## Perma-Fix Awarded Approximately \$50 Million in New Contracts in Q3 2021

ATLANTA, Sept. 20, 2021 (GLOBE NEWSWIRE) -- **On September 20, 2021 Perma-Fix Environmental Services, Inc. (NASDAQ: PESI)** (the "Company") today announced that it has been awarded a total of approximately \$50 million in contract awards during the third quarter of 2021, to be recognized over the next 18 to 24 months.

Mark Duff, Chief Executive Officer, stated, "I am pleased to report we have been awarded 3 contracts totaling approximately \$50 million just since the end of the second quarter of 2021, including a single project valued at nearly \$40 million we received last week. These new contracts, supporting the U.S. government, significantly enhance our project backlog within the Services Segment, now estimated at \$74 million heading into the fourth quarter, and further validate our technical and service capabilities, as well as illustrate the success of our efforts to enhance our bidding organization. In addition to these latest awards, we are encouraged by our growing sales pipeline in both the nuclear services and waste treatment segments that will position Perma-Fix for solid growth in 2022."

### About Perma-Fix Environmental Services

Perma-Fix Environmental Services, Inc. is a nuclear services company and leading provider of nuclear and mixed waste management services. The Company's nuclear waste services include management and treatment of radioactive and mixed waste for hospitals, research labs and institutions, federal agencies, including the DOE, the U.S. Department of Defense (DOD), and the commercial nuclear industry. The Company's nuclear services group provides project management, waste management, environmental restoration, decontamination and decommissioning, new build construction, and radiological protection, safety and industrial hygiene capability to our clients. The Company operates four nuclear waste treatment facilities and provides nuclear services at DOE, DOD, and commercial facilities, nationwide.
