?

We plan to announce preliminary voting results at the Annual Meeting and to publish the final results in a current report on Form 8-K following the Annual Meeting.

COSTS OF SOLICITATION

The costs of solicitation of proxies will be paid by the Company. In addition to solicitation by mail, directors, officers and regular employees of the Company may solicit proxies from stockholders by telephone, electronic or facsimile transmission, personal interview or other means. PROPOSAL NO. 1 - ELECTION OF DIRECTORS

Pursuant to applicable Delaware law (the jurisdiction of incorporation of the Company), the Company's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation") and the Company's Sixth Amended and Restated By-Laws (the "By-Laws"), the business and affairs of the Company are managed by or under the direction of the Board. Generally, the Board oversees the management of the Company's business operations, determines the corporate policies and appoints the Executive Chairman, the Chief Executive Officer, the Chief Financial Officer and other executive officers of the Company.

Upon the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has nominated for election at the 2019 Annual Meeting a slate of five nominees, all of whom are currently serving on the Board. The director nominees are Messrs. Fabrikant, Berz, Lorentzen, Papouras and Schizer.

Pursuant to the By-Laws, the number of directors constituting the Board shall be no fewer than five nor more than twelve, as may be fixed from time to time by resolution of a majority of the entire Board. The size of the Board is presently fixed at six (6) members; however, Mr. de Demandolx, a current director, informed the Board on March 30, 2019 that he decided to retire and will not stand for reelection at the Annual Meeting. In connection with that decision, the Board carefully considered the size of the Board and whether to nominate a director to fill Mr. de Demandolx's place or to reduce the size of the Board. The Board ultimately determined that, at this time, the appropriate composition of the Board is five directors, four of whom are independent. As a result on April 1, 2019, the Board adopted a resolution to reduce the size of the Board to five (5) members, effective immediately prior to the Annual Meeting.

The By-Laws provide that directors of the Company are elected annually to serve until their respective successors are duly elected and qualified at the next Annual Meeting of Stockholders or until their earlier resignation or removal. All of the nominees for director named below are currently directors of the Company. Unless otherwise specified, proxies will be voted FOR the election of each of the nominees named below. The Board does not expect that any of the nominees will be unable to serve as a director. However, if for any reason one or more of the nominees is unable to serve, proxies will be voted for such substitute nominees as the Board may recommend unless otherwise specified in this Proxy Statement or on the applicable proxy.

Mr. Lorentzen is Managing Director of Northern Navigation LLC, an investment management company and a Director of Dorian LPG Ltd., a liquefied petroleum gas shipping company and leading owner and operator of modern VLGCs. He is also a director of Blue Danube, Inc., a privately owned corporation engaged as an inland marine service provider, and Lead Director of Genesee & Wyoming Inc., an owner and operator of short line and regional freight railroads.

Mr. Lorentzen's strong background in finance in the maritime industry and his having served as the CEO of an investment management and ship-owning company specializing in ship finance, adds a valuable perspective to the Board. As the Company's former Chief Executive Officer, Mr. Lorentzen provides a deep understanding of the Company's operations. He was President of Nabors Drilling Solutions, a division of Nabors Industries Ltd. that provides oil and gas drilling services, from 2015 to June 2018, and was President of Canrig Drilling Technology, Ltd. from 1998 to February 2016. Mr. Papouras's strong background in technology and the oil and gas industry as well as his extensive experience serving as a director on various company boards adds extensive value to the Company's Board of Directors. This experience also provides significant value to the Audit Committee and Compensation Committee of which he is a member.

He serves on the boards of the Columbia Law Review, 92Y, the Ramaz School, and Yale Hillel.

Mr. Schizer's experience in complex financial and tax transactions, energy law and corporate governance provides valuable insight in analyzing complex financial and tax initiatives and brings significant value to the Audit Committee and Nominating and Corporate Governance Committee, of which he is a member.

Voting. Directors will be elected by a plurality of the shares of Common Stock represented virtually or by proxy at the Annual Meeting. Since there are only five (5) nominees, we expect that each of them will receive sufficient votes to be elected as a director. However, pursuant to our By-Laws all nominees have submitted an irrevocable letter of resignation conditional on (1) such nominee's failure to receive a majority of the votes cast in favor of his or her election in an uncontested election (i.e., the number of votes "for" such director's election constitutes less than the number of votes "withheld" with respect to such director's election) and (2) acceptance by the Board of that resignation in accordance with the policies and procedures adopted by the Board for such purpose. If you do not wish your shares to be voted for any particular nominee, please identify any nominee for whom you "withhold authority" to vote on the enclosed proxy card.

The Board unanimously recommends a vote FOR each of the nominees named in this proxy statement for election to the Board.

THE BOARD OF DIRECTORS, ITS COMMITTEES AND OTHER CORPORATE GOVERNANCE INFORMATION

Pursuant to applicable Delaware law, the Certificate of Incorporation and the By-Laws, the business and affairs of the Company are managed by or under the direction of the Board. Generally, the Board oversees the management of the Company's business operations, determines the corporate policies and appoints the Executive Chairman, the Chief Executive Officer, the Chief Financial Officer and other executive officers of the Company.

MEETINGS

During the year ended December 31, 2018, the Board held four meetings. The Board also took action pursuant to Unanimous Written Consent on seven other occasions. Each of the directors attended at least 75% of the aggregate number of meetings of the Board and all committees of the Board on which they served during their tenure in 2018. Although the Company does not have a formal policy requiring Board members to attend the annual meeting of stockholders, all of the Board members then serving attended the Company's 2018 Annual Meeting.

BOARD LEADERSHIP STRUCTURE AND LEAD INDEPENDENT DIRECTOR

The Board believes that there is no single organizational model that would be most effective in all circumstances and that it is in the best interests of the Company and its stockholders for the Board to retain the authority to modify its leadership structure to best address the Company's circumstances from time to time. The Board believes that the most effective leadership structure for the Company at the present time is to have Charles Fabrikant, our principal executive officer, serve as both Executive Chairman and Chief Executive Officer. In addition, the independent directors have elected a Lead Independent Director (as described in the Company's Corporate Governance Guidelines, which are available on the Company's website). Currently, David Berz serves as the Lead Independent Director. The Lead Independent Director, supported by the chairs of the independent committees of the Board, is responsible for assessing the performance of the Executive Chairman and Chief Executive Officer and protecting against potential management conflicts. The Lead Independent Director and the Executive Chairman are together responsible for setting the Board agenda. Mr. Berz is knowledgeable about the Company's business, having been a member of the Board since 2014. Mr. Berz also serves as the chair of SEACOR's Compensation Committee, a role the Board believes complements his role as Lead Independent Director and is a member of the Nominating and Corporate Governance Committee. As Lead Independent Director, Mr. Berz (i) confers with the Executive Chairman and Chief Executive Officer, (ii) convenes and chairs executive sessions of the independent directors, (iii) serves as a liaison between the independent directors and the Chief Executive Officer, as appropriate, including providing the CEO with feedback from executive sessions of the independent directors and (iv) is available in appropriate circumstances to discuss or otherwise communicate about corporate governance matters with the Company's stockholders.

In addition to the Lead Independent Director, the chair of each of the Board's three wholly independent key committees (Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee), as well as each individual director, are responsible for helping to ensure that meeting agendas are appropriate and that sufficient time and information are available to address issues that the directors believe are significant and warrant their attention. Each director has the opportunity and ability to request agenda items, information and additional meetings of the Board or of the independent directors.

The schedule of Board and Committee meetings is made available to directors in advance along with the agenda for each meeting so that they may review and request changes. Directors also have unrestricted access to management at all times and regularly communicate informally with management on an assortment of topics. The Board has adopted significant governance processes designed to support the Board's capacity for objective judgment, including executive sessions of the independent directors at Board meetings, independent evaluation of, and communication with, members of senior management, and rigorous self-evaluation of the Board, its committees and its leadership. These and other critical governance processes are reflected in the Corporate Governance Guidelines and the various committee charters that are available on the Company's website. The Board has also provided mechanisms for stockholders to communicate in writing with the Lead Independent Director, with the non-management and/or independent directors, and with the full Board on matters of significance. These processes are also outlined on the Company's website.

The Board has in place a succession planning process that includes ongoing consultation with the Executive Chairman and Chief Executive Officer, and the development of candidates to address future developments and emergency situations.

DIRECTOR INDEPENDENCE

The Board has adopted standards for determination of director independence in compliance with the Corporate Governance Listing Standards of the New York Stock Exchange (the "NYSE"). A copy of the Director Independence - Categorical Standards is available to holders of the Company's Common Stock free of charge on the Company's website at www.seacorholdings.com under the link chain "Investors - Corporate Governance - Governance Documents." A director is deemed independent if the Nominating and Corporate Governance Committee and the Board find that the director is independent under the NYSE's governance standards and the additional standards approved by the Board, which go beyond those required by the NYSE. The Board evaluates the facts and circumstances of each director candidate to determine independence. For a director to be deemed independent, the Board must conclude that a director does not have any relationship that is likely to impair his or her ability to act independently.

The Board has affirmatively determined that each member of the Board meets the Company's independence standards with the exception of Mr. Fabrikant, because he is the current Chief Executive Officer of the Company.

COMMITTEES OF THE BOARD

The Company has three standing committees: the Nominating and Corporate Governance Committee, the Audit Committee and the Compensation Committee. The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act. The charter of each such committee is available on the Company's website at www.seacorholdings.com, under the link chain "Investors - Corporate Governance - Governance Documents" and is also available to stockholders in print without charge upon written request to the Company's Investor Relations Department, 2200 Eller Drive, P.O. Box 13038, Fort Lauderdale, Florida 33316, or via e-mail to: InvestorRelations@ckor.com.

AUDIT COMMITTEE

Committee Function: The Audit Committee assists the Board to fulfill its responsibility to oversee:

- management's execution of the Company's financial reporting process, including the reporting of any material events, transactions, changes in accounting estimates or changes in important accounting principles and any significant issues as to adequacy of internal controls;
- the selection and performance of the Company's independent registered public accounting firm (including its qualifications and independence);

- the review of the financial reports and other financial information provided by the Company to any governmental or regulatory body, the public or other users thereof;
- the Company's systems of internal accounting and financial controls and the annual independent audit of the Company's financial statements;
- risk management and controls, which include assisting management in identifying and monitoring risks, developing effective strategies to mitigate risk, and incorporating procedures into its strategic decision-making (and reporting developments related thereto to the Board); and
- the processes for handling complaints relating to accounting, internal accounting controls and auditing matters.

Charter and Meetings. The Audit Committee held five meetings during the last fiscal year. The charter of the Audit Committee is available on the Company's website at www.seacorholdings.com under the link chain "Investors - Corporate Governance - Governance Documents." The current members of the Audit Committee are Messrs. Lorentzen (Chair), Papouras and Schizer. The Board has determined that all members of the Audit Committee are "independent" and "financially literate" under the applicable rules of the NYSE. The Board has further determined that Mr. Lorentzen is an "Audit Committee Financial Expert" within the meaning of the regulations of the SEC and is independent as that term is used in Item 7(d)(3)(iv) of Schedule 14A of the rules promulgated under the Exchange Act. For Mr. Lorentzen's relevant experience, please refer to his biography on page 5. Additionally, each member of the Audit Committee meets the heightened requirement for independence set forth in the Sarbanes-Oxley Act.

The Audit Committee's role is one of oversight. The Company's management is responsible for preparing the Company's financial statements and the independent registered public accounting firm is responsible for auditing those financial statements. The Audit Committee recognizes that Company management, including the internal audit staff, or an outside provider of such services, and the independent registered public accounting firm has more time, knowledge and detailed information about the Company than do Audit Committee members. Consequently, in carrying out its oversight responsibilities, the Audit Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the independent registered public accounting firm's work.

The Audit Committee's principal responsibilities include: (i) appointing and reviewing the performance of the independent registered public accounting firm; (ii) reviewing and assessing the Company's internal audit function; (iii) reviewing and, if appropriate and necessary, pre-approving audit and permissible non-audit services of the independent registered public accounting firm; (iv) reviewing the adequacy of the Company's internal and disclosure controls and procedures; (v) reviewing and reassessing the adequacy of the Company's charter; (vi) reviewing with management any significant risk exposures; (vii) reviewing with management and the independent registered public accounting firm the Company's annual and quarterly financial statements; (viii) reviewing and discussing with management and the independent registered public accounting firm all critical accounting policies and practices used by the Company and any significant changes thereto; (ix) reviewing and discussing with management, the independent registered public accounting firm and the internal auditor any significant findings during the year, including the status of previous audit recommendations; (x) assisting the Board in monitoring compliance with legal and regulatory requirements; and (xi) establishing and maintaining procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

COMPENSATION COMMITTEE

Committee Function. The Compensation Committee, among other things:

- approves, either on its own or in consultation with the Company's independent directors, the compensation of the Executive Chairman and Chief Executive Officer, other executive officers, and certain officers or managers of a business unit or subsidiary who receive an annual base salary of more than \$300,000;
- evaluates the performance of the Executive Chairman and Chief Executive Officer and reports its findings to the Board;
- reviews, approves and makes recommendations to the Board with respect to changes in incentive compensation and equity-based plans;
- approves all grants of stock options and restricted stock awards;
- reviews and makes recommendations with respect to director compensation;

- prepares a report to be included in the Company's annual proxy statement; and
- conducts an annual performance self-evaluation.

The Chairman of the Compensation Committee sets the agenda for meetings of the Compensation Committee. The meetings are attended by the Chief Executive Officer, if requested by the Compensation Committee. At each meeting, the Compensation Committee has the opportunity to meet in executive session. The Chairman of the Compensation Committee reports the actions of the Compensation Committee regarding compensation of executive officers to the full Board. The Compensation Committee has the sole authority to retain compensation consultants to assist in the evaluation of director or executive officer compensation, has sole authority to determine compensation of such consultants, and is responsible for the oversight of any such consultants. The Compensation Committee determined not to employ a compensation consultant with respect to 2018 compensation decisions. Data required by the Compensation Committee was collected by the Company's legal and finance departments from outside data services, such as Equilar's research database, a resource for analyzing executive compensation and executive pay trends, and through publicly available compensation-related information.

Charter and Meetings. The Compensation Committee met two times during the last fiscal year and acted by Unanimous Written Consent on one occasion. The Compensation Committee meets as frequently as circumstances dictate but not less than once a year. The charter of the Compensation Committee is available on the Company's website at www.seacorholdings.com, under the link chain "Investors - Corporate Governance - Governance Documents."

Compensation Committee Interlocks and Insider Participation

The current members of the Compensation Committee are Messrs. Berz (Chair), Lorentzen and Papouras. Each member of the Compensation Committee is an independent director as determined by the Board. No individual who was a member of the Compensation Committee during 2018: (i) was an officer or employee of the Company or any of its subsidiaries during 2018; or (ii) served on the board of directors of any other company any of whose executive officers served on the Company's Compensation Committee or its Board. Mr. Lorentzen served as Chief Executive Officer of the Company from September 2010 through February 2015.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

Committee Function: The Nominating and Corporate Governance Committee assists the Board with:

- identifying, screening and reviewing individuals qualified to serve as directors and recommending to the Board candidates for election at the Company's Annual Meeting of Stockholders and to fill Board vacancies;
- recommending modifications, as appropriate, to the Company's policies and procedures for identifying and reviewing Board candidates, including those related to Board candidates submitted for consideration by stockholders;
- reviewing the composition of the Board as a whole, including whether the Board reflects the appropriate balance of independence, sound judgment, business specialization, technical skills, diversity and other desired qualities;
- periodically reviewing the size of the Board and recommending any appropriate changes;
- overseeing the evaluation of the Board and management;
- recommending changes in director compensation;
- successor planning; and
- various governance responsibilities.

Charter and Meetings. The Nominating and Corporate Governance Committee held three meetings during the last fiscal year and acted by Unanimous Written Consent on one occasion. The Nominating and Corporate Governance Committee meets as frequently as circumstances dictate but not less than once a year. The charter of the Nominating and Corporate Governance Committee is available on the Company's website at www.seacorholdings.com, under the link chain "Investors - Corporate Governance - Governance Documents."

Each Nominating and Corporate Governance committee member has been determined by the Board to be "independent" within the meaning of the NYSE listing standards. The current members of the Nominating and Corporate Governance Committee are Messrs. Berz, de Demandolx and Schizer (Chair). Mr. de Demandolx informed the Board

in April 2019 that he decided to retire and will not stand for re-election at the Annual Meeting. Following the Annual Meeting, Mr. de Demandolx will no longer be a member of the Nominating and Corporate Governance Committee. The Company may choose to appoint an additional director as a member of the Nominating and Corporate Governance Committee in the future.

Selection of Board Nominees. To fulfill its responsibility to recruit and recommend to the full Board nominees for election as directors, the Nominating and Corporate Governance Committee reviews the composition of the full Board to determine the qualifications and areas of expertise needed to further enhance the composition of the Board and works with management to attract candidates with those qualifications.

To identify new director candidates, the Nominating and Corporate Governance Committee seeks advice and names of candidates from its members, other members of the Board, members of management and other public and private sources. The Nominating and Corporate Governance Committee, in formulating its recommendation of candidates to the Board, considers each candidate's personal qualifications (particularly in light of the Company's various lines of business) and how such personal qualifications effectively address the then perceived current needs of the Board.

The Nominating and Corporate Governance Committee has the authority to retain a search firm to assist it in these efforts. After the Nominating and Corporate Governance Committee completes its evaluation, it presents its recommendations to the Board for consideration and approval.

The Nominating and Corporate Governance Committee evaluated the director nominees and recommended that the Board nominate each director nominee named above for re-election.

Stockholder Recommendations. The Nominating and Corporate Governance Committee considers director candidates suggested by the Company's stockholders provided that the recommendations are made in accordance with the procedures required under the Company's By-Laws for nomination of directors by stockholders and described in this Proxy Statement under the heading "Stockholder Nomination of Directors." Stockholder nominations that comply with these procedures and meet the criteria outlined above will receive the same consideration that the Nominating and Corporate Governance Committee's nominees receive. The Company will report any material change to these procedures in an appropriate filing with the Securities and Exchange Commission (the "SEC") and will make any such changes available promptly on the Investor Relations section of the Company's website at www.seacorholdings.com.

BOARD CANDIDATE EVALUATION

The process by which Board candidates are identified and assessed begins with the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is asked to identify, screen and review individuals qualified to serve as directors and ultimately recommend to the Board candidates for election at the Company's Annual Meeting of Stockholders. After completing its evaluation, the Nominating and Corporate Governance Committee presents its recommendation to the Board for consideration and approval. The Nominating and Corporate Governance Committee, in formulating its recommendation of candidates to the Board (including current directors being considered for re-election), and the Board in its consideration of such candidates, consider each candidate's personal qualifications (particularly in light of the Company's various lines of business) and how such personal qualifications effectively address the then perceived current needs of the Board. Appropriate personal qualifications and criteria for Board membership include the following:

- experience investing in and/or guiding complex businesses as an executive leader or as an investment professional within an industry or area of importance to the Company;
- proven judgment, competence and/or substantial accomplishments within an industry or area of importance to the Company;
- prior or current association with institutions noted for their excellence;
- complementary professional skills and experience addressing the complex issues facing a multifaceted international organization;
- an understanding of the Company's businesses and the environment in which the Company operates; and
- diversity as to business experiences, educational and professional backgrounds, gender, race and ethnicity.

RISK OVERSIGHT

The Company's business, results of operations, financial condition and cash flows can be adversely affected by risk. The management of risk is central to the success of the Company and requires the involvement of the Board, officers and employees, all of whom are entrusted to develop a balanced and prudent approach to risk.

The Company has developed and implemented operational controls designed to identify and mitigate risk associated with its financial decisions, operations, legal compliance, business development, changing business conditions, cyber-security and information technology systems and initiation of new business lines. The Chief Executive Officer, with the assistance of the Chief Financial Officer, Chief Operating Officer, Chief Legal Officer, Senior Vice Presidents, Business Unit Leaders, other key executives and external legal counsel, is responsible for, among other risk management measures:

- obtaining appropriate insurance coverage;
- implementing measures designed to ensure the highest standard of safety for personnel, the environment, information technology systems and property in performing the Company's operations; and
- evaluating and identifying risk related to the Company's capital structure in light of a rigorous assessment of its business activities.

The Board routinely reviews and evaluates its risk profile to ensure that the measures implemented by the Company are adequate to execute and implement the Company's strategic objectives. Issues related to risk are regularly discussed by the Chief Executive Officer and the other members of the Board both through informal communications, such as e-mail, telephone conference and in-person meetings and during formal Board meetings. The Board receives periodic reports from the Chief Operating Officer, Chief Legal Officer and Business Unit Leaders that include a review of risk management issues unique to each Business Unit. The Chief Operating Officer and/or the Business Unit Leaders also make formal presentations to the Board at least once per year. In addition, the Board meets with a broad group of the Company's managers at least once a year to permit directors to discuss company matters in a more informal environment than the typical meeting. Several Board members are intimately familiar with the risks associated with the types of assets managed and owned by the Company and routinely engage in dialogue with the Chief Executive Officer and appropriate Business Unit Leaders regarding such risks.

The Audit Committee, together with management, works to respond to recommendations from internal and external auditors and supervisory authorities regarding the Company's compliance with internal controls and procedures, and other factors that could interfere with the successful implementation of the Company's strategic plan. The Audit Committee also reviews the adequacy of the Company's risk management policies and procedures and meets privately

with company employees and internal legal counsel to consider recommendations regarding policies related to risk management. In addition, the Chief Operating Officer and Business Unit Leaders work closely with the Chief Legal Officer to facilitate compliance with foreign and domestic laws and regulations. The Chief Legal Officer also reports to the Board on company programs and initiatives that educate employees on these laws, regulations and any updates thereto, and facilitates the Company's compliance therewith.

The Board believes that management's procedures, combined with Board and Audit Committee oversight, enable the Company to properly and comprehensively assess risk from both an enterprise-wide and divisional perspective, thereby managing and observing the most substantive risks at each level within the Company.

CORPORATE GOVERNANCE GUIDELINES AND CODES OF ETHICS

SEACOR has adopted a set of Corporate Governance Guidelines, a Code of Business Conduct and Ethics and a Supplemental Code of Ethics. SEACOR's Corporate Governance Guidelines address areas such as director responsibilities and qualifications, director compensation, management succession, board committees and annual self-evaluation. SEACOR's Code of Business Conduct and Ethics is applicable to its directors, officers and employees and its Supplemental Code of Ethics is applicable to SEACOR's Executive Chairman, Chief Executive Officer and senior financial officers. SEACOR will disclose future amendments to, or waivers from, certain provisions of its Supplemental Code of Ethics on its website within two business days following the date of such amendment or waiver.

MAJORITY VOTE STANDARD FOR ELECTION OF DIRECTORS

Our By-Laws require each nominee who is a current director to submit an irrevocable resignation as a director, which resignation would become effective upon (1) that person not receiving a majority of the votes cast in favor of his or her election in an uncontested election (i.e., the number of votes "for" such director's election constitutes less than the number of votes "withheld" with respect to such director's election) and (2) acceptance by the Board of that resignation in accordance with the policies and procedures adopted by the Board for such purpose. The Board, acting on the recommendation of the Nominating and Corporate Governance Committee, no later than 90 days following certification of the shareholder vote, must determine whether to accept the resignation. The Nominating and Corporate Governance Committee, in making its recommendation, and the Board, in acting on such recommendation, may consider any factors or other information that they determine to be appropriate and relevant.

EXECUTIVE SESSIONS AND THE LEAD INDEPENDENT DIRECTOR

The Company's independent directors meet at regularly scheduled executive sessions without any members of management present to discuss issues relating to management's performance and any other issue that may involve a potential conflict of interest with management. Executive sessions are presided over by Mr. Berz as the Lead Independent Director, who is responsible for:

- chairing executive sessions of Board meetings, which include meetings to evaluate and review the performance of the Chief Executive Officer;
- acting as chairman for any Board meetings when the Executive Chairman is not present;
- conferring with the Chief Executive Officer and serving as a liaison between the independent directors (who also have direct and complete access to the Chief Executive Officer) and the Chief Executive Officer as appropriate, including providing them with consolidated feedback from executive sessions of the independent directors;
- acting on behalf of the Company to communicate corporate governance matters to the Company's stockholders; and
- together with the Chairman of the Nominating and Corporate Governance Committee, presiding over the Board's self-evaluation.

COMMUNICATIONS WITH THE BOARD OR INDEPENDENT DIRECTORS

Stockholders or interested parties who wish to communicate with the Board, its Executive Chairman or Lead Independent Director and/or non-management and independent directors may do so in writing, indicating by title or name to whom correspondence should be directed. Correspondence should be sent to: SEACOR Holdings Inc., Attn: Corporate Secretary, 2200 Eller Drive, P.O. Box 13038, Fort Lauderdale, Florida 33316 or by e-mail to corporatesecretary@ckor.com. The non-management and independent directors have established procedures for handling communications from stockholders of the Company and have directed the Corporate Secretary to act as their agent in processing any communications received. All communications that relate to matters that are within the scope of the responsibilities of the Board and its committees will be forwarded to the non-management and independent directors. Communications that relate to matters that are within the responsibility of one of the Board committees will be forwarded to the chairperson of the appropriate committee. Communications that relate to ordinary business matters that are not within the scope of the Board's responsibilities will be sent to the appropriate executive. Solicitations, junk mail and obviously frivolous or inappropriate communications will not be forwarded, but will be made available to any non-employee director who wishes to review them.

The Audit Committee has established procedures for (i) the receipt, retention, and treatment of complaints, reports and concerns regarding accounting, internal accounting controls, or auditing matters and (ii) the confidential, anonymous submission of complaints, reports and concerns by employees regarding questionable accounting or auditing matters. These procedures are published on the Company's website, at www.seacorholdings.com, under the link chain "Investors - Corporate Governance - Governance Documents." Such complaints, reports or concerns may be communicated to internal legal counsel or the Chairman of the Audit Committee through a toll-free hotline at 1-866-384-4277 or through an internet-based reporting tool provided by EthicsPoint (www.ethicspoint.com), each available on an anonymous and confidential basis. Complaints received are logged by internal legal counsel, communicated to the Chairman of the Audit Committee and investigated, under the supervision of the Audit Committee, by internal legal counsel. In accordance with Section 806 of the Sarbanes-Oxley Act of 2002, as amended (the "Sarbanes-Oxley Act"), these procedures prohibit the Company from retaliating against any person who, in good faith, submits an accounting or auditing complaint, report or concern or provides assistance in the investigation or resolution of such matters.

COMPENSATION OF DIRECTORS

Directors who are also officers of the Company receive no remuneration by reason of such directorship and are not compensated for attending meetings of the Board or standing committees thereof. During 2018, non-employee directors were paid an annual retainer of \$52,000 and \$2,000 for every regular and special Board and Committee meeting they attend via telephone and \$4,000 for every regular and special Board and Committee meeting they attend in person.

The SEACOR Holdings Inc. 2014 Share Incentive Plan (the "Share Incentive Plan") is administered by the Compensation Committee, under which each non-employee director is granted options and shares of restricted Common Stock. Currently, non-employee directors receive annual equity grants consisting of 3,000 options to purchase shares of Common Stock and 500 shares of restricted Common Stock at the Company's regularly pre-scheduled annual meetings. The 500 shares of restricted Common Stock vest in four equal installments beginning with the date of such annual meeting and on the dates that are three (3), six (6) and nine (9) months thereafter. These grants are made on dates previously established by the Board and the Company does not time the release of non-public information for the purpose of affecting the value of equity awards.

The exercise price of the options granted is equal to the fair market value per share of Common Stock on the date the options were granted. Options are exercisable at any time following the earlier of the first anniversary of, or the next Annual Meeting after, the date of grant, for a period of up to ten years from the date of grant. Subject to the accelerated vesting of options upon a non-employee director's death or disability or a change in control of the Company, if a non-employee director's service as a director of the Company is terminated, his or her options that are not then exercisable will terminate. A non-employee director's options that are vested but not exercised may, subject to certain exceptions, be exercised within one year after the date of termination of service as a director in cases of termination by reason of voluntary retirement, failure of the Company to nominate such director for re-election or failure of such director to be re-elected by stockholders after nomination by the Company, or termination of service as a director by reason of death or disability. If a non-employee director's service as a director of the Company terminates for any reason, any and all shares of restricted Common Stock will terminate.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Discussion and Analysis and the tables that follow provide information regarding the fiscal 2018 compensation program for our 2018 Named Executive Officers (referred to as the “Named Executive Officers” or “NEOs” throughout this Proxy) who are listed below:

- Charles Fabrikant, Executive Chairman and Chief Executive Officer (Principal Executive Officer);
- Bruce Weins, Senior Vice President and Chief Financial Officer (Principal Financial Officer);
- Eric Fabrikant, Chief Operating Officer; and
- William C. Long, Executive Vice President, Chief Legal Officer and Corporate Secretary.

CONSIDERATION OF SAY-ON-PAY VOTE RESULTS

At the Company’s 2018 Annual Meeting of Stockholders, a non-binding, advisory vote was taken with respect to the compensation of the Company’s Named Executive Officers. Stockholders expressed substantial support for the compensation of the Company’s Named Executive Officers, with over 97% of the votes cast in favor of the “say-on-pay” advisory resolution approving the Company’s Named Executive Officer compensation. The Compensation Committee considered the results of the 2018 advisory vote and also considered other factors in evaluating the Company’s executive compensation programs as discussed in this Compensation Discussion and Analysis. Ultimately, the Compensation Committee did not make any changes to its 2018 compensation program solely as a result of the 2018 say-on-pay advisory resolution.

CURRENT EXECUTIVE COMPENSATION “BEST PRACTICES”

For 2018, we employed the following executive compensation practices, which we consider to be “best practices”:

- **Annual Review of Base Salaries.**
- **Deferred 40% of Annual Bonuses.** We continued our practice of deferring payment of 40% of our NEOs’ annual bonuses to subsequent years, with 20% of bonuses earned in respect of 2018 to be paid in the first quarter of 2020 and the remaining 20% to be paid in the first quarter of 2021.
- **Five-Year Vesting of Restricted Stock and Four-Year Vesting of Stock Options.** Historically, each executive’s long-term incentive grant is delivered as stock options (priced at four designated quarterly dates throughout the year of grant) and as restricted stock, which has a four-year and five-year vesting period, respectively.
- **Clawback Policy.** The Company has a clawback policy applicable to our NEOs’ executive compensation.
- **No Repricing or Replacing Outstanding Stock Options.** We have never repriced or replaced any of our outstanding stock options, except for equitable adjustments made in connection with the Spin-Off, as required by the terms of our equity compensation plans.
- **No Tax Gross-ups.** We have never provided any tax gross-up payments to NEOs and have no contract or agreement with any NEO that provides for a tax gross-up payment, including those related to change-of-control payments subject to Sections 280G and 4999 of the Internal Revenue Code of 1986, as amended.
- **No Excessive Severance Payments.** We do not provide excessive severance payments in the event of an NEO’s termination of employment.
- **No Supplemental Executive Retirement Plans (“SERP”).** We do not provide a SERP to our NEOs.
- **Double-Trigger Vesting.** Awards under our Share Incentive Plan contain a so-called “double-trigger” vesting provision, which generally provides that awards will not be accelerated upon a change of control of the Company if (i) an acquiror replaces or substitutes outstanding awards in accordance with the requirements of the Share Incentive Plan and (ii) a participant holding the replacement or substitute award is not involuntarily terminated within two years following the change of control.
- **Restrictions on Hedging and Pledging By Our NEOs.** The Company has adopted policies restricting hedging and pledging of Company securities.

- **No Guaranteed Bonuses.** We believe that bonuses should reflect actual Company and individual performance. Therefore, we do not guarantee minimum bonus payments to our NEOs.
- **No Employment Contracts with NEOs.** We do not maintain any employment contracts with our NEOs.
- **No Severance Agreements with NEOs.** We do not maintain any pre-committed severance agreements with our NEOs.
- **No Change-of-Control Agreements with NEOs.** We do not maintain any individual change-of-control agreements with our NEOs.

EXECUTIVE COMPENSATION PHILOSOPHY AND OBJECTIVES

- The Company seeks to align the interests of its executive officers and key managers with those of its stockholders by granting stock options and awarding restricted stock under an extended vesting schedule of four years and five years, respectively.
- Using five-year vesting and four-year vesting for restricted stock and stock option awards, respectively, reflects the Company's expectation that senior executives with influence over the Company's strategic decisions regard themselves as long-term owners with values consistent with long-term stockholders, which is evident by the significant amount of equity voluntarily held by senior executives long after equity awards have vested.
- In addition, the Company's payout of bonuses over three years, with 60% distributed in the first year and 20% distributed in each of the following two years, further demonstrates the Company's philosophy of rewarding longer-term financial and operating performance while also balancing retention considerations.

SETTING EXECUTIVE COMPENSATION

Compensation Philosophy

The Compensation Committee's compensation philosophy is that subjective consideration of the different elements described herein is necessary to provide the flexibility to make appropriate compensation decisions without solely relying on the use of formulas or benchmarking. Consequently, the Compensation Committee believes it is in the Company's and the Stockholders' best interest to conduct its own research regarding executive compensation, which includes a review of executive compensation at companies with similar business lines to that of the Company and a review of compensation at other entities that compete with the Company to employ executives with skills and specialties similar to those possessed by the Company's executives.

Oversight of Compensation Programs

The Compensation Committee is responsible for overseeing our senior executive compensation programs. See page 12 of this Proxy Statement for more information on the role and responsibilities of the Compensation Committee.

Use of Compensation Consultants

The Compensation Committee decided not to employ a compensation consultant in determining or recommending the amount or form of officer or director compensation for 2018. Data required by the Compensation Committee was collected by the Company's legal and finance departments and outside data services, such as Equilar and reviewed and discussed from time to time at Compensation Committee meetings.

Role of Executive Officers in Compensation Decisions

In evaluating executive compensation, Mr. Charles Fabrikant assists the Compensation Committee in reviewing the performance of his direct reports and their progress in meeting individual goals in relation to their peers, their respective business units and the entire Company. The Compensation Committee typically meets in the latter part of each year or early the following year, and Mr. Charles Fabrikant is invited to certain of those meetings in order to help evaluate and recommend compensation for the Named Executive Officers (other than with respect to his own compensation), taking into account the following factors:

- the Company's corporate transactions, financial results and projections;
- the individual performance of the Company's executive officers and the overall performance of each business unit; and

- prevailing conditions in the job market.

No executive officer participates in any decision making with respect to his own compensation.

Role of the Compensation Committee

In making compensation decisions each year, the Compensation Committee considers the following factors:

- market comparisons for cash and equity compensation;
- the executive's potential for future roles with the Company;
- the risk of not retaining an individual;
- total compensation levels before and after the recommended compensation amounts;
- compensation summaries for each senior executive that total the dollar value of all compensation-related programs, including salary, annual incentive compensation, long-term compensation, deferred compensation and other benefits; and
- the fact that the Company has not entered into employment contracts and does not provide supplemental retirement benefits or pre-committed severance arrangements.

The Compensation Committee also meets in executive session to consider the above factors for senior executives and to utilize these factors in evaluating Mr. Charles Fabrikant's proposed compensation and performance. Additional meetings of the Compensation Committee are held as appropriate to review and approve stock option grants and restricted stock awards to newly hired employees or to current employees in connection with promotions within the Company.

Market Information

The Compensation Committee reviews reports on executive compensation trends issued by respected publications, and compiles compensation information through Equilar, proxy statements, compensation-related public disclosures, industry trade journals and other sources. There is no one listed company that has a diverse group of businesses and geographic reach, and network of joint ventures that would be comparable to the Company. The companies with obviously similar lines of operating business considered in connection with the Compensation Committee's compensation analysis include: Kirby Corporation, Overseas Shipholding Group, Inc., Matson Inc. and Great Lakes Dredge & Dock Corporation. The Compensation Committee also considers compensation practices at various investment banking institutions and private equity funds, as it believes the skill sets of its executives overlap with those required by those institutions. The Compensation Committee does not target any particular percentile or comparative level of compensation for executive officers. It does, however, assess the general competitiveness of proposed compensation levels.

SETTING COMPENSATION IN RELATION TO PERFORMANCE

The Company evaluated and set 2018 executive compensation in the context of the current economic conditions, the Company's performance and the performance of its key personnel. The Compensation Committee makes compensation decisions with a view toward ensuring that management avoids high-risk strategies and does not focus principally on short-term results. Although the Company has historically utilized performance targets in setting certain bonus and equity awards in accordance with Section 162(m) of the Internal Revenue Code, the Compensation Committee believes reasoned judgment and holistic evaluation, rather than automatic formulas, is an appropriate basis by which to set compensation. The Compensation Committee believes using formulas alone may foster an environment that encourages short-sighted decisions intended to meet formulaic goals rather than work toward long-term benefits or adapt to a changing environment that might be best met by altering strategy during the year or re-prioritizing goals. Consequently, the Compensation Committee designs its compensation incentives to reward consistent and durable performance in a way that maintains flexibility.

In measuring returns and performance of management, the Compensation Committee weighs, among other factors:

- stockholder returns on equity on both a before and after-tax basis;
- operating cash flow for the Company and its business units;

- returns on operating assets;
- cash generated relative to cost of replacement;
- quality of the asset base;
- results of trading assets;
- tax strategies and cash retention;
- financing activity;
- degree of risk inherent in the balance sheet;
- success of corporate strategies, mergers and acquisitions and divestitures; and
- effective use of finance strategies.

However, the Compensation Committee does not pre-establish performance targets (other than as may be applicable under the Management Incentive Plan (the "MIP"), as described below) for any of the above-mentioned factors or assign a weighting to any of the various factors given the constantly changing nature of a business that is volatile, and the need to adjust priorities and address opportunities as developed during the year. Such opportunities can include raising capital, selling assets, acquiring businesses, and similar variables.

For 2018, the Compensation Committee reviewed the Company's performance and that of its business segments and compared these results based on the foregoing parameters to those achieved by other companies in similar lines of business to the extent that comparison was possible. The Compensation Committee considered competitive compensation levels and pay practices within industries that hire personnel with the types of leadership, operating, financial and legal skills required to oversee and grow the Company's business, such as shipping, banking, finance, law, investment management, private equity and logistics. It receives data on pay practices of companies in the shipping business, energy services, finance and leasing, investment management and industrial manufacturing sectors. Due to differences in reporting and accounting practices, levels of balance sheet leverage and quality of asset base, the Compensation Committee does not believe industry performance "benchmarks" are useful or appropriate. Due to differences in corporate strategies and responsibilities of executive officers and key managers, the Compensation Committee and management also believe it is not useful or appropriate to "benchmark" compensation of its officers to those at any single group of other companies.

ELEMENTS OF COMPENSATION

Overview

Alignment with our executive compensation philosophy is achieved through the executive compensation components for our senior executives, including our Named Executive Officers, outlined below.

Compensation Element	Compensation Objectives and Principles	Relation to Performance	2018 Actions/Results
Base Salary - Fixed annual cash; paid on a semi-monthly basis.	<ul style="list-style-type: none"> • Compensate NEOs for services rendered during the year in the form of fixed cash compensation. • Base salary levels are set to reflect the NEO's role and responsibilities, value to the Company, experience and performance, internal equity and market competitiveness. 	Any increases in base salary reflect market positioning, economic conditions and the Compensation Committee's assessment of Company and individual performance over the prior year.	In 2018, Mr. Charles Fabrikant's base salary was reduced and Mr. Wein's base salary was increased. The salaries for the other NEOs were unchanged from 2017 base salaries.
Annual Bonus - Cash, paid 60% in the year following the year earned and 20% in each of the next two subsequent years.	<ul style="list-style-type: none"> • Reward senior executives, including NEOs, for performance over a one-year period. • Payment is not guaranteed and levels vary according to Company and individual performance. 	Annual bonuses reflect Company and individual performance.	Bonus awards were awarded in response to Company and individual performance.
Long-Term Incentives (LTI) - <ul style="list-style-type: none"> • Stock Options - A portion of each executive's LTI grant is delivered as Stock Options with a four-year vesting period and priced at four designated quarterly dates throughout the year of grant. • Restricted Stock - Historically, a portion of each executive's LTI grant is delivered as Restricted Stock with a five-year vesting period. 	<ul style="list-style-type: none"> • Align NEOs' interests with those of the Company's stockholders and drive long-term value creation. • Pay for performance, since the value realized upon exercise or vesting of equity-based awards is directly tied to our stock price. • Reward NEOs for long-term growth. • Attract, retain and reward NEOs for Company and individual performance. 	Prior-year Company and individual performance are two of several factors the Compensation Committee considers when determining the size of the LTI grants for a given year.	Stock options and restricted stock awards granted during 2018 were generally made consistent with past practice.
Health and Welfare Benefits Eligibility to participate in our broad-based health and welfare plans, e.g., health insurance.	<ul style="list-style-type: none"> • Identical to benefits provided to all Company employees. • Attract, retain and motivate. 	Not directly related to performance. Reflects competitive pay practice.	No significant actions regarding health and welfare benefits in 2018.
Retirement Plans - Eligibility to participate in our broad-based 401(k) plan for all employees.	<ul style="list-style-type: none"> • Identical to benefits provided to all Company employees. • Attract, retain and motivate. 	Not directly related to performance. Reflects competitive pay practice.	No significant actions regarding retirement plans in 2018.

COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

As described in this Compensation Discussion and Analysis, the Compensation Committee did not use a pre-determined formula to determine the Named Executive Officers' salary, bonus and equity awards for 2018. The Compensation Committee made a subjective determination based upon the factors described below with respect to each Named Executive Officer. Although annual bonus payments under the MIP were subject to the achievement of a pre-established performance goal, the amount ultimately paid was based on a holistic review of these factors. Each of the factors was considered independently and together as a group, such that the final compensation of the Named Executive Officers was not dependent on any one factor or any specific combination of factors. The Compensation Committee believes that the subjective consideration of these different elements provides flexibility to make appropriate compensation decisions.

Below is a summary of certain individual factors, skills and experience applicable to each of our NEOs that the Compensation Committee considered when making its determinations with respect to 2018 compensation.

Charles Fabrikant

In determining the fiscal 2018 compensation for Mr. Fabrikant, the Compensation Committee considered the financial and non-financial factors described earlier in this Compensation Discussion and Analysis, as well as the following additional skills:

- leadership experience, professional experience, ability to teach and train, communication skills and unique combination of business and legal background;
- development and growth of diverse business units, the divestiture of which has unlocked significant stockholder value;
- deal-making and transactional skills, particularly his experience with international business transactions;
- familiarity with sophisticated capital markets and broad asset classes; and
- experience in developing interrelated businesses, particularly in the shipping, inland river, offshore and energy industries.

Bruce Weins

In determining Mr. Weins' compensation for 2018, the Compensation Committee considered the overall performance of the Company and the financial and non-financial factors described earlier in this Compensation Discussion and Analysis. Mr. Weins' base compensation reflects his skill and experience, including his experience in public reporting and business acquisitions and dispositions, his ability to work productively outside of the United States and participate in the management of various joint ventures, his work with fluctuating exchange rates and his understanding of the macro factors that drive the demand for the business unit's and joint ventures equipment and services.

Eric Fabrikant

In determining Mr. Fabrikant's compensation for 2018, the Compensation Committee considered the overall performance of the Company and the financial and non-financial factors described earlier in this Compensation Discussion and Analysis. Mr. Fabrikant's base compensation reflects his skill and experience, including his ability to work productively outside of the United States and manage joint ventures, his experience in acquisitions, his work with fluctuating exchange rates and his understanding of the macro factors that drive the demand for the business unit's equipment and services.

William C. Long

In determining Mr. Long's compensation for 2018, the Compensation Committee considered his leadership of the legal group, the overall performance of the Company and the financial and non-financial factors described above. Mr. Long's base compensation reflects his skill and experience in operating the legal department of an international public company, legal knowledge and business experience, and background in corporate administration acquired during his years with other public companies.

Base Compensation

Base salary levels reflect the experience and skill required for executing the Company's business strategy and overseeing its day to day operations. The Compensation Committee places an emphasis on the compensation for the

Executive Chairman and Chief Executive Officer to ensure it reflects operating performance and strategic direction. Together with the Executive Chairman and Chief Executive Officer, the Compensation Committee also reviewed the compensation of the other Named Executive Officers and certain other senior officers to achieve the correct balance of incentives to appropriately reward and retain the Company's executives.

Base salary is established at levels designed to be consistent with professional and market norms based on relevant experience. The Executive Chairman and Chief Executive Officer assesses senior employees on their progress in meeting individual goals in relation to how well their peers and the entire Company perform.

The Compensation Committee considers the following factors in setting base salaries:

- the Company's results and projections for the current fiscal year;
- conditions in the job market;
- industry conditions and market compensation levels, generally;
- job performance and risk in not retaining an individual; and
- potential for future growth roles within the Company.

Base salary levels for senior managers are also set in recognition of the fact that the Company does not have:

- formal retirement program or pre-committed severance plans;
- employment agreements or pre-committed bonuses;
- gross-up provisions; or
- non-ordinary course benefit plans.

BASE SALARIES

The chart below details the 2018 and 2019 base salaries for our NEOs:

Named Executive Officer	2018 Base Salary	2019 Base Salary
Charles Fabrikant	\$ 460,000	\$ 460,000
Bruce Weins	300,000	330,000
Eric Fabrikant	450,000	450,000
William C. Long	375,000	375,000

Annual Bonus

- For 2018, our NEOs received their annual bonuses pursuant to the MIP. Pursuant to the MIP, each Named Executive Officer was eligible to receive a maximum bonus payment established for each Named Executive Officer under the MIP, subject to the achievement of an objective, pre-established performance goal. For 2018, this performance goal was met. Under the terms of the MIP, notwithstanding the achievement of the applicable performance criteria, the Compensation Committee retained and, for 2018, exercised its discretion to reduce all awards under the MIP.
- So long as the applicable performance target established for the MIP has been achieved, but using no formula, the Compensation Committee determined cash and equity bonus awards by considering the Company's financial performance and that of its business units and investments, taken in context of the overall business environment, and each individual's contribution to that performance without providing particular weight to any individual factor.
- The Compensation Committee, in conjunction with the Executive Chairman and Chief Executive Officer, also evaluate the performance of senior managers in achieving specific initiatives, such as executive corporate transactions and financings, improving safety records, controlling costs, increasing output of work and creativity in performing assigned responsibilities.

- Bonuses are paid over three years, 60% in the year immediately following the year earned, and 20% in each of the next two subsequent years. Interest is currently paid on the deferred portion of bonus compensation at the rate of approximately 1.5% per annum. This rate is set and approved by the Compensation Committee. The objective is to establish a retention system that links executives to the outcome of their decisions over a period of years.
- Prior to 2018, bonus amounts payable under the MIP have historically been based on performance criteria that are intended to qualify such bonus amounts as performance based for purposes of the exemption from the limitation under Section 162(m) of the Internal Revenue Code.

ANNUAL BONUS

The chart below details the 2018 annual bonuses for our NEOs, as compared to the amounts paid in respect of 2017 annual bonuses:

Named Executive Officer	2018 Annual Bonus	2017 Annual Bonus
Charles Fabrikant	\$ 2,200,000	\$ 2,200,000
Bruce Weins	300,000	230,000
Eric Fabrikant	1,150,000	700,000
William C. Long	375,000	230,000

Long-Term Incentives

The Compensation Committee uses equity awards to align the interests of senior employees with the Company's long-term growth, and believes this has proven successful in fostering a sense of ownership in the Company. It is the policy of the Compensation Committee to approve annual equity grants at regularly pre-scheduled meetings. In general, equity grants are made on dates previously established by the Compensation Committee and the Company does not time the release of non-public information for the purpose of affecting the value of equity awards.

Stock Options

- Stock option awards, in any given year, are made in respect of performance during the calendar year immediately preceding the calendar year in which they are made and are priced in four equal installments during the year in which they are made on dates set by the Compensation Committee (such date for each installment, a "Grant Date").
- The Compensation Committee has determined that, by pricing stock options four times per year, the exercise prices would more approximately mirror share price levels during the year and reduce the random nature of pricing once per year. The first date is on or about March 4 and the following three dates are established at three-month intervals.
- In 2019, the Compensation Committee approved stock option awards based on 2018 performance on March 4, and set subsequent quarterly pricing dates on June 4, September 4 and December 4. The stock options vest ratably over four years beginning on March 4, 2020 and ending on March 4, 2023.
- The exercise price for each stock option is based on the closing price of the Company's shares on the applicable Grant Date.

STOCK OPTIONS

Based on the Compensation Committee's determination of performance during 2018, in 2019 the Named Executive Officers were granted the following stock options:

Named Executive Officer	Annual Option Grant	Vesting on March 4 of each year			
		2020	2021	2022	2023
Charles Fabrikant	25,000	6,250	6,250	6,250	6,250
Bruce Weins	8,000	2,000	2,000	2,000	2,000
Eric Fabrikant	25,000	6,250	6,250	6,250	6,250
William C. Long	6,500	1,625	1,625	1,625	1,625

Restricted Stock

Based on the Compensation Committee's determination of performance during 2018, in 2019 the Named Executive Officers were granted the following restricted stock:

RESTRICTED STOCK

Named Executive Officer	Annual Restricted Stock Grant	Vesting on March 4 of each year				
		2020	2021	2022	2023	2024
Charles Fabrikant	25,000	5,000	5,000	5,000	5,000	5,000
Bruce Weins	9,000	1,800	1,800	1,800	1,800	1,800
Eric Fabrikant	24,000	4,800	4,800	4,800	4,800	4,800
William C. Long	9,000	1,800	1,800	1,800	1,800	1,800

The restricted stock awards granted in 2019 vest ratably over five years, beginning on March 4, 2020 and ending on March 4, 2024. These awards are not reflected in the compensation tables included in this Proxy Statement, because the grants were made in 2019.

Stock Ownership

The Company has no formal policy requiring employees to retain vested restricted stock or options, but it prefers that executive officers maintain ownership and considers executive ownership levels when determining compensation packages.

The Compensation Committee annually reviews grant history and subsequent dispositions of options and restricted stock to determine if awards serve the purpose of building ownership.

Consideration of Risk from Compensation Program

The Compensation Committee considers the impact the compensation program has on the Company's risk management efforts. The Compensation Committee believes that the Company's compensation program is structured to provide proper incentives for executives that balance risk and reward appropriately and in accordance with the Company's risk management philosophy, particularly by having a significant portion of the executives' compensation vest over a four-to five-year time line. Compensation distributed over a period of years serves to reinforce the benefit of long-term decision-making and the Compensation Committee's ability to reward decisions that, although they may have a perceived short-term negative effect, serve the Company's (and our stockholders') best interests in the long-term. The Company believes that its current compensation policies and practices are not reasonably likely to have a material adverse effect on the Company and do not encourage excessive risk-taking behavior.

Deductibility of Executive Compensation – Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code places a limit of \$1 million per year on the amount of compensation paid to certain of our executive officers that the Company may deduct for any taxable year. Historically, an exception to this \$1 million limitation was available for performance-based compensation that met certain requirements. The Compensation Committee has sought to mitigate the impact of Section 162(m) of the Internal Revenue Code by designing payments under the MIP (for payments made in respect of years prior to 2018) and certain grants under the Share Incentive Plan with the intent that compensation paid under such plans qualify as performance-based compensation. However, to maintain flexibility in compensating executive officers, the Compensation Committee did not previously limit executive compensation to amounts deductible under Section 162(m) if the Compensation Committee determined that doing so was in the best interests of the Company.

The Tax Cuts and Jobs Act, enacted on December 22, 2017, modified Section 162(m) of the Internal Revenue Code to, among other things, eliminate the performance-based exception to the \$1 million deduction limit effective for tax years beginning January 1, 2018. As a result, beginning in 2018, compensation paid to certain executive officers in excess of \$1 million will generally be nondeductible, whether or not it is performance-based. The Tax Cuts and Jobs Act includes a transition rule under which the changes to Section 162(m) described above will not apply to compensation payable pursuant to a written binding contract that was in effect on November 2, 2017 and is not materially modified after that date. Because of uncertainties as to the application and interpretation of the transition rule, no assurances can be given at this time that any existing awards, even if in place on November 2, 2017, will meet the requirements of the transition rule.

The Compensation Committee will continue to review the total expenses attributed to executive compensation, and the accounting and tax treatment of such programs, but also continues to retain flexibility in compensating executive officers in a manner designed to promote varying corporate goals in the best interest of the Company. Therefore, the Company does not intend to limit its actions with respect to executive compensation to preserve deductibility under Section 162(m) if the Committee determines that doing so is in the best interests of the Company.

Clawback Policy

The Company has adopted a policy whereby it will seek to recoup compensation paid to NEOs in the event the Company is required to publish a restatement to any of its previously published financial statements as a result of: 1) the material noncompliance of the Company with any applicable financial reporting requirement under the U.S. federal securities laws or 2) the fraud, theft, misappropriation, embezzlement or intentional misconduct by an executive.

Policy Restricting Pledging and Hedging Company Securities

The Company has adopted policies restricting hedging and pledging of Company securities by our NEOs.

Employment Contracts / Termination of Employment / Change of Control

As mentioned above, the Named Executive Officers do not have employment, pre-determined severance, or individual change-of-control agreements with the Company.

Certain benefit or incentive plans or arrangements do, however, provide for payments to Named Executive Officers upon a termination of employment in connection with a change in control of the Company. The information in Table VI below describes and quantifies certain compensation that would become payable under existing plans and arrangements if a Named Executive Officer's employment had terminated on December 31, 2018, given the Named Executive Officer's compensation as of such date and, if applicable, based on the Company's closing stock price on that date. These benefits are in addition to benefits available generally to salaried employees, such as distributions under the Company's 401(k) savings plan, disability benefits and accrued vacation pay.

All outstanding cash bonus payments, stock options and restricted stock are payable or vest upon the death, disability, qualified retirement, termination without "cause" of the employee, or, if awards are not replaced or assumed in accordance with the applicable plan, the occurrence of a "change in control" of the Company; however, unvested awards are generally forfeited if the employee is terminated with "cause" or resigns without "good reason." For these purposes, "disability" generally means disability resulting in the Named Executive Officer being unable to perform his job.

- (1) Sixty percent (60%) of the annual bonus is paid at the time of the award and the remaining forty percent (40%) is paid in two equal annual installments approximately one and two years after the date of the grant. Interest is currently paid on the deferred portion of bonus compensation at the rate of approximately 1.5% per annum. Any outstanding balance is payable upon the death, disability, qualified retirement, termination without "cause" of the employee, or the occurrence of a "change-in-control" of the Company; however, the outstanding balance is generally forfeited if the employee is terminated with "cause" or resigns without "good reason."
- (2) The dollar amount of restricted stock and stock options set forth in these columns reflects the aggregate grant date fair value of restricted stock and option awards made during 2018, 2017 and 2016 in accordance with the FASB ASC Topic 718 without regard to forfeitures. Discussion of the policies and assumptions used in the calculation of the grant date fair value are set forth in Notes 1 and 14 of the Consolidated Financial Statements included in our Annual Report on Form 10-K filed on February 27, 2019.
- (3) "All Other Compensation" for Mr. Charles Fabrikant includes \$35,988 and \$31,499 in 2018 and 2017, respectively, of interest earned on the second and third installments of bonus payments (see FN1), and \$8,558, \$9,450 and \$9,275 in 2018, 2017 and 2016, respectively, of contributions made by the Company to match pre-tax elective deferral contributions (included under Salary) made under the SEACOR Savings Plan, a defined contribution plan established by the Company, effective July 1, 1994, that meets the requirements of Section 401(k) of the Internal Revenue Code. Mr. Charles Fabrikant is permitted to fly on the Company aircraft for business travel when doing so would make the most efficient use of his time and allow him to focus on business-related matters while traveling. From time to time, Mr. Fabrikant's wife accompanies him on these flights. Because Mr. Charles Fabrikant only flies on the Company aircraft for business and his wife's occasional travel does not result in any incremental cost to the Company, no amount is shown in the "All Other Compensation" column in connection with this arrangement. In addition, to further enable the efficient use of his time and allow him to focus on business-related matters while he is working from our Ft. Lauderdale office, during 2017 and 2018 Mr. Fabrikant used the services of a car and driver to transport him between that office and his residence. The Company paid \$19,770 and \$18,810 in 2018 and 2017, respectively, for these services, which is included in the "All Other Compensation" column above.
- (4) "All Other Compensation" for Mr. Weins includes \$4,907, \$3,293 and \$1,160 in 2018, 2017 and 2016, respectively, of interest earned on the second and third installments of bonus payments (see FN1), and \$9,625, \$9,450 and \$9,275 in 2018, 2017 and 2016, respectively, of contributions made by the Company to match pre-tax elective deferral contributions (included under Salary) made under the SEACOR Savings Plan as described in (3) above.
- (5) "All Other Compensation" for Mr. E. Fabrikant includes \$18,812, \$10,022 and \$2,421 in 2018, 2017 and 2016, respectively, of interest earned on the second and third installments of bonus payments (see FN1), and \$5,375, \$9,450 and \$9,275 in 2018, 2017 and 2016, respectively, of contributions made by the Company to match pre-tax elective deferral contributions (included under Salary) made under the SEACOR Savings Plan as described in (3) above.
- (6) "All Other Compensation" for Mr. Long includes \$6,134 and \$3,293 in 2018 and 2017, respectively, of interest earned on the second and third installments of bonus payments (see FN1), and \$9,625 and \$9,450 in 2018 and 2017, respectively, of contributions made by the Company to match pre-tax elective deferral contributions (included under Salary) made under the SEACOR Savings Plan as described in (3) above.

- (1) The amounts set forth in this column reflect the number of shares of restricted stock granted in 2018. These awards vest in five equal annual installments commencing approximately one year after the date of the award. Restricted stock awards vest immediately upon the death, disability, qualified retirement, termination of the employee by the Company “without cause,” or, if such awards are not replaced or assumed in accordance with the Share Incentive Plan, upon the occurrence of a “change-in-control” of the Company.
- (2) Excludes restricted stock granted in 2019 with respect to 2018 compensation as follows: Mr. Fabrikant – 25,000 shares; Mr. Weins – 9,000 shares; Mr. E. Fabrikant – 24,000 shares; and Mr. Long – 9,000 shares. These awards were made in respect of 2018 performance.
- (3) Options granted are exercisable in 25% annual increments beginning on March 4, 2019. The options are priced in four equal installments over a one-year period, with the first such installment being priced on the date of grant at an exercise price equal to the market price on that date and the remaining installments being priced quarterly thereafter at a price equal to the closing market price of Common Stock on the date of the pricing. Options not yet exercisable become immediately exercisable upon the death, disability, qualified retirement, termination of the employee by the Company “without cause,” or, if such awards are not replaced or assumed in accordance with the Share Incentive Plan, the occurrence of a “change-in-control” of the Company.

These awards were made in respect of 2018 performance.
- (5) The dollar amount of restricted stock and stock options set forth in this column reflects the aggregate grant date fair value of restricted stock and option awards in accordance with the FASB ASC Topic 718 without regard to forfeitures. Discussion of the policies and assumptions used in the calculation of the grant date fair value are set forth in Notes 1 and 14 of the Consolidated Financial Statements in the Company’s 2018 Annual Report on Form 10-K.

(1) The value realized on the exercise of stock options is based on the difference between the exercise price and the market price on the date of exercise.

TABLE V - NON-QUALIFIED DEFERRED COMPENSATION (FISCAL YEAR 2018)

A non-qualified deferred compensation plan (the “Deferred Compensation Plan”) was established by the Company in 2005 and provides non-employee directors and a select group of highly compensated employees (including the Named Executive Officers) the ability to defer receipt of up to 75% of their cash base salary and up to 100% of their cash bonus for each fiscal year. Each participant’s compensation deferrals are credited to a bookkeeping account and, subject to certain restrictions, each participant may elect to have their cash deferrals in such account indexed against one or more investment options, solely for purposes of determining amounts payable for earnings or losses under the Deferred Compensation Plan (the Company is not obligated to actually invest any deferred amounts in the selected investment options). Participants may receive a distribution of deferred amounts, plus any earnings thereon (or less any losses), on a date specified by the participant or, if earlier, upon a separation from service or upon a change of control. All distributions to participants following a separation from service must be in the form of a lump sum, except if such separation qualifies as “retirement” under the terms of the Deferred Compensation Plan, in which case it may be paid in installments if previously elected by the participant. Distributions to “Key Employees” upon a separation from service (other than due to death) will not commence until at least six months after the separation from service. Participants are always 100% vested in the amounts that they contribute to their Deferred Compensation Plan accounts. The Company, at its option, may contribute amounts to participants’ accounts, which may be subject to vesting requirements.

The following table sets forth for the Named Executive Officers certain information as of December 31, 2018, and for the year then ended with respect to the Deferred Compensation Plan.

TABLE VI - POTENTIAL PAYMENTS UPON DEATH, DISABILITY, QUALIFIED RETIREMENT, TERMINATION WITHOUT CAUSE OR A CHANGE OF CONTROL

The following table sets forth cash bonus payments and the acceleration of stock options and restricted stock upon the death, disability, qualified retirement, termination without “cause” of the employee, or, assuming the outstanding awards are not assumed or replaced in accordance with the Share Incentive Plan, the occurrence of a “change-in-control”, in each case, as of December 31, 2018.

Name	Bonus Awards ⁽¹⁾ (\$)	Option Awards ⁽²⁾ (\$)	Stock Awards ⁽³⁾ (\$)	Total (\$)
Charles Fabrikant Executive Chairman and Chief Executive Officer	3,151,976	121,072	1,110,000	4,383,048

William C. Long Executive Vice President, Chief Legal Officer and Corporate Secretary	500,549	2,418	222,000	724,967

- (1) As described in footnote 1 to Table I, sixty percent (60%) of a bonus is paid at the time of the award and the remaining forty percent (40%) is paid in two equal annual installments approximately one and two years after the date of the award. The amount in this table represents the total of all remaining annual installments and any accrued interest yet to be paid as of December 31, 2018.
- (2) The dollar amount in this column reflects the accumulated value based on the difference between the strike prices and the closing price of the Common Stock on December 31, 2018, which was \$37.00, for unvested options that would accelerate upon the death, disability, qualified retirement or termination without “cause” of the employee, or, assuming the awards are not replaced or assumed in accordance with the applicable equity compensation plan, the occurrence of a “change in control.” Unvested options to purchase Common Stock with strike prices greater than \$37.00 were excluded.
- (3) The dollar amount in this column reflects the closing price of the Common Stock on December 31, 2018, which was \$37.00, for unvested shares that would accelerate upon the death, disability, qualified retirement or termination without “cause” of the employee, or the occurrence of a “change in control.”

CEO PAY RATIO DISCLOSURE

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees to the annual total compensation of our CEO, Mr. Fabrikant.

Based on an internal review of our employee population and 2018 compensation arrangements, we do not believe that there have been any changes in our employee population or employee compensation arrangements that we reasonably believe would result in a significant change to our pay ratio calculation from 2017. Further, the median employee identified in 2017 remains employed in substantially the same role and at the same location as last year. Because there have not been any changes in our employee population or employee compensation arrangements that we reasonably believe would significantly affect this year's pay ratio, the applicable SEC rules permit us to use the same median employee identified last year in order to calculate this year's pay ratio.

Last year, we determined that, as of October 31, 2017, our employee population consisted of 1,888 individuals, not including our CEO. As of such date, less than 10% of our employee population was located outside the U.S. Under the *de minimis* exception provided for under the applicable SEC rules, we excluded 58 employees from Columbia, representing approximately 3% of our total employee population. After excluding these individuals, our employee population for purposes of identifying the median employee consisted of approximately 1,830 individuals.

To identify the median employee for 2017, we reviewed the regular wages (for non-salaried employees) and annual base salary (for salaried employees) for each employee included in the population as reflected in a single pay period and annualized those amounts for each employee based on the number of hours worked during 2017. We did not apply any cost of living adjustments.

For purposes of calculating the median employee's annual total compensation for 2018 for purposes of calculating the 2018 CEO pay ratio, we calculated all of the elements of such employee's compensation for the 2018 fiscal year in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in an estimated annual total compensation of \$53,050. To calculate the annual total compensation of Mr. Fabrikant, we used the amount reported in the "Total" column of the 2018 Summary Compensation Table included in this proxy statement, which was \$4,412,521, resulting in a ratio of the annual total compensation of our CEO to the median of the annual total compensation of our employees of 83 to 1. We believe this pay ratio is a reasonable estimate calculated in a manner consistent with Item 402 of Regulation S-K.

To help understand this disclosure, we think it is important to give context to our operations. A significant portion of our workforce is made up of individuals who work as crew members on our vessels and provide services to us under collective bargaining agreements pursuant to which they may also provide services to vessels owned by other companies or operators. A number of these individuals provide services on vessels that operate outside of the United States in areas where wages may not be comparable to wages paid to workers who provide services on U.S.-based vessels. In addition, a significant number of individuals employed by Witt O'Brien's, a consolidated subsidiary of ours, provide crisis and emergency management and response services resulting in fluctuations in the number of hours worked or employees needed during a given year. Due to our global footprint and lack of continuity in workforce, the compensation profile of our employee population reported in this pay ratio disclosure may not be completely reflective of the level of compensation paid to our workers.

Because the SEC rules for identifying the median of the annual total compensation of our employees and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices, the pay ratio reported by other companies may not be comparable to our pay ratio, as other companies have headquarters in different countries, have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their pay ratios.

AUDIT COMMITTEE REPORT

In connection with the Company's consolidated financial statements for the year ended December 31, 2018, the Audit Committee has:

- reviewed and discussed the audited financial statements with management;
- discussed with the Company's independent registered public accounting firm, Grant Thornton LLP, the matters required to be discussed by PCAOB Auditing Standard No. 1301, Communications with Audit Committees; and
- received the written disclosures and the letter from Grant Thornton LLP as required by PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, and the Audit Committee discussed with Grant Thornton LLP that firm's independence.

Based on the review and discussions with the Company's management and the independent registered public accounting firm, as set forth above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the SEC.

The foregoing report is respectfully submitted by the Audit Committee.

Oivind Lorentzen (Chairman)
Christopher P. Papouras
David M. Schizer

The foregoing report shall not be deemed incorporated by reference by any general statement or reference to this Proxy Statement into any filing under the Securities Act of 1933, as amended (the "Securities Act") or under the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under those Acts.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that each director and executive officer of the Company and each person owning more than 10% of the Common Stock report his or her initial ownership of Common Stock and any subsequent changes in that ownership to the SEC. The Company is required to disclose in this Proxy Statement any failure to file or late filings of such reports with respect to the most recent fiscal year.

Based solely upon a review of copies of forms furnished to the Company or written representations from certain reporting persons that no Form 5s were required for such reporting persons, the Company believes that during the 2018 fiscal year all Section 16(a) filing requirements were satisfied in a timely manner.

RELATED PARTY TRANSACTIONS

RELATED PARTY TRANSACTIONS POLICY

The Company has established a written policy for the review and approval or ratification of transactions with Related Parties (the "Related Party Transactions Policy") to assist it in reviewing transactions in excess of \$120,000 ("Transactions") involving the Company and its subsidiaries and Related Persons (as defined below).

The Related Party Transactions Policy supplements the Company's other conflict of interest policies set forth in the Company's Corporate Governance Guidelines, its Code of Business Conduct and Ethics and its other internal procedures. A summary description of the Related Party Transactions Policy is set forth below.

For purposes of the Related Party Transactions Policy, a "Related Person" includes the Company's directors, director nominees and executive officers since the beginning of the Company's last fiscal year, beneficial owners of 10% or more of any class of the Company's voting securities and members of the Immediate Family of any of the foregoing (as defined in the Policy), as well as the Company's affiliates, investees, trusts for the benefit of employees and other parties with which the Company may deal if one party can control or significantly influence the management or operating policies of the Company.

The Related Party Transactions Policy provides that Transactions since the beginning of the last fiscal year must be approved or ratified by the Board. The Board has delegated to the Audit Committee the review and, when appropriate, approval or ratification of Transactions. Upon the presentation of a proposed Transaction, the Related Party is excused from participation and voting on the matter. In approving, ratifying or rejecting a Transaction, the Audit Committee will consider such information as it deems important to conclude if the transaction is fair and reasonable to the Company.

Whether a Related Person's interest in a Transaction is material or not will depend on all facts and circumstances, including whether a reasonable investor would consider the Related Party's interest in the Transaction important, together with all other available information, in deciding whether to buy, sell or hold the Company's securities. In administering this policy, the Board or the relevant committee will be entitled (but not required) to rely upon such determinations of materiality by company management.

The following factors are taken into consideration in determining whether to approve or ratify a Transaction with a Related Party:

- the Related Party's relationship to the Company and interest in the Transaction;
- the material facts of the Transaction, including the proposed aggregate value of such Transaction;
- the materiality of the Transaction to the Related Party and the Company, including the dollar value of the Transaction, without regard to profit or loss;
- the business purpose for and reasonableness of the Transaction, taken in the context of the alternatives available to the Company for attaining the purposes of the Transaction;
- whether the Transaction is proposed to be, or was, entered into on terms no less favorable to the Company than terms that could have been reached with an unrelated third party;
- whether the Transaction is in the ordinary course of the Company's business and was proposed and considered in the ordinary course of the Company's business;
- required public disclosures; and

- the effect of the Transaction on the Company's business and operations, including on the Company's internal control over financial reporting and system of disclosure controls or procedures, and any additional conditions or controls (including reporting and review requirements) that should be applied to such transaction.

The following arrangements will not generally give rise to Transactions with a Related Person for purposes of the Related Party Transactions Policy given their nature, size and/or degree of significance to the Company:

- use of property, equipment or other assets owned or provided by the Company, including aircraft, vehicles, housing and computer or telephonic equipment, by a Related Person primarily for Company business purposes where the value of any personal use during the course of a year is less than \$10,000;
- reimbursement of business expenses incurred by a director or executive officer of the Company in the performance of his or her duties and approved for reimbursement by the Company in accordance with the Company's customary policies and practices;
- compensation arrangements for non-employee directors for their services as such that have been approved by the Board or a committee thereof;
- compensation arrangements, including base pay and bonuses (whether in the form of cash or equity awards), for employees or consultants (other than a director or nominee for election as a director) for their services as such that have been approved by the Compensation Committee and employee benefits regularly provided under plans and programs generally available to employees; however, personal benefits from the use of company-owned or company-provided assets, including, but not limited to, personal use of company-owned or company-provided aircraft and housing, not used primarily for company business purposes may give rise to a Transaction with a Related Person;
- a transaction where the rates or charges involved are determined by competitive bids or involving the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority; and
- a transaction involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar services.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company manages barge pools as part of its Inland Services segment. Pursuant to the pooling agreements, operating revenues and expenses of participating barges are combined and the net results are allocated on a pro-rata basis based on the number of barge days contributed by each participant. Companies controlled by Mr. Charles Fabrikant, the Executive Chairman and Chief Executive Officer of the Company, and trusts for the benefit of Mr. Fabrikant's children, including Eric Fabrikant, the Chief Operating Officer, own barges that participate in the barge pools managed by the Company. Mr. Charles Fabrikant and his affiliates were participants in these barge pools prior to the acquisition of SCF Marine Inc., the Company's subsidiary that manages these barge pools, by the Company in 2000. In the years ended December 31, 2018, 2017 and 2016, Mr. Charles Fabrikant and his affiliates earned \$0.8 million, \$0.5 million and \$0.8 million, respectively, of net barge pool results (after payment of \$0.1 million, \$0.1 million and \$0.1 million, respectively, in management fees to the Company). As of December 31, 2018 and 2017, the Company owed Mr. Charles Fabrikant and his affiliates \$0.5 million and \$0.5 million, respectively, for undistributed net barge pool results. Mr. Charles Fabrikant and his affiliates participate in the barge pools on the same terms and conditions as other pool participants who are unrelated to the Company.

Mr. Fabrikant serves as the Non-Executive Chairman of the Board of the Company's former offshore marine services division, SEACOR Marine Holdings Inc. ("SEACOR Marine"), an operator of offshore support vessels primarily servicing major integrated national and international oil companies, large independent oil and gas exploration and production companies and emerging independent companies. During 2018, the Company earned \$4.6 million from SEACOR Marine under a Transition Services Agreement. As of December 31, 2018, SEACOR Marine owed the Company \$0.5 million for these services and other costs and expenses.

Eric Fabrikant, son of Mr. Charles Fabrikant, the Executive Chairman and Chief Executive Officer, is the Chief Operating Officer of the Company. Mr. Eric Fabrikant served as Vice President of the Company from May 2009 through February 2015. In addition, Mr. Eric Fabrikant is an officer and/or director of certain subsidiaries of the Company.

PROPOSAL NO. 2 - ADVISORY VOTE TO APPROVE NAMED EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act and pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we are providing our stockholders with an advisory vote on executive compensation. This advisory vote, commonly known as a “say-on-pay” vote, is a non-binding vote on the compensation paid to our Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K, in the “Compensation Discussion and Analysis” in this Proxy Statement.

At the Company’s 2017 Annual Meeting, our stockholders voted to conduct a say-on-pay advisory vote on compensation on an annual basis. Although this stockholder advisory vote on the frequency of the advisory vote to approve the compensation of our Named Executive Officers, commonly known as a “say-when-on-pay” vote, was non-binding, the Board adopted the stockholders’ position and determined to submit a say-on-pay vote to our stockholders on an annual basis until the next say-when-on-pay vote, which, in accordance with applicable law, will occur no later than our annual meeting of stockholders in 2023. This say-on-pay vote is not intended to address any specific item of compensation, but rather the overall compensation of the Named Executive Officers and the policies and procedures described in this Proxy Statement. Following the 2019 Annual Meeting, the next say-on-pay vote will be held at the 2020 Annual Meeting.

We believe that the Company’s executive compensation programs have been effectively tailored to recruit and retain senior executives capable of executing the Company’s business strategies, overseeing its liquid assets and its various operations and appropriately aligning pay with contributions to, and leadership in, executing the Company’s business strategies.

The Board invites you to review carefully the Compensation Discussion and Analysis beginning on page 19 and the tabular and other disclosures on executive compensation beginning on page 29. Based upon that review, the Board recommends that the stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, including the Company’s compensation practices and principles and their implementation, as discussed and disclosed in the Compensation Discussion and Analysis, the compensation tables, and any narrative executive compensation disclosure contained in this Proxy Statement. Accordingly, the Board asks the stockholders to vote “FOR” the following resolution at the Annual Meeting, which gives you the opportunity to endorse or not endorse our compensation program for the Named Executive Officers as described in this Proxy Statement by voting for or against the following resolution:

“RESOLVED, that the compensation paid to the Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K in the Company’s proxy statement for the 2019 Annual Meeting of Stockholders, including the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth therein, is hereby approved on an advisory basis.”

This say-on-pay vote is non-binding, meaning that the Board will not be obligated to take any compensation actions, or to adjust the Company’s executive compensation programs or policies, as a result of the vote. Notwithstanding the advisory nature of the vote, the resolution will be considered passed with the affirmative vote of the holders of a majority in voting power of the shares entitled to vote present (virtually or by proxy) at the Annual Meeting. Although this say-on-pay vote is non-binding, the Board and the Compensation Committee will carefully review the results of the vote. The Compensation Committee will consider our stockholders’ concerns and take them into account when designing future executive compensation programs.

The proxy holders named on the accompanying proxy card will vote in favor of the advisory “say-on-pay” vote unless a stockholder directs otherwise.

Voting. The affirmative vote of the holders of a majority in voting power of shares entitled to vote present (virtually or by proxy) at the Annual Meeting is required to approve the compensation paid by the Company to the Named Executive Officers as described in this Proxy Statement.

The Board unanimously recommends a vote FOR the approval on a non-binding, advisory basis, of the compensation of our Named Executive Officers, as disclosed in this Proxy Statement.

PROPOSAL NO. 3 - RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board recommends that stockholders ratify the appointment of Grant Thornton LLP (“Grant Thornton”), independent registered public accounting firm to audit the accounts of the Company and its subsidiaries for the fiscal year ending December 31, 2019.

On June 9, 2017, the Company with the approval of the Audit Committee of the Company’s Board of Directors, dismissed Ernst & Young LLP (“EY”) as the Company’s independent registered public accounting firm. EY served as the independent registered public accounting firm for the Company for the fiscal years ended December 31, 2015 and December 31, 2016 and for the period from January 1, 2017 through June 9, 2017.

During the Company’s fiscal years ended December 31, 2016 and December 31, 2015 and during the subsequent interim period from January 1, 2017, through June 9, 2017, (i) there were no disagreements with EY on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures that, if not resolved to EY’s satisfaction, would have caused EY to make reference to the subject matter of the disagreement in connection with its reports and (ii) there were no “reportable events” as defined in Item 304(a)(1)(v) of Regulation S-K, except as noted below.

The audit reports of EY on the consolidated financial statements of the Company for the fiscal years ended December 31, 2016 and December 31, 2015, in which EY was the Company’s independent registered public accounting firm, did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the audit for the year ended December 31, 2016, material weaknesses in internal control were identified related to the (i) review and approval of manual journal entries made to the Company’s general ledger and (ii) review and documentation of assumptions, data and calculations used in the Company’s assessment of potential impairments of vessels and other-than-temporary impairments of its equity method investments.

The Company provided EY with a copy of the disclosure set forth in Item 4.01 of the Current Report on Form 8-K that was filed with the SEC on June 15, 2017 (the “Form 8-K”) and requested that EY furnish the Company with a copy of its letter addressed to the SEC, pursuant to Item 304(a)(3) of Regulation S-K, stating whether or not EY agrees with the statements related to them made by the Company in the Form 8-K. A copy of EY’s letter to the SEC dated June 15, 2017 is attached as Exhibit 16.1 to the Form 8-K and was incorporated by reference to the Company’s Annual Report on Form 10-K for the year ended December 31, 2017.

On June 9, 2017, upon the recommendation of the Audit Committee, the Company’s Board of Directors authorized the Company to engage Grant Thornton as the Company’s independent registered public accounting firm for the year ending December 31, 2017, who were formally engaged on June 12, 2017.

During the Company’s fiscal years ended December 31, 2016 and December 31, 2015 and during the subsequent interim period from January 1, 2017 through June 9, 2017, neither the Company nor anyone on its behalf consulted Grant Thornton regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company’s financial statements, and neither a written report nor oral advice was provided to the Company that was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue, or (ii) any matter that was either the subject of a “disagreement” or a “reportable event,” each as defined in Regulation S-K Item 304(a)(1)(iv) and 304(a)(1)(v), respectively.

Representatives of Grant Thornton will be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to stockholder questions after the conclusion of the Annual Meeting.

The affirmative vote of the holders of a majority in voting power of the shares entitled to vote present virtually or by proxy at the Annual Meeting is required to ratify the appointment of Grant Thornton.

<p>The Board unanimously recommends a vote FOR ratification of the appointment of Grant Thornton LLP as our Independent Registered Accounting Firm.</p>

ANNUAL REPORT

A copy of the Company's Annual Report to Stockholders for the fiscal year ended December 31, 2018 accompanies this Proxy Statement and should be read in conjunction herewith.

STOCKHOLDER NOMINATION OF DIRECTORS

The By-Laws establish an advance notice procedure with regard to the nomination (other than by or at the direction of the Board or a committee thereof) of candidates for election as directors (the "Nomination Procedure"). Only persons who are nominated by the Board, a committee appointed by the Board, or by a stockholder who has complied with the Nomination Procedure and provided timely written notice to the Secretary of the Company prior to the meeting at which directors are to be elected, are eligible for election as directors of the Company. To be timely, a stockholder's notice must be delivered or mailed to and received by the Secretary of the Company at the Company's principal executive offices not earlier than the close of business on the one hundred fiftieth (150th) day nor later than the close of business on the one hundred twentieth (120th) day prior to the first anniversary date of the previous year's annual meeting of stockholders (subject to certain exceptions), and the notice must contain (A) as to each person whom the stockholder proposes to nominate for election as a director (i) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to and in accordance with Regulation 14A under the Exchange Act and (ii) such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; (B) as to any other business that the stockholder proposes to bring before the annual meeting, (i) a brief description of the business desired to be transacted, (ii) the text of the proposal or business (including the text of any resolutions proposed for consideration and, in the event that such business includes a proposal to amend the By-Laws, the language of the proposed amendment), (iii) the reasons for conducting such business at the meeting and (iv) any material interest of such stockholder in such business; and (C) as to the stockholder giving the notice on whose behalf the nomination or proposal is made (i) the name and address, as they appear on the Company's most recent stockholder lists, of the stockholder proposing such proposal, (ii) the class and number of shares of capital stock of the Company which are beneficially owned by the stockholder, (iii) a description of any agreement, arrangement or understanding with respect to the nomination or other proposal between or among such stockholder, any affiliate or associate, and any others acting in concert with any of the foregoing, (iv) a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, warrants, stock appreciation or similar rights, hedging transactions, and borrowed or loaned shares) that has been entered into as of the date of the stockholder's notice by, or on behalf of, such stockholder, the effect or intent of which is to mitigate loss to, manage risk or benefit of share price changes for, or increase or decrease the voting power of, such stockholder, with respect to shares of stock of the Company, (v) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose such business or nomination, and (vi) a representation whether the stockholder intends or is part of a group which intends (a) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to approve or adopt the proposal or elect the nominee or (b) otherwise to solicit proxies from stockholders in support of such proposal or nomination. Any stockholder who desires to propose any matter at an annual meeting of stockholders shall, in addition to the aforementioned requirements described in clauses (A) through (C), comply in all material respects with the content and procedural requirements of Rule 14a-8 of Regulation 14A under the Exchange Act, irrespective of whether the Company is then subject to such rule or said act. The presiding officer of the meeting may refuse to acknowledge nomination of any person not made in compliance with the Nomination Procedure. Any reference in the By-laws to presence in person at an annual meeting of the stockholders shall mean, for purposes of the Annual Meeting, virtual presence at the webcast for the Annual Meeting.

Although the By-Laws do not empower the Board with the right to approve or disapprove of stockholder nominations for the election of directors or any other business properly brought by the Company's stockholders at any annual or special meeting, the foregoing Nomination Procedure may nevertheless have the effect of (i) precluding a nomination for the election of directors or precluding the transaction of business at a particular meeting if the proper procedures are not followed, or (ii) deterring a third party from conducting a solicitation of proxies or contest to elect his or its own slate of director nominees or otherwise attempting to obtain control of the Company.

STOCKHOLDER PROPOSALS FOR THE 2020 ANNUAL MEETING

Proposals that stockholders believe should be voted upon at the Company's Annual Meeting may be eligible for inclusion in the Company's Proxy Statement. In accordance with the provisions of Rule 14a-8 under the Exchange Act, Stockholder proposals for the 2020 Annual Meeting of Stockholders must be received by the Company on or before January 1, 2020, to be eligible for inclusion in the proxy statement and proxy card relating to the 2020 Annual Meeting of Stockholders. Any such proposals should be sent via registered, certified or express mail to: Corporate Secretary, SEACOR Holdings Inc., 2200 Eller Drive, P.O. Box 13038, Fort Lauderdale, Florida 33316.

As a separate and distinct matter from proposals under Rule 14a-8, in accordance with Article I, Section 3 of the By-Laws of the Company, in order for business to be properly brought before the next annual meeting by a stockholder, such stockholder must deliver to the Company timely notice thereof. To be timely, a stockholder's notice must be delivered or mailed to and received by the Corporate Secretary at the principal executive offices of the Company, not earlier than the close of business on the one hundred fiftieth (150th) day nor later than the close of business on the one hundred twentieth (120th) day prior to the first anniversary date of the previous year's Annual Meeting of Stockholders (or if there was no such prior annual meeting, not earlier than the close of business on the one hundred fiftieth

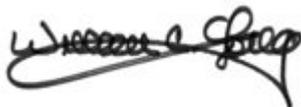

(150th) day nor later than the one hundred twentieth (120th) day prior to the date which represents the second Tuesday in May of the current year). Accordingly, for the 2020 Annual Meeting, notice will have to be delivered or received by the Company no earlier than January 7, 2020, or later than February 6, 2020. If, however, the date of the annual meeting is more than twenty-five (25) days before or after such anniversary date, then, to be considered timely, notice by the stockholders must be received not later than the close of business on the tenth (10th) day following the date on which public announcement of the date of such meeting is first made by the Company. In no event shall the public announcement of an adjournment or postponement of an annual meeting commence a new time period (or extend any time period) for the giving of a stockholder's notice as described above.

HOUSEHOLDING

The SEC permits a single set of annual reports and proxy statements to be sent to any household at which two or more stockholders reside if they appear to be members of the same family. Each stockholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding.

As a result, if a stockholder holds shares through a broker and resides at an address at which two or more stockholders reside, that stockholder will likely be receiving only one annual report and proxy statement unless any stockholder at that address has given the broker contrary instructions. However, if any such stockholder residing at such an address wishes to receive a separate annual report or proxy statement in the future, or if any such stockholder that elected to continue to receive separate annual reports or proxy statements wishes to receive a single annual report or proxy statement in the future, that stockholder should contact their broker or send a request to the Secretary of the Company at the Company's principal executive offices. The Company will deliver, promptly upon written or oral request to the Secretary of the Company, a separate copy of the 2018 Annual Report and this Proxy Statement to a stockholder at a shared address to which a single copy of the documents was delivered.
