Energous Corporation to Keynote at IEEE Tech Industry Summit

SAN JOSE, CA -- (Marketwired) -- 05/19/16 -- Energous Corporation ("Energous®" or "the Company") (NASDAQ: WATT), the developer of WattUp®, a revolutionary wire-free charging technology that provides over-the-air contained power at a distance, today announced that Phil Kelly, Chief Scientist, will keynote at the inaugural [IEEE Tech Industry Summit 2016](#).

Kelly's presentation will begin at 9:30 a.m. PST on Tuesday, June 7, 2016, at the Santa Clara Convention Center in Santa Clara, CA.

"I'm extremely honored to be keynoting at the inaugural IEEE Tech Summit conference," said Kelly. "We're at a very interesting and critical juncture for the roll-out and adoption of IoT. While there are great opportunities for growth, there are also significant obstacles that must be overcome for the technology to reach its full potential. Fortunately, IEEE provides a unique and powerful venue for the best and the brightest to come together to discuss the major challenges and opportunities taking place in today's IoT market. Energous is very pleased and excited to be a part of this groundbreaking event."

The IEEE Tech Industry Summit combines an industry event featuring senior industry speakers -- discussing the challenges and directions of IoT and incorporating a product showcase -- with a collection of IEEE events to explore the technology research, focus areas, and even technology management challenges.

About Energous Corporation

Energous Corporation is developing WattUp®, an award-winning wire-free charging technology that will transform the way people and industries charge and power their electronic devices at home, in the office, in the car and beyond. WattUp is a revolutionary RF-based charging solution that delivers intelligent, scalable power via the same radio bands as a Wi-Fi router. WattUp differs from current wireless charging systems in that it will deliver contained, useable power, at a distance, to multiple devices, resulting in a wire-free experience that saves users from having to remember to plug in their devices. For more information, please visit Energous.com, or follow Energous on [Twitter](#) and [Facebook](#).

Safe Harbor Statement

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the "safe harbor" created by those sections. Forward-looking statements, which are based on certain assumptions and

describe our future plans, strategies and expectations, can generally be identified by the use of forward-looking terms such as "believe," "expect," "may," "will," "should," "could," "seek," "intend," "plan," "estimate," "anticipate" or other comparable terms. All statements in this release that are not based on historical fact are "forward-looking statements." While management has based any forward-looking statements included in this release on its current expectations, the information on which such expectations were based may change. Forward-looking statements involve inherent risks and uncertainties which could cause actual results to differ materially from those in the forward-looking statements, as a result of various factors including those risks and uncertainties described in the Risk Factors and in Management's Discussion and Analysis of Financial Condition and Results of Operations sections of our most recent annual report on Form 10-K and any subsequent quarterly reports on Form 10-Q. We urge you to consider those risks and uncertainties in evaluating our forward-looking statements. We caution readers not to place undue reliance upon any such forward-looking statements, which speak only as of the date made. Except as otherwise required by the federal securities laws, we disclaim any obligation or undertaking to publicly release any updates or revisions to any forward-looking statement contained herein (or elsewhere) to reflect any change in our expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.
