

Phunware Launches Comprehensive Channel Program to Activate Global Reseller Network

AUSTIN, Texas--(BUSINESS WIRE)-- [Phunware, Inc. \(NASDAQ: PHUN\)](#) (the “Company”), a fully-integrated [enterprise cloud platform](#) for mobile that provides products, solutions, data and services for brands worldwide, announced today the launch of a comprehensive global reseller program to activate and support the selling of its enterprise mobile software through hardware, software, system integrator and carrier channels worldwide.

Each channel partner is taken through an easy five-step process to begin reselling Phunware’s [Multiscreen-as-a-Service \(MaaS\)](#) platform:

1. Sign up formally as a [Phunware Partner](#).
2. Receive access credentials for MaaS.
3. Finalize marketing and sales packages associated with MaaS stock-keeping units (SKUs).
4. Certify and train sales and sales engineering personnel on selected SKUs.
5. Launch business development, sales and go-to-market strategies with Phunware in support.

“We have invested more than \$100 million into our enterprise cloud platform for mobile and that full functionality is now optimized for global resellers and other third parties with worldwide distribution,” said [Alan S. Knitowski](#), President, CEO and Co-Founder of Phunware. “Our channel partners can immediately sell mobile software that will allow their customers to maximize unique engagements by tech-enabling their mobile experiences, all while creating new recurring revenues with high margin Software-as-a-Service (SaaS) products and solutions from Phunware.”

From hardware vendors competing to enable 100% connectivity across a smart campus to system integrators consulting enterprise customers on digital transformation initiatives, global leaders in technology are looking for additional ways to deliver more value during challenging times. By reselling Phunware’s native, mobile-first software, channel partners can achieve scalable competitive advantages in [healthcare](#), [retail](#), [residential](#), [corporate campus](#), [hospitality](#), [media and entertainment](#), [advocacy and politics](#) and [aviation](#) environments. Further, and to address many of the unique challenges brought on by the COVID-19 pandemic, Phunware has also optimized its MaaS platform to allow these channel partners to white label, OEM and/or resell its MaaS solutions, including [Smart Workplaces](#) for corporations, [Smart Campuses](#) for higher education, [Smart Cities](#) for government and [Digital Front Doors](#) for healthcare. In these instances, Phunware can even provide retained services and support on a case-by-case basis to design and deploy custom mobile solutions on top of MaaS, all tailored to the unique needs of specific channels and verticals as required.

For channel partners looking to enhance their existing products and solutions on mobile, [Phunware Products](#) can be sold and integrated as desired to deliver specific functionality, including:

- [Healthy Spaces](#) - Tech-enable recommended guidelines and protocols for safe gathering while creating easy-to-use profiles for tracking, recording and evaluating individual health-related activities, habits and symptoms.
- [Location Based Services \(LBS\)](#) - Deliver native, mobile-first capabilities that offer proximity, sub one-second, real-time blue dot indoor positioning, navigation and wayfinding functionality across any venue or facility, all while simplifying and streamlining the underlying integration and management of hardware and software.
- [Mobile Engagement](#) - Segment users and deliver relevant messaging and interactions before, during and after visits to physical locations.
- [Content Management](#) - Manage content and configuration for entire mobile application portfolios in one spot, including over-the-air updates.
- [Analytics](#) - Turn data into business intelligence in order to drive engagement and monetization of mobile application audiences and communities.
- [Audience Monetization](#) - Give developers and publishers new revenue opportunities through both in-app mobile advertising and innovative mobile experience interactions.
- [Audience Building](#) - Target mobile audiences at scale with pre-built, industry-standard segments, connect with existing contacts or build bespoke segments based on custom geographies.
- [Audience Engagement](#) - Design, build and target audiences composed of ideal customers, partners, consumers or employees.
- [Knowledge Graph](#) - Access a powerful, modern data platform and ontology that provide intelligence for media buyers to better understand their audiences, engage and acquire new customers and create compelling user experiences.
- [Data Licensing](#) - Supercharge mobile application experiences, audience insights and mobile advertising campaigns with a data license to our extensive collection of curated mobile data.

To provide ongoing education, support, training and formal certification, each channel partner also enjoys 24x7x365 access to:

- Feature sheets, guides, collateral and information via the [Phunware Documentation Portal](#)
- Sample code, sample applications, libraries, tools and utilities via the [Phunware Software Portal](#)
- Comprehensive certification and training via the [Phunware Phenom Training Portal](#)

[Click here](#) to sign up as a Phunware Partner and learn more about how to activate your channel with proven, scalable enterprise mobile software from MaaS.

Safe Harbor Clause and Forward-Looking Statements

This press release includes forward-looking statements. All statements other than statements of historical facts contained in this press release, including statements regarding our future results of operations and financial position, business strategy and plans, and our objectives for future operations, are forward-looking statements. The words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “expose,” “intend,” “may,” “might,”

“opportunity,” “plan,” “possible,” “potential,” “predict,” “project,” “should,” “will,” “would” and similar expressions that convey uncertainty of future events or outcomes are intended to identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking.

The forward-looking statements contained in this press release are based on our current expectations and beliefs concerning future developments and their potential effects on us. Future developments affecting us may not be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) and other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the heading “Risk Factors” in our filings with the Securities and Exchange Commission (SEC), including our reports on Forms 10-K, 10-Q, 8-K and other filings that we make with the SEC from time to time. Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws. These risks and others described under “Risk Factors” in our SEC filings may not be exhaustive.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. We caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and developments in the industry in which we operate may differ materially from those made in or suggested by the forward-looking statements contained in this press release. In addition, even if our results or operations, financial condition and liquidity, and developments in the industry in which we operate are consistent with the forward-looking statements contained in this press release, those results or developments may not be indicative of results or developments in subsequent periods.
