KORE to Sponsor and Exhibit at Allscripts Client Experience 2016

LAS VEGAS--(BUSINESS WIRE)-- **Allscripts Client Experience 2016—**KORE, the world's largest managed wireless network services provider specializing in Internet-of-Things (IoT) and machine-to-machine (M2M) communications, today announced that the Company will be a Silver Sponsor of the Allscripts Client Experience 2016 (ACE). KORE will showcase its specialized IoT and M2M network services at booth #1018 at the show, occurring at Mandalay Bay Hotel and Casino, Las Vegas, NV, August 9-11, 2016.

The Internet-of-Things is rapidly empowering new business models and opportunities, transforming the world into a marketplace of collecting, managing and gleaning business value from data. Healthcare providers are at the forefront of data utilization, and represent one of the richest emerging areas for businesses to monetize the IoT. KORE has built a global network to deliver the ubiquitous connectivity to power these innovative IoT solutions.

KORE delivers the most complete offering of global wireless connectivity through leading carriers, with flexible and dynamic pricing plans, global, redundant reliability, award-winning tools for device provisioning, and cost management with speed to market with limitless scalability. Connectivity on the KORE network provides "always on" unconditional data transmission across all geographies via a variety of cellular technologies, including GSM, HSPA, CDMA, EV-DO and LTE.

See the full suite of KORE connectivity services, including iPad solutions, in Booth #1018 at ACE 2016.

About KORE
KORE provides the connectivity and services that make the Internet of Things possible. Founded in 2003, KORE is the world's largest managed network services provider specializing in Internet of Things (IoT) and Machine to Machine (M2M) markets. KORE provides the critical wireless connectivity empowering application, hardware and wireless operator partners to rapidly bring new IoT and M2M innovations to market, with millions of active on-network units in more than 180 countries. KORE delivers choice, reliability and global native coverage through multi-carrier and Tier 1 carrier cellular and satellite network services – including LTE, GSM and CDMA - as well as advanced applications to easily manage IoT connected devices. KORE Position Logic software provides seamless location-based services (LBS) for businesses. KORE's recent acquisition of Wyless makes the company one of the six largest providers of M2M/IoT services globally, inclusive of carriers.
