Capstone Announces New Distributor Agreement for Asia Pacific Region

CHATSWORTH, Calif.-- Capstone Turbine Corporation (www.microturbine.com) (NASDAQ:CPST), the world's leading clean technology manufacturer of microturbine energy systems, today announced the signing of a new Distributor agreement with Sobono Energy Private Limited (www.sobono.com.sg) for Combined Heat & Power (CHP) and Resource Recovery applications in Singapore, Malaysia, Philippines, Thailand, Indonesia, Vietnam, Guam and Saipan.

Headquartered in Singapore, Sobono Energy provides green and renewable energy solutions to customers in Asia Pacific region, including system design, site installation and post-commissioning maintenance.

"This agreement offers Capstone the opportunity to leverage Sobono's broad capabilities throughout the Asia Pacific," said Jim Crouse, Capstone Turbine Corporation's Executive Vice President, Sales and Marketing. "Their expertise and knowledge as a green and clean energy solution integrator will be a great addition to complement Capstone's strategic sales growth initiatives," Crouse added.

When reached for comment, Darren Jamison, President and Chief Executive Officer of Capstone Turbine Corporation said: "One of our business strategies has been to add new business partners and strengthen the relationships with our existing ones. The talented and professional management and sales force of Sobono bring to us the capabilities we have been seeking to augment our sales efforts. Sobono's broad geographic and commercial presence enhances the opportunity for improved sales growth for Capstone microturbines."

"Our customers are driven by growing environmental concerns, needs of innovative on-site energy solutions that provide dependable and reliable power supply, as well as reduction in business costs," said Wee Khoo OH, Managing Director of Sobono Energy. "The new generation Capstone MicroTurbine(R) models C200, C600, C800 and C1000 come with attributes of high reliability and efficiency, modular design for easy installation, fuel flexibility, suitability for multi-MW application and adaptability for co-generation and tri-generation. These are indeed all the features that our customers are looking for. We are very pleased to be working with Capstone Turbine Corporation and look forward to a long-term successful relationship."

About Capstone Turbine

Capstone Turbine Corporation (www.microturbine.com) (NASDAQ:CPST) is the world's leading producer of low-emission microturbine systems, and was the first to market commercially viable microturbine energy products. Capstone Turbine has shipped over 4,000 Capstone MicroTurbine(R) systems to customers worldwide. These award-winning systems

have logged millions of documented runtime operating hours. Capstone Turbine is a member of the U.S. Environmental Protection Agency's Combined Heat and Power Partnership, which is committed to improving the efficiency of the nation's energy infrastructure and reducing emissions of pollutants and greenhouse gases. A UL-Certified ISO 9001:2000 and ISO 14001:2004 certified company; Capstone Turbine is headquartered in the Los Angeles area with sales and/or service centers in New Jersey, New York, Mexico City, Milan, Nottingham, Shanghai and Tokyo.
