Lightbridge CEO Seth Grae to Present at CleanEquity® Monaco 2021 on Thursday, July 22nd

RESTON, Va., July 21, 2021 (GLOBE NEWSWIRE) -- [Lightbridge Corporation](#) (Nasdaq: LTBR), an advanced nuclear fuel technology company, today announced that President and CEO Seth Grae will present at CleanEquity® Monaco 2021 on Thursday, July 22nd at 11:05 CEST (5:05am ET).

CleanEquity® is an annual invitation-only event featuring up to 30 of the world's best in class next-generation sustainable technology companies, hosted by the Principality of Monaco and Innovator Capital, the London-based specialist investment bank established in 2003 focusing on health and sustainable technology innovation. The conference provides an intimate and collegiate setting for inventors and entrepreneurs to share their stories with delegates - key decision-makers looking to assist them with reaching their commercial and strategic goals.

Other partners and sponsors include Prince Albert II of Monaco's Foundation, Cision, Covington & Burling, Cranfield University, MIT Solve, the Monaco Economic Board, and Taronis Fuels.

Lightbridge has been identified by an expert panel as one of the world's most innovative sustainable technology companies and has been selected to present to selected sovereign, corporate, family and professional investors, policy makers, end users and international trade media.

About Innovator Capital Limited

Innovator Capital (ICL), established in 2003, is a London based specialist investment bank focusing on health and sustainable technology companies; advising on corporate finance, mergers and acquisitions, IP, business & corporate development. ICL's mission is to assist IP rich private & public companies with finding the right investors, acquirers, customers, licensees and commercial partners.

About Lightbridge Corporation

Lightbridge (NASDAQ: LTBR) is an advanced nuclear fuel technology development company positioned to enable carbon-free energy applications that will be essential in preventing climate change. The Company is developing Lightbridge Fuel™, a proprietary next-generation nuclear fuel technology for Small Modular Reactors, as well as existing light-water reactors, which significantly enhances reactor safety, economics, and fuel proliferation

resistance. To date, Lightbridge has been awarded twice by the U.S. Department of Energy's Gateway for Accelerated Innovation in Nuclear program to support development of Lightbridge Fuel™. Lightbridge's innovative fuel technology is backed by an extensive worldwide patent portfolio. Lightbridge is included in the Russell Microcap® Index. Forward Looking Statements

With the exception of historical matters, the matters discussed herein are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding the timing and outcome of research and development activities, other steps to commercialize Lightbridge Fuel™ and future governmental support and funding for nuclear energy. These statements are based on current expectations on the date of this news release and involve a number of risks and uncertainties that may cause actual results to differ significantly from such estimates. The risks include, but are not limited to: the Company's ability to commercialize its nuclear fuel technology; the degree of market adoption of the Company's product and service offerings; the Company's ability to fund general corporate overhead and outside research and development costs; market competition; our ability to attract and retain qualified employees; dependence on strategic partners; demand for fuel for nuclear reactors, including small modular reactors; the Company's ability to manage its business effectively in a rapidly evolving market; the availability of nuclear test reactors and the risks associated with unexpected changes in the Company's fuel development timeline; the increased costs associated with metallization of our nuclear fuel; public perception of nuclear energy generally; changes in the political environment; risks associated with the further spread of COVID-19, including the ultimate impact of COVID-19 on people, economies, and the Company's ability to access capital markets; changes in the laws, rules and regulations governing the Company's business; development and utilization of, and challenges to, our intellectual property; risks associated with potential shareholder activism; potential and contingent liabilities; as well as other factors described in Lightbridge's filings with the Securities and Exchange Commission. Lightbridge does not assume any obligation to update or revise any such forward-looking statements, whether as the result of new developments or otherwise, except as required by law. Readers are cautioned not to put undue reliance on forward-looking statements.

A further description of risks and uncertainties can be found in Lightbridge's Annual Report on Form 10-K for the fiscal year ended December 31st, 2020, and in its other filings with the Securities and Exchange Commission, including in the sections thereof captioned "Risk Factors" and "Forward-Looking Statements", all of which are available at <http://www.sec.gov/> and www.ltbridge.com.
