Exodus Movement, Inc. August 2026 -- Monthly Metrics

OMAHA, Neb., Sept. 11, 2026 (GLOBE NEWSWIRE) -- Exodus Movement, Inc. (NYSE American: EXOD) ("Exodus" or the "Company"), a leading self-custodial finance and payments platform, today announced select metrics for the month of August 2026 in connection with its Web3 and Payment Processing services.

"August was an encouraging month across both sides of our business," said James Gernetzke, CFO of Exodus. "Our Web3 exchange volumes increased approximately 20% from July as monthly active users remained relatively stable. While we remain cautious about drawing conclusions from one month of improved activity, we are encouraged by the direction of exchange volumes on our platform."

"Transaction activity in our payments business also continued to grow, with gross transaction volume increasing approximately 6% from July and nearly 18% from June. Importantly, this growth is occurring before the benefit of several operational initiatives currently underway. We also continue to make progress on the payments infrastructure initiatives discussed during our August earnings call while integrating Monavate and executing against our broader cost-reduction initiatives."
