Conference Code:	13763268
Webcast:	https://viavid.webcasts.com/starthere.jsp?ei=1779198&tp_key=0e699c3be5

A telephone replay will be available approximately three hours after the call and will run through November 26, 2026, by dialing 1-844-512-2921 from the U.S. and Canada, or 1-412-317-6671 from international locations, and entering replay pin number: 13763268. The replay can also be viewed through the webcast link above and the presentation utilized during the call will be available in the Company's investor relations section here.

About HeartBeam, Inc.

HeartBeam, Inc. (NASDAQ: BEAT) is a medical technology company dedicated to transforming the detection and monitoring of critical cardiac conditions. The Company has developed the first-ever cable-free device capable of collecting ECG signals in 3D, from three non-coplanar directions, and synthesizing the signals into a 12-lead ECG. This platform technology is designed for portable devices that can be used wherever the patient is to deliver actionable heart intelligence. Physicians will be able to identify cardiac health trends

and acute conditions and direct patients to the appropriate care – all outside of a medical facility, thus redefining the future of cardiac health management. HeartBeam's 3D ECG technology received FDA clearance for arrhythmia assessment in December 2024, and the 12-Lead ECG synthesis software received FDA clearance for arrhythmia assessment in December 2025[1]. The technology is currently being studied for heart attack assessment and is considered investigational in that indication. The Company holds over 25 issued patents related to technology enablement. For additional information, visit HeartBeam.com.

[1]Cleared Indications for Use

The HeartBeam System with 12-Lead ECG synthesis software is FDA cleared for arrhythmia assessment only. The technology's use for heart attack assessment is investigational and not FDA cleared. For full details on the intended use of the HeartBeam technology, refer to the Company's Cleared Indications for Use and full instructions at https://www.heartbeam.com/indications.
