## **Webcast information**

To participate in listen-only mode and to view slides corresponding to the company conference call, please visit the [News & Events](#) section of the CollPlant Investor Relations website where a link will be posted.

A replay of the webcast will be available following the conclusion of the live broadcast and will be accessible on the Company's website for a limited time.

### **About CollPlant**

CollPlant is a regenerative and aesthetic medicine company focused on 3D bioprinting of tissues and organs, and medical aesthetics. The Company's products are based on its rhCollagen (recombinant human collagen) produced with CollPlant's proprietary plant based genetic engineering technology. These products address indications for the diverse fields of tissue repair, aesthetics, and organ manufacturing, and are ushering in a new era in regenerative and aesthetic medicine.

In 2021 CollPlant entered into a development and global commercialization agreement for dermal and soft tissue fillers with Allergan, an AbbVie company, the global leader in the dermal filler market.
