Upexi Signs LOI to Purchase Operating Bitcoin Mining Facility

Subsidiary, Quantum Hash, signs first LOI to acquire a 2MW operating facility with plans to increase to maximum output with upgraded mining power and expanded MWs of power

TAMPA, FL / [ACCESS Newswire](#) / March 3, 2025 /Upexi, Inc. (NASDAQ:UPXI) (the "Company" or "Upexi"), a brand owner specializing in the development, manufacturing and distribution of consumer products and has diversified into the Cryptocurrency space, today announced its subsidiary, Quantum Hash, has signed a Letter of Intent ('LOI') to acquire a 2MW operating facility, its biggest initiative into the Cryptocurrency industry to date.

The facility is currently utilizing less than half its available capacity output. Quantum Hash intends to update current equipment and add the latest and fastest mining machines available to maximize hash rate and maximize bitcoin mined monthly, upon closing.

The initial 2MW of power is the first step to the Company's goal of 10-20 MW of power operating in 2025. This power and production will increase the Company's Cryptocurrency portfolio objectives and provide a revenue stream in an industry that is potentially set to grow significantly for the coming years.

Allan Marshall, Chief Executive Officer of Upexi, stated, "The opportunity to acquire the facility and jump start our entry and revenues in the Cryptocurrency space is an exciting first step and we expect this to be the first of many opportunities in 2025. The Sunday announcement by President Trump regarding Bitcoin and other Crypto reserves was a welcome surprise on something we anticipated when we decided to launch our initiatives. The industry has all the ingredients for success with growth of the underlying asset values, expansion of the Cryptocurrency industry and new administration pushing for growth in American industry and companies. We are excited about the future of our business."
