Cummins Filtration President Pamela Carter Named to Spectra Energy Board of Directors

NASHVILLE--(BUSINESS WIRE)--

Cummins Filtration President Pamela L. Carter has been elected to the board of directors of Spectra Energy Corp., a Houston-based natural gas company.

Carter joined Cummins in 1997 and is an established business leader with a diverse background including law, government, international business and general management experience.

"Pamela's wide range of experience and skills will make her an asset to Spectra Energy," said Cummins Chairman and Chief Executive Officer Tim Solso. "She is a proven, results-oriented leader who can be counted on to do the right thing."

Carter joined Cummins in 1997 as Vice President - General Counsel. In 1999, she became Vice President General Manager of Europe, Middle East and Africa business and operations. In 2005, Carter was named president of Cummins Filtration and also serves on the board of directors for Meijer Inc, an 80-year-old Midwest grocer and retail company headquartered in Grand Rapids, Mich.

"We are honored to have Pamela join our board," said Spectra Energy Chairman Paul Anderson. "She is a very dynamic, focused executive with a rich and extensive background which will further strengthen the mix of skills and diversity of our board."

About Spectra Energy Corp.

Spectra Energy Corp (NYSE:SE) is one of North America's premier pure play natural gas midstream companies serving three key links in the natural gas value chain: gathering and processing, transmission and storage and distribution. For close to a century, Spectra Energy and its predecessor companies have developed critically important pipelines and related energy infrastructure connecting natural gas supply sources to premium markets.

Based in Houston, Texas, the company operates in the United States and Canada

approximately 17,500 miles of transmission pipeline, 265 billion cubic feet of storage, natural gas gathering and processing, natural gas liquids operations and local distribution assets. Spectra Energy Corp also has a 50 percent ownership in DCP Midstream, one of the largest natural gas gatherers and processors in the United States. Visit www.spectraenergy.com for more information.
