# Porch Launches Nationwide Inspection Pop-Up Conferences

SEATTLE, Nov. 03, 2021 (GLOBE NEWSWIRE) -- Porch Group, Inc. ("Porch" or "the Company") (NASDAQ: PRCH), a leading vertical software company reinventing the home services industry, today announced it will host 100 nationwide pop-up conferences for home inspectors throughout the remainder of 2021 and 2022 on its [Inspection Fuel Tour](#).

Porch's Inspection Fuel Tour will be free and focused on bringing inspectors together locally for relevant content and networking opportunities, facilitating broader participation in the professional home inspection community. The pop-up conferences will serve as an opportunity for Porch to engage with home inspectors around the nation in a more personalized setting.

"Our B2B relationships are massively important to our continued success," said Matt Ehrlichman, founder, chairman, and CEO of Porch Group. "With most home inspection companies being small businesses, it can be difficult for them to share and engage meaningfully with their professional community. We want to create hyper-local pop-up conferences to help these companies get the resources and tools they need to grow their business."

The conferences will be one or two-day events, smaller than typical national conferences. Events will feature a mix of content, including guidance on how to grow a small business, continued education from subject matter experts, and business development opportunities.

The tour launched in Boise, Idaho on November 1, 2021.
