Committee on Foreign Investment in the United States (CFIUS) Clears Path for Creation of "The Foundry Company"

U.S. Government Clearance Marks Major Milestone Toward Completion of New Global Foundry Transaction

SUNNYVALE, Calif.--(BUSINESS WIRE)-- AMD (NYSE: AMD) and the Advanced Technology Investment Company (ATIC) announced today that they had obtained clearance from the Committee on Foreign Investment in the United States ("CFIUS") regarding the creation of The Foundry Company, their leading-edge semiconductor manufacturing joint venture. CFIUS also has determined that the proposed additional investment in AMD by Mubadala is not a covered transaction subject to CFIUS review.

About AMD

Advanced Micro Devices (NYSE: AMD) is an innovative technology company dedicated to collaborating with customers and industry partners to ignite the next generation of computing and graphics solutions at work, home and play. For more information, visit www.amd.com.

About ATIC

The Advanced Technology Investment Company (ATIC) was created in 2008. A technology investment company wholly owned by the Government of Abu Dhabi, ATIC is focused on making significant investments in the advanced technology sector, both locally and internationally. Its mandate is to generate returns that deliver long-term benefits to the Emirate of Abu Dhabi.

ATIC seeks to leverage the unique advantages it enjoys as an investor from the Emirate of Abu Dhabi to identify and realize long-term investment opportunities in the highly competitive and capital-intensive advanced technology sector. These advantages include significant and reliable capital, a patient investment philosophy, and a subsequently long-term investment horizon.

About "The Foundry Company"

The Foundry Company will be a U.S.-headquartered, leading-edge semiconductor manufacturing company created to address growing demand for independent, leading-edge foundry production capabilities. The Foundry Company will serve this need by combining advanced process technology, industry-leading manufacturing facilities and aggressive plans to scale capacity. The cornerstone of production for the Foundry Company will be industry-leading manufacturing facilities in Dresden, Germany with future plans to expand that

campus as well as build a state-of-the art facility in Saratoga County, New York. Upon closing, The Foundry Company will have its principal headquarters in Silicon Valley; and its research and development and manufacturing leadership teams and ecosystems in New York, Dresden, and Austin.

About Mubadala

Mubadala Development Company (Mubadala) is a Public Joint Stock Company headquartered in Abu Dhabi, capital of the United Arab Emirates. Its focus is on developing and managing an extensive and economically diverse portfolio of commercial initiatives. It does this either independently or in partnership with leading international organizations. Mubadala's commercial strategy is fundamentally built on long-term capital-intensive investments that deliver strong financial returns.

The company manages a multi-billion dollar portfolio of local, regional, and international investments, projects and initiatives. Through its investment and development projects, Mubadala is both a catalyst for, and a reflection of, the drive for economic diversification of the Emirate of Abu Dhabi. Its impact is evident domestically and internationally in sectors such as energy, aerospace, real estate, healthcare, technology, infrastructure, and services.

Mubadala's sole shareholder is the Government of the Emirate of Abu Dhabi. For more information about Mubadala, its partnerships and activities please visit www.mubadala.ae.

Cautionary Statement

This release contains forward-looking statements concerning the creation of The Foundry Company joint venture, which are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are commonly identified by words such as "would," "may," "expects," "believes," "plans," "intends," "projects" and other terms with similar meaning. Investors are cautioned that the forward-looking statements in this release are based on current beliefs, assumptions and expectations, speak only as of the date of this release and involve risks and uncertainties that could cause actual results to differ materially from current expectations. Risks include the possibility that Intel Corporation's pricing, marketing and rebating programs, product bundling, standard setting, new product introductions or other activities targeting AMD's business will prevent attainment of AMD's current plans; the company's Asset Smart strategy will not reach fruition or will be less beneficial than anticipated; the announced transaction for the formation of The Foundry Company and the associated third-party investment will not occur as anticipated; customers stop buying the company's products or materially reduce their operations or demand for its products; the company will be unable to develop, launch and ramp new products and technologies in the volumes and mix required by the market and at mature yields on a timely basis; demand for computers and consumer electronics products and, in turn, demand for the company's products will be lower than currently expected; there will be unexpected variations in market growth and demand for the company's products and technologies in light of the product mix that it may have available at any particular time or a decline in demand; and the company will be unable to maintain the

level of investment in research and development and capacity that is required to remain competitive. Investors are urged to review in detail the risks and uncertainties in the company's Securities and Exchange Commission filings, including but not limited to the Quarterly Report on Form 10-Q for the fiscal quarter ended September 27, 2008.
