Deluxe Partners with Superior to Launch Premier RDC Scanner Program

New offering will help financial institutions streamline operations and enhance client satisfaction

MINNEAPOLIS--(BUSINESS WIRE)--

Deluxe (NYSE: DLX), a trusted Payments and Data company, today announced a strategic partnership with Superior, a recognized leader in white-glove treasury services, to launch the Premier RDC Scanner Program. This offering enhances the Deluxe Remote Deposit Capture (RDC) suite, providing financial institutions with a fully integrated approach to scanner fulfillment, installation, and lifecycle management. Strengthening the Deluxe Business-to-Business (B2B) Receivables suite, the program further expands its offerings to meet the evolving needs of financial institutions.

Building on this partnership, Deluxe and Superior have also introduced Deluxe Migration Services, an offering designed to assist financial institutions undergoing transitions such as mergers, acquisitions, software migrations, or platform upgrades. Leveraging Superior's Technical Assistance Center, Deluxe delivers dedicated end-user training and technical support, ensuring a seamless shift while prioritizing customer experience.

These programs strengthen the Deluxe Business-to-Business (B2B) Receivables suite, further diversifying its offerings to meet the evolving needs of financial institutions.

"As both a software and hardware provider, Deluxe is uniquely positioned to deliver a fully connected RDC experience—bundling advanced RDC software with scanner fulfillment for seamless integration, ease of use, and improved service," said John Rubinetti, President of B2B Payments at Deluxe. "Through our partnership with Superior, we're enhancing the value we deliver to financial institutions, helping them realize the benefits of their strategic projects faster—whether through optimized RDC capabilities or expert migration support via Deluxe Migration Services."

The launch coincides with Deluxe Exchange 2025, where financial institutions can explore both the Premier RDC Scanner Program and Deluxe Migration Services and engage directly with Deluxe, Superior, and key scanner vendor partners.
